Custom Truck One Source Announces New Location in Canada

4/11/2023

KANSAS CITY, Mo.--(BUSINESS WIRE)-- Custom Truck One Source, Inc. ("Custom Truck One Source," "Custom Truck" or the "Company") is excited to announce the opening of its newest location in Ayr, Ontario, expanding the company's geographic footprint to 36 total locations and further solidifying its position as a leader in the North American equipment markets.

Custom Truck's new Ayr location boasts 9,500 square feet of state-of-the-art production and service facilities, designed to support the needs of Custom Truck's equipment clientele across Canada. Additionally, the new facility will offer Custom Truck's full range of equipment services, including new and used truck and equipment sales, aftermarket parts and service, financing and asset disposal solutions, and more.

"We are thrilled to expand our presence in North America and bring Custom Truck's single-source equipment offerings to even more clientele in Canada," said Ryan McMonagle, CEO of Custom Truck. "This location will enable us to better serve and empower our customers in achieving their own business goals, while also allowing us to grow our team and production output."

ABOUT CUSTOM TRUCK ONE SOURCE
