

NOTICE OF ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON MAY 22, 2025

Dear Stockholder:

You are cordially invited to attend the 2025 Annual Meeting of Stockholders (the “Annual Meeting”) of Henry Schein, Inc. (the “Company” or “Henry Schein”), to be held virtually at 10:30 a.m., Eastern Daylight Time, on Thursday, May 22, 2025. This year’s meeting is a virtual stockholder meeting, conducted exclusively via a live audio webcast at www.virtualshareholdermeeting.com/HSIC2025. You will be able to attend the Annual Meeting online, vote and submit questions during the meeting by visiting www.virtualshareholdermeeting.com/HSIC2025 and entering the 16-digit control number included in our Notice Regarding the Availability of Proxy Materials or on your proxy card (if you received a printed copy of the proxy materials).

The Annual Meeting will be held for the following purposes:

1. to consider the election of twelve incumbent directors of the Company for terms expiring in 2026;
2. to consider the election of Max Lin as a director of the Company for a term expiring in 2026, provided that certain conditions are satisfied;
3. to consider the election of William K. “Dan” Daniel as a director of the Company for a term expiring in 2026, provided that certain conditions are satisfied;
4. to consider the approval, by non-binding vote, of the 2024 compensation paid to the Company’s Named Executive Officers (as defined in the proxy statement) (commonly known as a “say-on-pay” proposal);
5. to ratify the selection of BDO USA, P.C. as the Company’s independent registered public accounting firm for the fiscal year ending December 27, 2025; and
6. to transact such other business as may properly come before the meeting or any adjournments or postponements thereof.

Only stockholders of record at the close of business on March 24, 2025 are entitled to notice of, and to vote at, the meeting or any adjournments or postponements thereof.

The Company is pleased to take advantage of the Securities and Exchange Commission rules that allow issuers to furnish proxy materials to their stockholders on the Internet. The Company believes the rules allow it to provide its stockholders with the information they need, while lowering the costs of delivery and reducing the environmental impact of the Annual Meeting. Accordingly, stockholders of record at the close of business on March 24, 2025 will receive a Notice Regarding the Availability of Proxy Materials and may vote at the Annual Meeting and any adjournment or postponement of the meeting.

To assure your representation at the Annual Meeting, you are urged to cast your vote, as instructed in the Notice Regarding the Availability of Proxy Materials, over the Internet or by telephone as promptly as possible. You may also request a paper proxy card to submit your vote by mail, if you prefer, or vote online during the virtual Annual Meeting.

Whether or not you expect to attend the virtual meeting online, your vote is very important. Please cast your vote regardless of the number of shares you hold. I look forward to discussing our plans for the Company’s future at the Annual Meeting.

PROXY STATEMENT

The Board of Directors of Henry Schein, Inc. (the “Company”) has fixed the close of business on March 24, 2025 as the record date for determining the holders of the Company’s common stock, par value \$0.01, entitled to notice of, and to vote at, the 2025 Annual Meeting of Stockholders (to be held virtually at 10:30 a.m., Eastern Daylight Time, on Thursday, May 22, 2025) (the “Annual Meeting”). As of that date, 122,511,948 shares of common stock were outstanding, each of which entitles the holder of record to one vote. The Notice of Annual Meeting, this proxy statement and the form of proxy are being made available to stockholders of record of the Company on or about April 9, 2025. A copy of our 2024 Annual Report to Stockholders is being made available with this proxy statement but is not incorporated herein by reference.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of common stock entitled to vote is necessary to constitute a quorum in connection with the transaction of business at the Annual Meeting. Abstentions and broker non-votes (*i.e.*, proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other persons entitled to vote shares as to a matter with respect to which the brokers or nominees do not have discretionary power to vote) are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business.

