

NEWS RELEASE

# Custom Truck One Source Showcases Load King Turbo Loader at WWETT 2025

2025-03-07

KANSAS CITY, Mo.--(BUSINESS WIRE)-- Custom Truck One Source, Inc. (NYSE: CTOS), a leading provider of specialty equipment to the electric utility, telecom, rail, and other infrastructure-related end markets, delivered a standout presence at the WWETT Show 2025, the world's premier event for wastewater and environmental service professionals. Attendees at **Booth #4843** had the opportunity to discover the cutting-edge advancements in vacuum trucks, highlighted by the debut of the **Load King Turbo Loader**.

## The Load King Turbo Loader

The **Load King Turbo Loader**, built on the robust **Peterbilt 567 8x4 chassis**, is designed for maximum performance in the toughest vacuum and environmental applications. Featuring a **3,500-gallon carbon steel tank**, **Jurop Helix 1500 Blower with 4,000 CFM free air rating**, and **high-powered Cummins X15 525HP engine**, this powerhouse vacuum truck delivers efficiency, durability, and ease of operation. Additional features included:

- D.O.T. 412 Certified Tank- Constructed to the highest ASME standards for safety and reliability.
- Hydraulic Rear Door & Hoist System- Enabling quick and efficient offloading of materials.
- Advanced Filtration & Vacuum System- Equipped with dual cyclones, stainless steel cartridge filter, and high-capacity discharge silencer.
- Allison 4500 RDS Automatic Transmission- Ensuring smooth and powerful performance in demanding conditions.

"We were excited to present the Load King Turbo Loader at this year's WWETT Show, demonstrating its industry-leading capabilities to Environmental professionals," said Paul Brouwers, Vacuum Product Manager at Custom

Truck One Source. "This unit fills a void that was left in the environmental market for years. Now service providers have the vacuum horsepower for those difficult jobs."

## Innovations Displayed at Booth #4843

Custom Truck One Source showcased an outstanding array of state-of-the-art equipment at the show, featuring several Tornado Hydrovac products. Most notably, the introduction of the Tornado EF4 into the already impressive lineup of hydrovac models, taking center stage, boasting an array of new and enhanced features, offering superior performance and efficiency in the industry.

Attendees engaged with Custom Truck's experts to learn more about these industry-leading solutions, participated in live product demonstrations, and experienced hands-on interactions with the equipment.

## Exclusive Events Hosted by CTOS

Custom Truck enhanced the WWETT Show experience by sponsoring the **VIP Welcome Party on Tuesday, February 18, from 5:00 PM to 8:00 PM at Lucas Oil Stadium**, alongside Tornado Hydrovac. This exclusive event provided an excellent networking opportunity for industry professionals to connect and discuss the latest advancements in the wastewater and environmental services sector.

## ABOUT CUSTOM TRUCK ONE SOURCE
