

Evaluating Risks & Opportunities With Yield Products

2022-11-09

Bullish's Grant Leslie, Manager, Treasury Research, joined Simon Johansen, COO of Jump Crypto, and Simran Singh, Product at GSR, in webinar discussion moderated by George Calle, Research Analyst, The Block. The session titled, "Evaluating Risks & Opportunities With Yield Products: Understanding the Relationship Between DeFi and Cefi" explored topics including areas of risk when evaluating CeFi and DeFi, capital efficiency tradeoffs, and more. To learn more about the discussion, watch the full recording below.

About Bullish

Bullish is focused on developing products and services for the digital assets sector, and its flagship product, Bullish exchange, has rewired the traditional exchange to benefit asset holders, enable traders and increase market integrity. Supported by the group's treasury, Bullish's new breed of exchange combines deep liquidity, automated market making and industry-leading security to increase the accessibility of digital assets for traders. Bullish exchange is operated by Bullish (GI) Limited and is regulated by the Gibraltar Financial Services Commission (GFSC) (DLT license: FSC1038FSA). For more information, please visit investor.bullish.com or bullish.com and follow [Twitter](#) and [LinkedIn](#).
