All members must be able to read and understand fundamental financial statements. At least one member of the Audit Committee shall be an “audit committee financial expert” as defined by the SEC. Audit Committee members shall not simultaneously serve on the audit committees of more than two other public companies.

The members of the Audit Committee shall be appointed by the Board and shall serve for such term or terms as the Board may determine and until their successors shall be duly qualified and appointed. The Board shall designate a chairperson for the Audit Committee.

### **Meetings**

The Audit Committee shall meet as often as it determines, but not less than quarterly. The operation of the Audit Committee, including with respect to actions without meetings, notice of meetings and waiver of notice, quorums and voting requirements, shall be set forth in the Company’s Bylaws.

The Audit Committee shall meet periodically with management, the internal auditors and the independent auditor in separate sessions. The Audit Committee may request any director, officer or employee of the Company, the Company’s outside counsel or independent auditor or such other persons as it deems appropriate to attend a meeting of the Audit Committee or to meet with any members of, or consultants to, the Audit Committee. All directors who are not members of the Audit Committee may generally attend meetings of the Audit Committee but may not vote on any matter coming before the Audit Committee for a vote.

## **Audit Committee Duties, Responsibilities and Authority**

The Audit Committee shall have the sole authority to appoint or replace the independent auditor (subject, if applicable, to shareholder ratification). The Audit Committee shall be directly responsible for the compensation and oversight of the work of the independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. The independent auditor shall report directly to the Audit Committee.

The Audit Committee shall preapprove all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by its independent auditor, subject to the de minimis exception for permitted non-audit services described in Section 10A(i)(1)(B) of the Exchange Act which are approved by the Audit Committee prior to the completion of the audit.

The Audit Committee may form and delegate authority to subcommittees consisting of one or more members when appropriate, including the authority to grant pre-approvals of audit and permitted non-audit services, provided that decisions of such subcommittee to grant pre-approvals shall be presented to the full Audit Committee at its next scheduled meeting.

The Audit Committee shall have the authority, to the extent it deems necessary or appropriate, to retain independent legal, accounting or other advisors. The Company shall provide for appropriate funding, as determined by the Audit Committee, for payment of: (i) compensation to the independent auditor for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company, (ii) compensation to any advisors employed by the Audit Committee, and (iii) ordinary administrative expenses of the Audit Committee for carrying out its duties.

The Audit Committee shall discuss the Company's major financial and other risk exposures and the steps that management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies. In fulfilling this responsibility, the Audit Committee shall, no less than annually, receive a report from management regarding the manner in which the Company is assessing and managing the Company's exposure to financial and other risks.

The Audit Committee shall also have the authority, to the extent it deems necessary or appropriate, to provide for continuing education and training opportunities for Audit Committee members regarding financial reporting and accounting and regulatory developments.

The Audit Committee shall make regular reports to the Board. The Audit Committee shall review and reassess the adequacy of this Charter annually and recommend any proposed changes or improvements to the Board for approval that the Committee considers necessary or valuable.

The Audit Committee, to the extent it deems necessary or appropriate, shall:

2. Review and discuss with the independent auditor the Company's system of internal controls, including any major issues as to the adequacy of the Company's internal controls and any special

steps adopted in light of material control deficiencies, and the adequacy of the Company's financial reporting process, and receive from the independent auditors the reports required by the SEC.

3. Review and discuss with management and the independent auditor the annual audited financial statements, including disclosures made in management's discussion and analysis of financial condition and results of operations, and recommend to the Board whether the audited financial statements should be included in the Company's Form 10-K.

6. Review and discuss quarterly reports from the independent auditor on:
  - (a) All critical accounting policies and practices to be used;
  - (b) All alternative treatments of financial information within accounting principles generally accepted in the United States of America ("U.S. GAAP") that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditor; and
  - (c) Other material written communications between the independent auditor and management, such as any management letter or schedule of unadjusted differences.
7. Periodically discuss with management and the independent auditor the Company's general approach to earnings press releases, including the use of "pro forma" or "adjusted" non-U.S. GAAP information and other key operational measures, as well as financial information and earnings guidance provided to analysts and rating agencies. Such discussion may be done generally (consisting of discussing the types of information to be disclosed and the types of presentations to be made). For the avoidance of doubt, this does not require the Audit Committee to pre-approve specific earnings press releases, financial information or earnings guidance on a quarterly basis.

12. Review disclosures made to the Audit Committee by the Company’s Chief Executive Officer and Chief Financial Officer during their certification process for the Form 10-K and Form 10-Q about any significant deficiencies or material weaknesses in the design or operation of internal controls over financial reporting and any fraud involving management or other employees who have a significant role in the Company’s internal control over financial reporting.
13. Ensure that a public announcement of the Company’s receipt of an audit opinion that contains a going concern qualification is made promptly.

19. Ensure the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law. Consider whether, in order to assure continuing auditor independence, it is appropriate to adopt a policy of rotating the independent auditing firm on a regular basis.

20. Recommend to the Board policies for the Company's hiring of employees or former employees of the independent auditor who participated in any capacity in the audit of the Company.
21. Discuss with the national office of the independent auditor (if applicable) issues on which the Company's external audit team consulted them and matters of audit quality and consistency.
