RELATIONSHIP CONCENTRATION

PROPERTY TYPE CONCENTRATION

PAYOR SOURCE CONCENTRATION ⁽²⁾

⁽¹⁾ Relationship and asset class concentrations include real estate investments and investments in loans receivable and other investments. Relationship concentrations use Annualized Cash NOI, and asset class concentrations use Annualized Cash NOI, as adjusted to reflect Annualized Cash NOI from our mortgage and construction loans receivable and preferred equity investments in the related asset class of the underlying real estate. Payor source concentration excludes Annualized Cash NOI from investments in loans receivable and other investments.

⁽²⁾ Tenant payor source allocation presented one quarter in arrears.

All Investments through June 30, 2026			<u>\$ 297,453</u>	<u>7.91 %</u>

⁽¹⁾ Excludes capitalized acquisition costs and origination fees.

⁽²⁾ Excludes Sabra's purchase of the operations of one Senior Housing - Managed community previously leased under a triple-net operating lease for \$16.3 million. Concurrent with the purchase, the triple-net operating lease was terminated and Sabra entered into a property management agreement with the former tenant.

⁽³⁾ Yield increases to 9.0% in year two and 9.6% in year three.

⁽⁴⁾ Includes (i) the exercise of Sabra's option to purchase one facility, of which \$16.6 million was used to repay our loan investment and (ii) the purchase of bed rights and land related to the development of one facility with a total project budget of \$40.3 million and an expected capacity of 124 beds upon completion.

⁽⁵⁾ Excludes capital expenditures for the Senior Housing - Managed portfolio and recurring capital expenditures for the Triple-Net portfolio.

⁽⁶⁾ Sabra has committed to fund a \$6.5 million investment in the development of a Senior Housing community. Unit count reflects expected capacity at the completion of development. Sabra has the option to purchase the development at fair market value upon achievement of specified milestones.

⁽¹⁾ Revolving Credit Facility is subject to two six-month extension options.

⁽²⁾ Includes private mortgage insurance and impact of interest rate hedges.

Key Credit Metrics ⁽¹⁾

	June 30, 2026
Net Debt to Adjusted EBITDA ⁽²⁾	4.61x
Interest Coverage	4.63x
Fixed Charge Coverage Ratio	4.54x
Total Debt/Asset Value	37 %
Secured Debt/Asset Value	1 %
Unencumbered Assets/Unsecured Debt	265 %
Cost of Permanent Consolidated Debt ⁽³⁾	3.92 %

Unsecured Notes Ratings

S&P (Positive outlook)	BBB-
Fitch (Stable outlook)	BBB-
Moody's (Stable outlook)	Baa3

⁽¹⁾ Key credit metrics (except Net Debt to Adjusted EBITDA) are calculated in accordance with the credit agreement relating to the revolving credit facility and the indentures relating to our senior unsecured notes. In addition, key credit metrics give effect to dispositions and acquisitions completed after the period presented as though such dispositions and acquisitions occurred at the beginning of the period.

⁽²⁾ Based on the annualized trailing three-month period ended as of the date indicated.

⁽³⁾ Excludes revolving credit facility balance that had an interest rate of 4.68% as of June 30, 2026.

⁽¹⁾ Other normalizing items for FFO and AFFO for the three months ended June 30, 2026 include a catch-up adjustment of \$1.9 million and \$1.8 million, respectively, related to a rent reset under a triple-net lease, each partially offset by a \$1.2 million catch-up adjustment related to changes in performance-based assumptions on management's compensation. Other normalizing items for FFO for the three and six months ended June 30, 2025 include a \$17.2 million gain reclassified from other comprehensive loss related to six previously terminated interest rate swaps as the related forecasted transactions were determined to be probable not to occur and \$3.2 million of transition expenses related to the transition of Senior Housing - Managed communities to new operators. Other normalizing items for AFFO for the three and six months ended June 30, 2025 include \$3.2 million of transition expenses related to the transition of Senior Housing - Managed communities to new operators. In addition, other normalizing items for FFO and AFFO include triple-net operating expenses, net of recoveries.

⁽²⁾ Other adjustments for the three and six months ended June 30, 2025 include a \$17.2 million gain reclassified from other comprehensive loss related to six previously terminated interest rate swaps as the related forecasted transactions were determined to be probable not to occur.

We disclose components of our business relevant to calculate NAV. We consider NAV to be a useful supplemental measure that assists both management and investors to estimate the fair value of our Company. The calculation of NAV involves significant estimates and can be calculated using various methods. Each individual investor must determine the specific methodology, assumptions and estimates to use to arrive at an estimated NAV of the Company.