At the Annual Meeting, a “FOR” vote by a majority of votes cast is required for the election of directors (Proposals 1, 2 and 3). A “FOR” vote by a “majority of votes cast” means that the number of shares voted “FOR” exceeds the number of votes “AGAINST.” Abstentions and broker non-votes shall not constitute votes “FOR” or votes “AGAINST” a director, and thus will have no effect on the outcome of Proposals 1, 2 and 3. Proposals 4 and 5 each require the affirmative “FOR” vote of the holders of a majority of the outstanding shares of common stock present in person or represented by proxy and entitled to vote on the matter. Broker non-votes will have no effect on the outcome of Proposals 4 and 5, but abstentions will have the same effect as a vote “AGAINST” each such proposal. Proposals 2 and 3 are contingent on certain regulatory approvals as further described below within each proposal. If the required regulatory approvals for either or both proposals are not received by the date of the Annual Meeting, the Company will withdraw Proposal 2 and/or Proposal 3, as applicable, from voting at the Annual Meeting. However, in the event that Proposal 2 and/or Proposal 3 are withdrawn at the Annual Meeting, the Board will consider any proxies submitted in favor of such Proposals as evidence of stockholder support therefor.

We will pay all expenses of this proxy solicitation. In addition to this proxy solicitation, proxies may be solicited in person or by telephone or other means, including by our directors and employees (who we refer to as our Team Schein Members or “TSMs”) without additional compensation. We will reimburse brokerage firms and other nominees, custodians and fiduciaries for costs incurred by them in distributing proxy materials to the beneficial owners of shares held by such persons as stockholders of record.

If your shares of common stock are registered directly in your name with the Company’s transfer agent, you are considered, with respect to those shares, the stockholder of record. In accordance with rules and regulations adopted by the Securities and Exchange Commission (“SEC”), instead of mailing a printed copy of our proxy materials to each stockholder of record, we may furnish proxy materials to our stockholders on the Internet. If you received a Notice Regarding the Availability of Proxy Materials (the “Notice of Internet Availability”) by mail, you will not receive a printed copy of these proxy materials. Instead, the Notice of Internet Availability will instruct you as to how you may access and review all of the important information contained in these proxy materials. The Notice of Internet Availability also instructs you as to how you may submit your proxy on the Internet. If you received a Notice of Internet Availability by mail and would like to receive a printed copy of our proxy materials, including a proxy card, you should follow the instructions for requesting such materials included in the Notice of Internet Availability.

If your shares are held in an account at a brokerage firm, bank, broker-dealer or other similar organization, then you are the beneficial owner of shares held in “street name,” and the Notice of Internet Availability was forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct that organization on how to vote the shares held in your account.

If you are a participant in the Company’s 401(k) Plan and own shares of the Company’s common stock in your 401(k) Plan account as of the record date, you will receive, with respect to the number of shares held for your 401(k) Plan account as of the record date, a

proxy card that will serve as a voting instruction to the trustee of the 401(k) Plan with respect to shares held for your account. Unless you vote per the instructions provided therein, shares held in your 401(k) Plan account will not be voted.

This year's Annual Meeting will be held entirely online. Stockholders of record as of the record date will be able to attend and participate in the Annual Meeting online by accessing www.virtualshareholdermeeting.com/HSIC2025. To join the Annual Meeting, you will need to have your 16-digit control number, which is included on your Notice of Internet Availability or on your proxy card (if you received a printed copy of the proxy materials). In the event that you do not have a control number, please contact your broker, bank, or other nominee as soon as possible and no later than May 8, 2025, so that you can be provided with a control number and gain access to the meeting. Stockholders may vote electronically and submit questions online while attending the Annual Meeting.

The live audio webcast of the Annual Meeting will begin promptly at 10:30 a.m., Eastern Daylight Time. Online access to the audio webcast will open approximately thirty minutes prior to the start of the Annual Meeting to allow time for you to log in and test the computer audio system. We encourage our stockholders to access the meeting prior to the start time. If you encounter any difficulties accessing the online Annual Meeting during the check-in or meeting time, please call the technical support number that will be posted on the online Annual Meeting login page at www.virtualshareholdermeeting.com/HSIC2025.

To submit questions during the meeting, stockholders may log into the virtual meeting website with their 16-digit control number, type the question into the "Submit a Question" field, and click "Submit". Only stockholders with a valid control number will be allowed to ask questions. Questions pertinent to Annual Meeting matters will be answered during the Annual Meeting as time allows. If we receive substantially similar written questions, we may group such questions together and provide a single response to avoid repetition and allow time for additional question topics. If we are unable to respond to a stockholder's properly submitted question due to time constraints, we will respond directly to that stockholder using the contact information provided. We may also provide written responses to certain stockholder questions that we were unable to answer during the meeting on our "Investors" page on our website following the Annual Meeting.

