

NEWS RELEASE

The coming Ethereum Merge

2022-09-01

On or around September 14, 15, or 16, Ethereum is expected to transition from Proof-of-Work (PoW) to Proof-of-Stake (PoS) in what is called the Ethereum Merge. This is a long-anticipated step with the goal of making the protocol more scalable and energy efficient.

To learn more about the specifics of the Merge, please read our [**Bullish Insights Ethereum Update**](#).