The components of NAV do not consider potential changes in our investment portfolio. The components include non-GAAP financial measures, such as Cash NOI. Although these measures are not presented in accordance with GAAP, investors can use these non-GAAP financial measures as supplemental information to evaluate our business.

Disclaimer

This supplement contains “forward-looking” information as that term is defined in the Private Securities Litigation Reform Act of 1995. Any statements that do not relate to historical or current facts or matters are forward-looking statements. Examples of forward-looking statements include all statements regarding our expected future financial position (including our earnings guidance for 2026, as well as the assumptions set forth therein), results of operations, cash flows, liquidity, business strategy, growth opportunities, potential investments, and plans and objectives for future operations. You can identify some of the forward-looking statements by the use of forward-looking words such as “anticipate,” “believe,” “plan,” “estimate,” “expect,” “intend,” “should,” “may” and other similar expressions, although not all forward-looking statements contain these identifying words.

Our actual results may differ materially from those projected or contemplated by our forward-looking statements as a result of various factors, including, among others, the following: increases in market interest rates and inflation; pandemics or epidemics, and the related impact on our tenants, borrowers and Senior Housing – Managed communities; operational risks with respect to our Senior Housing – Managed communities; increased labor costs and labor shortages; competitive conditions in our industry; the loss of key management personnel; uninsured or underinsured losses affecting our properties; potential impairment charges and adjustments related to the accounting of our assets; risks associated with our investment in our unconsolidated joint ventures; catastrophic weather and other natural or man-made disasters, the effects of climate change on our properties and a failure to implement sustainable and energy-efficient measures; increased operating costs and competition for our tenants, borrowers and Senior Housing – Managed communities; increased healthcare regulation and enforcement; our tenants’ dependency on reimbursement from governmental and other third-party payor programs; the effect of our tenants, operators or borrowers declaring bankruptcy or becoming insolvent; our ability to find replacement tenants and the impact of unforeseen costs in acquiring new properties; the impact of litigation and rising insurance costs on the business of our tenants; the impact of required regulatory approvals of transfers of healthcare properties; environmental compliance costs and liabilities associated with real estate properties we own; our tenants’, borrowers’ or operators’ failure to adhere to applicable privacy and data security laws; a material breach of our or our tenants’, borrowers’ or operators’ information technology; our concentration in the healthcare property sector, particularly in skilled nursing/transitional care facilities and senior housing communities, which makes our profitability more vulnerable to a downturn in a specific sector than if we were investing in multiple industries; the significant amount of and our ability to service our indebtedness; covenants in our debt agreements that may restrict our ability to pay dividends, make investments, incur additional indebtedness and refinance indebtedness on favorable terms; adverse changes in our credit ratings; our ability to make dividend distributions at expected levels; our ability to raise capital through equity and debt financings; changes and uncertainty in macroeconomic conditions and disruptions in the financial markets; risks associated with our ownership of property outside the U.S., including currency fluctuations; the relatively illiquid nature of real estate investments; our ability to maintain our status as a real estate investment trust (“REIT”) under the federal tax laws; compliance with REIT requirements and certain tax and tax regulatory matters related to our status as a REIT; changes in tax laws and regulations affecting REITs; the ownership limits and takeover defenses in our governing documents and under Maryland law, which may restrict change of control or business combination opportunities; and the exclusive forum provisions in our bylaws.

Additional information concerning risks and uncertainties that could affect our business can be found in our filings with the Securities and Exchange Commission (the “SEC”), including in Part I, Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2025. We do not intend, and we undertake no obligation, to update any forward-looking information to reflect events or circumstances after the date of this supplement or to reflect the occurrence of unanticipated events, unless required by law to do so.

Note Regarding Non-GAAP Financial Measures

This supplement includes the following financial measures defined as non-GAAP financial measures by the SEC: net operating income (“NOI”), Cash NOI, funds from operations (“FFO”), Normalized FFO, Adjusted FFO (“AFFO”), Normalized AFFO, FFO per diluted common share, Normalized FFO per diluted common share, AFFO per diluted common share, Normalized AFFO per diluted common share and Adjusted EBITDA (defined below). These measures may be different than non-GAAP financial measures used by other companies, and the presentation of these measures is not intended to be considered in isolation or as a substitute for financial information prepared and presented in accordance with U.S. generally accepted accounting principles. An explanation of these non-GAAP financial measures is included under “Reporting Definitions” in this supplement and reconciliations of these non-GAAP financial measures to the GAAP financial measures we consider most comparable are included on the Investors section of our website at <https://ir.sabrahealth.com/investors/financials/quarterly-results>.