To vote your shares at the Annual Meeting online, please visit www.virtualshareholdermeeting.com/HSIC2025 and enter the 16-digit control number included in our Notice of Internet Availability or on your proxy card (if you received a printed copy of the proxy materials). Even if you plan to attend the Annual Meeting online, we recommend that you also vote by proxy in advance of the Annual Meeting as described herein so that your vote will be counted if you decide not to attend the Annual Meeting.

To vote your shares without attending the Annual Meeting online or in advance of the Annual Meeting, please follow the instructions for Internet or telephone voting contained in the Notice of Internet Availability. Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the Annual Meeting online. If you are a stockholder of record, you may vote by submitting a proxy electronically via the Internet, by telephone, or if you have requested a paper copy of these proxy materials, by returning the proxy card or voting instruction card. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, trustee or nominee. All shares represented by a valid proxy received prior to the Annual Meeting will be voted.

Whether or not you are able to attend the virtual Annual Meeting online, you are urged to complete and return your proxy or voting instructions, which are being solicited by the Company's Board of Directors and which will be voted as you direct on your proxy or voting instructions when properly completed (unless such proposal has been withdrawn as described above). In the event no directions are specified, such proxies and voting instructions will be voted "FOR" the incumbent nominees for election to the Board of Directors, "FOR" the election of Max Lin to the Board of Directors, "FOR" the election of William K. "Dan" Daniel to the Board of Directors, "FOR" the say-on-pay proposal, "FOR" the ratification of BDO USA, P.C. as the Company's independent registered public accountants for the fiscal year ending December 27, 2025 and in the discretion of the proxy holders as to other matters that may properly come before the Annual Meeting.

You may revoke or change your proxy or voting instructions at any time before the Annual Meeting. You may automatically revoke your proxy by attending the Annual Meeting and voting online at the meeting. Attending the Annual Meeting online without voting at such meeting will not in and of itself constitute revocation of a proxy. To revoke your voting instructions, you may also submit new voting instructions to your broker, trustee or nominee. Another means to revoke your proxy or change your proxy or voting instructions is to send a written notice via email to investor@henryschein.com before the beginning of the Annual Meeting.

Stockholder Communications

Stockholders who wish to communicate with the Board of Directors may do so by emailing investor@henryschein.com. The Company will receive the correspondence and forward it to the Chairperson of the Nominating and Governance Committee/Lead Director or to any individual director or directors to whom the communication is directed, unless the communication is unduly hostile, threatening, illegal, does not reasonably relate to the Company or its business or is similarly inappropriate.

Our policy is to encourage the members of our Board of Directors to attend the annual meeting of stockholders, and all of the directors then in office (except for Mohamad Ali and James P. Breslawski) attended the 2024 Annual Meeting of Stockholders (the “2024 Annual Meeting”).

Stockholder Engagement

As part of the Company’s continual efforts to align our programs to reflect priorities that are important to our stockholders, in 2024 and early 2025 we proactively solicited dialogue with our stockholders. We offered engagement to 34 stockholders holding approximately 67% of our outstanding common stock in the aggregate (as of the date of the offer) and engaged with 26 stockholders holding a total of approximately 56% of our outstanding common stock in the aggregate (as of the date of the engagement). Such engagement was led by Philip A. Laskawy, the Chairperson of our Nominating and Governance Committee/Lead Director, and Carole T. Faig, a member of our Audit Committee and Strategic Advisory Committee. Each such meeting was attended by Mr. Laskawy and/or Ms. Faig as well as our Corporate Secretary, our Vice President of Investor Relations and our Vice President, Chief Sustainability Officer, among others.

Our conversations focused on a wide range of topics, including executive compensation, corporate governance (including board composition and succession planning), acquisition and commercial strategy, cybersecurity, and sustainability initiatives. Our continued engagements in recent years have resulted in several actions summarized in the chart below.

