INCOG BioPharma Advances Digital Excellence in Manufacturing with Veeva Vault Quality Suite

9/7/2022

Fast-growing CDMO unifies quality content, processes, and training for seamless collaboration with clients and partners

PLEASANTON, Calif., Sept. 7, 2022 /PRNewswire/ -- **Veeva Systems** (NYSE: VEEV) today announced that INCOG BioPharma Services implemented **Veeva Vault Quality Suite** as a foundation for digital excellence across its new 90,000-square-foot manufacturing facility. Vault Quality empowers INCOG BioPharma's teams with a connected digital system that simplifies working with partners and provides transparency to customers.

"Launching our facility with modern quality solutions that can keep up with strict project requirements while streamlining collaboration was a top priority," said JR Humbert, vice president of quality, INCOG BioPharma. "Veeva Vault Quality Suite helps us deliver real-time visibility to clients, increasing operational efficiency, GxP compliance, and trust."

A contract development and manufacturing organization (CDMO) specializing in sterile injectable fill-finish, INCOG BioPharma is unifying quality functions on a single platform to speed manufacturing and delivery and maintain high levels of quality and compliance. The company uses **Veeva Vault QMS** to accelerate quality processes using built-in best practices, **Veeva Vault QualityDocs** to streamline document management and automate workflows, and **Veeva Vault Training** to develop curricula that ensure job qualifications. Together, these applications provide INCOG with a single source of content, quality events, and training for greater insights and efficiency while delivering documentation transparency to customers.

"Using Veeva Vault Quality, INCOG can increase efficiency and intelligence for proactive quality management," said Ashley Wentworth, senior director, Veeva Vault Quality. "We're thrilled to partner with INCOG BioPharma to

advance their mission of creating better and faster paths to market for life-saving drugs."

The Vault Quality Suite includes Vault QMS, Vault QualityDocs, **Veeva Vault Validation Management**, **Veeva Vault Station Manager**, Vault Training, **Veeva LearnGxP**, and **Veeva Vault LIMS** to automate and harmonize quality processes globally.

Learn how companies are transforming quality management across the value chain at **Veeva R&D and Quality Summit**. Life sciences industry professionals can **register** for the Oct. 19-20 in-person event in Boston.