Tenant and Borrower Information

This supplement includes information regarding our tenants that lease properties from us and our borrowers, most of which are not subject to SEC reporting requirements. The information related to our tenants and borrowers that is provided in this supplement has been provided by, or derived from information provided by, such tenants and borrowers. We have not independently verified this information. We have no reason to believe that such information is inaccurate in any material respect. We are providing this data for informational purposes only.

Sabra Information

The information in this supplemental information package should be read in conjunction with the Company’s Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and other information filed with the SEC. The Reporting Definitions and Reconciliations of Non-GAAP Measures are an integral part of the information presented herein.

On Sabra’s website, www.sabrahealth.com, you can access, free of charge, Sabra’s Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, and amendments to those reports filed or furnished pursuant to Sections 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended, as soon as reasonably practicable after such material is filed with, or furnished to, the SEC. The information contained on Sabra’s website is not incorporated by reference into, and should not be considered a part of, this supplemental information package. All material filed with the SEC can also be accessed through its website, www.sec.gov.

Adjusted EBITDA*

Adjusted EBITDA is calculated as earnings before interest, taxes, depreciation and amortization ("EBITDA") excluding the impact of merger-related costs, stock-based compensation expense under the Company's long-term equity award program, and loan loss reserves. Adjusted EBITDA is an important non-GAAP supplemental measure of operating performance.

Annualized Cash Net Operating Income ("Annualized Cash NOI")*

The Company believes that net income as defined by GAAP is the most appropriate earnings measure. The Company considers Annualized Cash NOI an important supplemental measure because it allows investors, analysts and its management to evaluate the operating performance of its investments. The Company defines Annualized Cash NOI as Annualized Revenues less operating expenses and non-cash revenues and expenses. Annualized Cash NOI excludes all other financial statement amounts included in net income and is presented at Sabra's pro rata share.

Annualized Revenues

The annual contractual rental revenues under leases and interest and other income generated by the Company's loans receivable and other investments based on amounts invested and applicable terms as of the end of the period presented. Annualized Revenues do not include tenant recoveries and are adjusted to reflect actual payments received related to the twelve months ended at the end of the respective period for leases no longer accounted for on an accrual basis.

Behavioral Health

Includes behavioral health hospitals that provide inpatient and outpatient care for patients with mental health conditions, chemical dependence or substance addictions and addiction treatment centers that provide treatment services for chemical dependence and substance addictions, which may include inpatient care, outpatient care, medical detoxification, therapy and counseling.

Cash Net Operating Income ("Cash NOI")*

The Company believes that net income as defined by GAAP is the most appropriate earnings measure. The Company considers Cash NOI an important supplemental measure because it allows investors, analysts and its management to evaluate the operating performance of its investments. The Company defines Cash NOI as total revenues less operating expenses and non-cash revenues and expenses. Cash NOI excludes all other financial statement amounts included in net income and is presented at Sabra's pro rata share.

Cash NOI Margin

Cash NOI Margin is calculated as Cash NOI divided by resident fees and services.

Consolidated Debt

The principal balances of the Company's revolving credit facility, term loans, senior unsecured notes, and secured indebtedness as reported in the Company's consolidated financial statements.

Consolidated Debt, Net

The carrying amount of the Company's revolving credit facility, term loans, senior unsecured notes, and secured indebtedness, as reported in the Company's consolidated financial statements.

Consolidated Enterprise Value

The Company believes Consolidated Enterprise Value is an important measurement as it is a measure of a company's value. The Company calculates Consolidated Enterprise Value as market equity capitalization plus Consolidated Debt. Market equity capitalization is calculated as (i) the number of shares of common stock multiplied by the closing price of the Company's common stock on the last day of the period presented plus (ii) the number of shares of preferred stock multiplied by the closing price of the Company's preferred stock on the last day of the period presented. Consolidated Enterprise Value includes the Company's market equity capitalization and Consolidated Debt, less cash and cash equivalents.

