MPT REPORTS FOURTH QUARTER AND FULL-YEAR RESULTS

Birmingham, AL – February 19, 2026 – Medical Properties Trust, Inc. (the “Company” or “MPT”) (NYSE: MPT) today announced financial and operating results for the fourth quarter and full-year ended December 31, 2025, as well as certain events occurring subsequent to quarter end.

- Net income of \$0.03 and Normalized Funds from Operations (“NFFO”) of \$0.18 for the 2025 fourth quarter and net loss of (\$0.46) and NFFO of \$0.58 for the full-year 2025, all on a per share basis;
- Entered into a new lease in the fourth quarter for six California hospitals formerly operated by Prospect Medical Holdings (“Prospect”) that is scheduled to ramp up to \$45 million of annual rent in December 2026;
- Completed a restructuring transaction with Vibra Healthcare (“Vibra”), resulting in a new 20-year master lease and receipt of an \$18 million one-time rent payment;
- Acquired one post-acute facility in the U.S. during the fourth quarter for approximately \$32 million and one post-acute facility in Europe in February for approximately €23 million, each historically strong performers with attractive EBITDARM coverage;
- Repurchased approximately 4.5 million shares for \$23.4 million under the previously announced common stock repurchase program;
- Declared a regular quarterly dividend of \$0.09 per share in February 2026; and
- Celebrated 20 years trading on the New York Stock Exchange and commenced trading under the ticker symbol “MPT”.

Edward K. Aldag, Jr., Chairman, President and Chief Executive Officer, said, “With our recently transitioned portfolio continuing to ramp cash rents as expected and Prospect’s bankruptcy process largely behind us, we are squarely focused on continuing to strengthen our balance sheet and position our platform for future growth. Recently, we capitalized on two highly attractive acquisition opportunities, while continuing to selectively divest assets at prices above our initial investment. We remain focused on driving pro forma annualized cash rent from our current portfolio to at least \$1 billion by the end of 2026, and we are excited to demonstrate our progress throughout the year.”

Included in the financial tables accompanying this press release is information about the Company’s assets and liabilities, operating results, and reconciliations of net income (loss) to NFFO, including per share amounts, all on a basis comparable to 2024 results.

PORTFOLIO UPDATE

MPT has total assets of approximately \$15 billion, including \$8.9 billion of general acute facilities, \$2.4 billion of behavioral health facilities and \$1.7 billion of post-acute facilities. As of December 31, 2025, MPT’s portfolio included 384 properties and approximately 39,000 licensed beds leased to or mortgaged by 52 hospital operating

companies across the United States as well as in the United Kingdom, Switzerland, Germany, Spain, Finland, Colombia, Italy and Portugal.

Across our portfolio, general acute care providers continue to report increasing trailing twelve month (“TTM”) EBITDARM coverage year-over-year driven by sustained volume growth in the majority of our operators. In post-acute care settings, operators continue to optimize their operations resulting in a year-over-year increase in TTM EBITDARM coverage, while our behavioral health portfolios maintain healthy TTM EBITDARM coverage.

MPT has now almost entirely resolved its exposure to Prospect’s in-court restructuring process, which commenced in January 2025. In the fourth quarter, MPT entered into a 15-year lease for its California hospitals previously leased to Prospect, which is expected to result in stabilized annual cash rent of \$45 million in December 2026, in line with expected contractual rent from Prospect prior to its restructuring process. Two hospitals in Connecticut were sold in January 2026, leaving only one MPT-owned facility that is under binding agreement and is expected to sell in the first quarter of 2026.

The new tenants to which MPT transferred the operations of properties in Florida, Texas, Arizona, and Louisiana are fully current on cash rents. Excluding approximately \$4 million of September rent received on October 1, 2025 from a cash-basis tenant, cash collections from these new tenants increased as expected to \$22 million in the fourth quarter compared to \$16 million in the third quarter.

Further, MPT completed a restructuring transaction with Vibra which included entering into a new 20-year master lease agreement, MPT’s acquisition of one post-acute property for \$32 million, and receipt of an approximately \$18 million one-time rent payment for past obligations which we recognized as revenue in the fourth quarter. Additionally in the fourth quarter, Select Medical began leasing one of the former Vibra properties.

OPERATING RESULTS

Net income (loss) for the fourth quarter and year ended December 31, 2025 was \$17 million (\$0.03 per share) and (\$277 million) ((\$0.46) per share), respectively, compared to a net loss of (\$413 million) ((\$0.69) per share) and (\$2.4 billion) ((\$4.02) per share), respectively, in the year earlier periods.

NFFO for the fourth quarter and year ended December 31, 2025 was \$107 million (\$0.18 per share) and \$346 million (\$0.58 per share), respectively, compared to \$108 million (\$0.18 per share) and \$483 million (\$0.80 per share) in the year earlier periods. Fourth quarter 2025 results include approximately \$4 million of September rent received on October 1, 2025 and an approximately \$18 million one-time rent payment from Vibra, both recorded on cash-basis.

CONFERENCE CALL AND WEBCAST

The Company has scheduled a conference call and webcast for February 19, 2026 at 11:00 a.m. Eastern Time to present the Company’s financial and operating results for the quarter and year ended December 31, 2025. About Medical Properties Trust, Inc.

Medical Properties Trust, Inc. is a self-advised real estate investment trust formed in 2003 to acquire and develop net-leased hospital facilities. From its inception in Birmingham, Alabama, the Company has grown to become one of the world's largest owners of hospital real estate with 384 facilities and approximately 39,000 licensed beds in nine countries and across three continents as of December 31, 2025. MPT's financing model facilitates acquisitions and recapitalizations, and allows operators of hospitals to unlock the value of their real estate assets to fund facility improvements, technology upgrades and other investments in operations. For more information, please visit the Company's website at www.mpt.com.

