Henry Schein Medical to Showcase a Range of Solutions for First Responders at EMS & FIRE PRO EXPO

October 25, 2023

Company to Present A Selection of Resources to Help Meet the Needs of EMS Professionals in the Northeast and Throughout the U.S.

MELVILLE, N.Y., October 25, 2023 – Henry Schein Medical, the U.S. medical business of Henry Schein, Inc. (Nasdaq: HSIC), will be exhibiting at the EMS & FIRE PRO Expo, New England's largest EMS & FIRE conference. From October 25 through October 28 at Foxwoods Resort Casino in Connecticut, the Henry Schein Medical EMS booth (#718) will feature a comprehensive selection of products and technologies designed to help ambulance companies, EMS agencies, fire departments, and law enforcement, continue to serve the population at large. The team will be onsite to discuss how Henry Schein Medical supports the future of the industry by providing tools for community paramedicine, mobile integrated health programs, and other community-based models.

"Henry Schein Medical is excited to attend EMS & FIRE PRO Expo, together with our partners, to meet with first responders from the Northeast and beyond to engage in meaningful conversations about how we can support customers as the industry continues to change and technologies advance," Dan O'Connell, General Manager of Henry Schein Medical EMS. "Our team stands ready to help address the unique challenges of first responders by presenting new solutions, buying programs, and high-quality products that help to elevate the care they provide communities."

Exchange with Specialists

Visitors to the Henry Schein Medical booth can learn about the Company's lab capabilities, including point-of-care testing options, helping EMS professionals retrieve the timely results needed for effective decision-making while in the field. The Henry Schein Medical EMS team will also be available to discuss mobile-integrated health care and its Medpod telehealth solutions.

Representatives from Ambu, Ansell, Butterfly, ByoPlanet, First Res, GE HealthCare, Irrimax Corporation, MADA Medical Products, Inc., Masimo, Statpacks, VendNovation, Vomex, and 3M, will be onsite to answer questions and suggest personalized offerings.

Experience Product Demonstrations

Various product demonstrations will be available in the Henry Schein Medical EMS booth during the Meeting, including the Butterfly portable ultrasound, ByoPlanet Jet H2 Ultra™ portable disinfecting spraying device, GE HealthCare Vscan Air™ ultrasound, Masimo Rad-57® Pulse CO-Oximeter®, and VendNovation, an inventory control vending solution.

Explore Featured Supplies

The Henry Schein Medical EMS booth will also feature products such as Ansell's Microflex® exam gloves and Ringers® extrication gloves, Irrimax Corporation's Irrisept® Antimicrobial Wound Lavage, Lighthouse Worldwide Solutions' N95 respirators, MADA Medical Products, Inc.'s oxygen regulators, Statpacks' G3 and G4 trauma bag offerings, Vomex Emesis bags, and the 3M™ Littmann® CORE Digital Stethoscope.

For more than 35 years, Henry Schein Medical EMS has served first responders throughout the nation. To speak with a Henry Schein Medical EMS representative, please email EMS@henryschein.com or call 1-800-845-3550.

North American Rescue will also be at the EMS & FIRE PRO Expo (booth #631), where it will showcase its Enhanced ARS® (Air Release System) Decompression needle. The needle incorporates new features that are designed to help improve the safety, efficacy, and speed of needle chest decompression for the treatment of tension pneumothorax. Building on the success of the ARS® needles, the Enhanced ARS® boasts a sharpened needle tip for scalpel-like insertion, three fenestrations in the catheter for faster air pressure release, and, to help prevent the incident of occlusion, centimeter markings to help enable precise insertion depth control.

Acquired by Henry Schein in 2019, North American Rescue provides casualty care solutions to uniformed soldiers, first responders, health care professionals, and security forces both domestically and abroad in foreign combat zones.