EBITDARM

Earnings before interest, taxes, depreciation, amortization, rent and management fees ("EBITDARM") for a particular facility accruing to the operator/tenant of the property (not the Company), for the period presented. The Company uses EBITDARM in determining EBITDARM Coverage. EBITDARM has limitations as an analytical tool. EBITDARM does not reflect historical cash expenditures or future cash requirements for facility capital expenditures or contractual commitments. In addition, EBITDARM does not represent a property's net income or cash flows from operations and should not be considered an alternative to those indicators. The Company utilizes EBITDARM to evaluate the core operations of the properties by eliminating management fees, which may vary by operator/tenant and operating structure, and as a supplemental measure of the ability of the Company's operators/tenants and relevant guarantors to generate sufficient liquidity to meet related obligations to the Company.

EBITDARM Coverage

Represents the ratio of EBITDARM to cash rent for owned facilities (excluding Senior Housing - Managed communities) for the period presented. EBITDARM Coverage is a supplemental measure of a property's ability to generate cash flows for the operator/tenant (not the Company) to meet the operator's/tenant's related cash rent and other obligations to the Company. However, its usefulness is limited by, among other things, the same factors that limit the usefulness of EBITDARM. EBITDARM Coverage includes only Stabilized Facilities and excludes facilities for which data is not available or meaningful.

Funds From Operations (“FFO”) and Adjusted Funds from Operations (“AFFO”)*

The Company believes that net income as defined by GAAP is the most appropriate earnings measure. The Company also believes that funds from operations, or FFO, as defined in accordance with the definition used by the National Association of Real Estate Investment Trusts (“Nareit”), and adjusted funds from operations, or AFFO (and related per share amounts) are important non-GAAP supplemental measures of the Company’s operating performance. Because the historical cost accounting convention used for real estate assets requires straight-line depreciation (except on land), such accounting presentation implies that the value of real estate assets diminishes predictably over time. However, since real estate values have historically risen or fallen with market and other conditions, presentations of operating results for a real estate investment trust that uses historical cost accounting for depreciation could be less informative. Thus, Nareit created FFO as a supplemental measure of operating performance for real estate investment trusts that excludes historical cost depreciation and amortization, among other items, from net income, as defined by GAAP. FFO is defined as net income, computed in accordance with GAAP, excluding gains or losses from real estate dispositions and the Company’s share of gains or losses from real estate dispositions related to its unconsolidated joint ventures, plus real estate depreciation and amortization, net of amounts related to noncontrolling interests, plus the Company’s share of depreciation and amortization related to its unconsolidated joint ventures, and real estate impairment charges of both consolidated and unconsolidated entities when the impairment is directly attributable to decreases in the value of depreciable real estate held by the entity. AFFO is defined as FFO excluding stock-based compensation expense, non-cash rental and related revenues, non-cash interest income, non-cash interest expense, non-cash portion of loss on extinguishment of debt, provision for (recovery of) loan losses and other reserves, non-cash lease termination income and deferred income taxes, as well as other non-cash revenue and expense items (including noncapitalizable acquisition costs, transaction costs related to operator transitions and organizational or other restructuring activities, gain/loss on derivative instruments, and non-cash revenue and expense amounts related to noncontrolling interests) and the Company’s share of non-cash adjustments related to its unconsolidated joint ventures. The Company believes that the use of FFO and AFFO (and the related per share amounts), combined with the required GAAP presentations, improves the understanding of the Company’s operating results among investors and makes comparisons of operating results among real estate investment trusts more meaningful. The Company considers FFO and AFFO to be useful measures for reviewing comparative operating and financial performance because, by excluding the applicable items listed above, FFO and AFFO can help investors compare the operating performance of the Company between periods or as compared to other companies. While FFO and AFFO are relevant and widely used measures of operating performance of real estate investment trusts, they do not represent cash flows from operations or net income as defined by GAAP and should not be considered an alternative to those measures in evaluating the Company’s liquidity or operating performance. FFO and AFFO also do not consider the costs associated with capital expenditures related to the Company’s real estate assets nor do they purport to be indicative of cash available to fund the Company’s future cash requirements. Further, the Company’s computation of FFO and AFFO may not be comparable to FFO and AFFO reported by other real estate investment trusts that do not define FFO in accordance with the current Nareit definition or that interpret the current Nareit definition or define AFFO differently than the Company does.

Investment

Represents the carrying amount of real estate assets after adding back accumulated depreciation and amortization and excludes net intangible assets and liabilities.

Market Capitalization

Total common shares of Sabra outstanding multiplied by the closing price per common share as of a given period.

Net Debt*

The principal balances of the Company’s revolving credit facility, term loans, senior unsecured notes, and secured indebtedness as reported in the Company’s consolidated financial statements, net of cash and cash equivalents as reported in the Company’s consolidated financial statements.