Forward-Looking Statements

This press release includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements can generally be identified by the use of forward-looking words such as "may", "will", "would", "could", "expect", "intend", "plan", "estimate", "target", "anticipate", "believe", "objectives", "outlook", "guidance" or other similar words, and include statements regarding our strategies, objectives, prospects, industry, asset sales, tenant conditions and anticipated rent. Forward-looking statements involve known and unknown risks and uncertainties that may cause our actual results or future events to differ materially from those expressed in or underlying such forward-looking statements, including, but not limited to: (i) the risk that projected rents may be lower than anticipated or realized later than expected; (ii) the risk that the timing, outcome and terms of the bankruptcy restructuring of Prospect will not be consistent with those anticipated by the Company; (iii) our success in implementing our business strategy and our ability to identify, underwrite, finance, consummate and integrate acquisitions and investments; (iv) the risk that previously announced or contemplated property sales, loan repayments, and other capital recycling transactions do not occur as anticipated or at all; (v) the risk that MPT is not able to attain its leverage, liquidity and cost of capital objectives within a reasonable time period or at all; (vi) MPT's ability to obtain or modify the terms of debt financing on attractive terms or at all, as a result of changes in interest rates and other factors, which may adversely impact our ability to pay down, refinance, restructure or extend our indebtedness, including extending our 2026 credit facility, as it becomes due, or pursue acquisition and development opportunities; (vii) the ability of our tenants, operators and borrowers to satisfy their obligations under their respective contractual arrangements with us; (viii) the ability of our tenants and operators to operate profitably and generate positive cash flow, remain solvent, comply with applicable laws, rules and regulations in the operation of our properties, to deliver high-quality services, to attract and retain qualified personnel and to attract patients; (ix) the risk that we are unable to monetize our investments in certain tenants at full value within a reasonable time period or at all; (x) the risk that the operations of our tenants will be negatively impacted by changes to Medicaid funding introduced by the OBBBA; and (xi) the risks and uncertainties of litigation or other regulatory proceedings.

The risks described above are not exhaustive and additional factors could adversely affect our business and financial performance, including the risk factors discussed under the section captioned “Risk Factors” in our most recent Annual Report on Form 10-K and our Quarterly Reports on Form 10-Q, and as may be updated in our other filings with the SEC. Forward-looking statements are inherently uncertain and actual performance or outcomes may vary materially from any forward-looking statements and the assumptions on which those statements are based. Readers are cautioned not to place undue reliance on forward-looking statements as predictions of future events. We disclaim any responsibility to update such forward-looking statements, which speak only as of the date on which they were made.

Notes:

Investors and analysts following the real estate industry utilize funds from operations ("FFO") as a supplemental performance measure. FFO, reflecting the assumption that real estate asset values rise or fall with market conditions, principally adjusts for the effects of GAAP depreciation and amortization of real estate assets, which assumes that the value of real estate diminishes predictably over time. We compute FFO in accordance with the definition provided by the National Association of Real Estate Investment Trusts, or Nareit, which represents net income (loss) (computed in accordance with GAAP), excluding gains (losses) on sales of real estate and impairment charges on real estate assets, plus real estate depreciation and amortization, including amortization related to in-place lease intangibles, and after adjustments for unconsolidated partnerships and joint ventures.

In addition to presenting FFO in accordance with the Nareit definition, we disclose normalized FFO, which adjusts FFO for items that relate to unanticipated or non-core events or activities or accounting changes that, if not noted, would make comparison to prior period results and market expectations less meaningful to investors and analysts. We believe that the use of FFO, combined with the required GAAP presentations, improves the understanding of our operating results among investors and the use of normalized FFO makes comparisons of our operating results with prior periods and other companies more meaningful. While FFO and normalized FFO are relevant and widely used supplemental measures of operating and financial performance of REITs, they should not be viewed as a substitute measure of our operating performance since the measures do not reflect either depreciation and amortization costs or the level of capital expenditures and leasing costs (if any not paid by our tenants) to maintain the operating performance of our properties, which can be significant economic costs that could materially impact our results of operations. FFO and normalized FFO should not be considered an alternative to net income (loss) (computed in accordance with GAAP) as indicators of our results of operations or to cash flow from operating activities (computed in accordance with GAAP) as an indicator of our liquidity.

Certain line items above (such as depreciation and amortization) include our share of such income/expense from unconsolidated joint ventures. These amounts are included with all activity of our equity interests in the "Earnings (loss) from equity interests" line on the consolidated statements of income.

(A) Total share-based compensation expense for GAAP purposes is \$(5.1) million and \$25.7 million for the three and twelve months ended December 31, 2025, respectively, (including the impact from changes in estimated payouts of certain performance awards and fair value adjustments on certain awards that are to be settled in cash). Cash-settled awards are typically recorded in accordance with GAAP at fair value and measured at each balance sheet date until settlement. The resulting fluctuations, which are primarily driven by changes in our stock price rather than operational performance, can introduce significant volatility in our earnings. To enhance comparability and provide a more stable view of performance over time, NFFO reflects \$13.7 million and \$10.3 million of additional expense in the three and twelve months ended December 31, 2025, respectively, to arrive at total share-based compensation expense using grant date fair value for all awards (including cash-settled awards) and removing the positive impact in the period from the change in estimate of the payout of our 2023 performance awards of \$8.6 million and \$36.0 million for the three and twelve months ended December 31, 2025.

(B) Includes revenue accrued during the period but not received in cash, such as deferred rent, payment-in-kind ("PIK") interest or other accruals.

(C) Includes cash received to satisfy previously accrued non-cash revenue, such as the cash receipt of previously deferred rent or PIK interest.
