

## Intapp DealCloud named Deal Origination Solution of the Year: Credit at the Private Equity Wire European Awards 2025

February 20, 2025

### Data and AI-powered solutions recognized for excellence among service providers in the European private equity market

PALO ALTO, Calif., Feb. 20, 2025 (GLOBE NEWSWIRE) -- [Intapp](#) (NASDAQ: INTA), a leading global provider of AI-powered solutions for professionals at advisory, capital markets, and legal firms, today announced that Intapp DealCloud was named Deal Origination Solution of the Year: Credit at the [Private Equity Wire European Awards 2025](#). Chosen by industry voters, these awards recognize fund managers and service providers driving innovation, transformation, and growth across the European private markets landscape.

Shortlisted nominees were selected by a judging panel of European-based general partners and other key industry participants. This year, more than 7,000 votes were submitted by readers of Private Equity Wire across the service provider categories. Winners were announced and celebrated at a gala on February 13 in London.

"We're honored to [once again](#) be recognized as a winner at the Private Equity Wire European Awards — this time for our excellence in deal origination," said Rudy Saad, Global Head of Private Equity and Private Capital Markets at Intapp. "This award serves as a testament to our continued ability to develop leading, industry-specific AI-powered solutions that empower dealmakers to originate both investments and investors — ultimately strengthening their competitive market positioning and driving their commercial growth."

DealCloud is a data-powered platform designed to help enterprise private credit firms accelerate deals, optimize portfolio performance, improve collaboration, and make better-informed decisions — all from a centralized hub. With AI capabilities, automated data capture, and integrated market intelligence, DealCloud helps teams work more efficiently by consolidating data, automating processes, and generating actionable intelligence.