Net Debt to Adjusted EBITDA*

The Company believes that net income as defined by GAAP is the most appropriate earnings measure. The Company considers Net Debt to Adjusted EBITDA an important supplemental measure because it provides investors, analysts, and management with a meaningful indicator of the Company’s financial leverage and its capacity to service and repay debt from operating cash flows. Net Debt to Adjusted EBITDA is calculated as Net Debt divided by Annualized Adjusted EBITDA, which is Adjusted EBITDA, as adjusted for annualizing adjustments that give effect to the acquisitions and dispositions completed during the respective period as though such acquisitions and dispositions were completed as of the beginning of the period presented.

Net Operating Income (“NOI”)*

The Company believes that net income as defined by GAAP is the most appropriate earnings measure. The Company considers NOI an important supplemental measure because it allows investors, analysts and its management to evaluate the operating performance of its investments. The Company defines NOI as total revenues less operating expenses. NOI excludes all other financial statement amounts included in net income.

Normalized FFO and Normalized AFFO*

Normalized FFO and Normalized AFFO represent FFO and AFFO, respectively, adjusted for certain income and expense items that the Company does not believe are indicative of its ongoing operating results. The Company considers Normalized FFO and Normalized AFFO to be useful measures to evaluate the Company's operating results excluding these income and expense items to help investors compare the operating performance of the Company between periods or as compared to other companies. Normalized FFO and Normalized AFFO do not represent cash flows from operations or net income as defined by GAAP and should not be considered an alternative to those measures in evaluating the Company's liquidity or operating performance. Normalized FFO and Normalized AFFO also do not consider the costs associated with capital expenditures related to the Company's real estate assets nor do they purport to be indicative of cash available to fund the Company's future cash requirements. Further, the Company's computation of Normalized FFO and Normalized AFFO may not be comparable to Normalized FFO and Normalized AFFO reported by other real estate investment trusts that do not define FFO in accordance with the current Nareit definition or that interpret the current Nareit definition or define FFO and AFFO or Normalized FFO and Normalized AFFO differently than the Company does.

Occupancy Percentage

Occupancy Percentage represents the facilities' average operating occupancy for the period indicated. The percentages are calculated by dividing the actual census from the period presented by the available beds/units for the same period. Except for Senior Housing - Managed, Occupancy includes only Stabilized Facilities and excludes facilities for which data is not available or meaningful.

REVPOR

REVPOR represents the average revenues generated per occupied unit per month at Senior Housing - Managed communities for the period indicated. It is calculated as resident fees and services revenues divided by average monthly occupied unit days. REVPOR includes only Stabilized Facilities.

Senior Housing

Senior Housing communities include independent living, assisted living, continuing care retirement and memory care communities.

Senior Housing - Managed

Senior Housing communities operated by third-party property managers pursuant to property management agreements.

Skilled Mix

Skilled Mix is defined as the total Medicare and non-Medicaid managed care patient revenue at Skilled Nursing/Transitional Care facilities divided by the total revenues at Skilled Nursing/Transitional Care facilities for the period indicated. Skilled Mix includes only Stabilized Facilities and excludes facilities for which data is not available or meaningful.

Skilled Nursing/Transitional Care

Skilled Nursing/Transitional Care facilities include skilled nursing, transitional care, multi-license designation and mental health facilities.

Specialty Hospitals and Other

Includes acute care, long-term acute care and rehabilitation hospitals, facilities that provide residential services, which may include assistance with activities of daily living, and other facilities not classified as Skilled Nursing/Transitional Care, Senior Housing or Behavioral Health.

Stabilized Facility

At the time of acquisition, the Company classifies each facility as either stabilized or non-stabilized. In addition, the Company may classify a facility as non-stabilized after acquisition. Circumstances that could result in a facility being classified as non-stabilized include newly completed developments, facilities undergoing major renovations or additions, facilities being repositioned or transitioned to new operators, and significant transitions within the tenants' business model. Such facilities are typically reclassified to stabilized upon the earlier of maintaining consistent performance or 24 months after the date of classification as non-stabilized. Stabilized Facilities generally exclude (i) facilities held for sale, (ii) strategic disposition candidates, (iii) facilities being transitioned to a new operator, (iv) facilities being transitioned from being leased by the Company to being operated by the Company and (v) leased facilities acquired during the three months preceding the period presented.

***Non-GAAP Financial Measures**

Reconciliations, definitions and important discussions regarding the usefulness and limitations of the Non-GAAP Financial Measures used in this supplement can be found at <https://ir.sabrahealth.com/investors/financials/quarterly-results>.