Topics Discussed	Company Actions
Executive Compensation	• The Compensation Committee updated the Company’s strategic scorecard goals (which goals directly reflect the priorities of the Company’s three-year strategic plan and which make up 30% of the annual cash bonus plan for executive officers, including each Named Executive Officer) to remove all non-financial metrics (except for a performance objective tied to the launch of our new global e-commerce platform) and streamlined the financial metrics. • In 2023 and 2024, the Compensation Committee granted equity awards where at least 50% of the executive officers’ equity awards and 65% of the CEO’s equity awards had performance-based vesting conditions with three-year cliff vesting. • To diversify financial metrics used for performance-based compensation beyond earnings per share metrics, the Compensation Committee added return on invested capital performance over a three-year performance period (weighted at 25% of the financial goal for performance-based restricted stock unit awards) for all performance-based restricted stock unit awards granted in 2023 and 2024. • The Compensation Committee intends that equity awards outside of the annual grant cycle to executive officers should only be used in limited circumstances and, if made, are expected to include performance-based vesting conditions for a percentage of such awards.
Corporate Governance	• The Board of Directors has added six new independent directors (as defined under Rule 5605(a)(2) of The Nasdaq Stock Market (“Nasdaq”)) since 2021 (four in 2021, one in 2023 and one in 2025), and has nominated an additional two new independent directors for election at the Annual Meeting (see Proposals 2 and 3). • The Board of Directors has reduced the number of non-independent directors. In 2022, the Company had four non-independent directors and at this Annual Meeting, our CEO is the only non-independent director nominated for election at the Annual Meeting. • The Board of Directors continues to review and update its ongoing CEO succession planning.
Capital Allocation	• The Company continues to return capital to stockholders through our stock repurchase program, which as of December 28, 2024 had \$380 million authorized and available for future stock repurchases. • On January 27, 2025, the Company’s Board of Directors authorized an additional \$500 million to the Company’s stock repurchase program, with \$250 million expected to be executed through an accelerated stock repurchase program. • The Board of Directors regularly reviews the Company’s capital structure.

Cybersecurity	• In September 2024, the Company hired a new Chief Information Security Officer who has over 20 years' experience leading global cybersecurity and technology programs in large and complex corporations. • The Regulatory, Compliance and Cybersecurity Committee provides guidance to the Company's senior management team, supporting significant investments the Company is making in cybersecurity and IT infrastructure.
----------------------	---

On January 29, 2025, the Company, along with Kohlberg Kravis Roberts & Co. L.P. and/or one or more of its affiliates ("KKR"), a leading global investment firm, announced a strategic investment by funds affiliated with KKR pursuant to the Strategic Partnership Agreement (defined in Proposal 2). In addition to KKR's current holdings, funds affiliated with KKR will make an additional \$250 million investment in the Company's common stock at a price of \$76.10 per share. As a result, following KKR's investment, KKR will own approximately 12% of the Company's common stock. KKR will also have the ability to purchase additional shares via open market purchases up to a total stake of 14.9% of the outstanding common stock of the Company. Consummation of these transactions is subject to customary closing conditions, including the expiration or termination of the statutory waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the "HSR Approval"), and receipt of certain regulatory approvals under the laws of Sweden (the "Sweden Approval"), Italy (the "Italy Approval") and Spain (the "Spain Approval"). As of April 4, 2025, KKR has informed the Company that it has obtained the HSR Approval and the Sweden Approval. Pursuant to the Strategic Partnership Agreement, KKR has agreed to vote in favor of the Board-recommended slate of directors at the Annual Meeting and in accordance with the Board's recommendation on any proposal made by another stockholder. However, the Company has agreed that in the event that both Institutional Shareholder Services and Glass Lewis & Co. issue a voting recommendation with respect to any proposal made by another stockholder (other than with respect to the election or removal of directors) that differs from the voting recommendation of the Board, KKR shall be permitted to vote in its sole discretion with respect to such proposal. In addition, the Company has nominated two independent directors (Max Lin and William K. "Dan" Daniel) for election to our Board of Directors at the Annual Meeting. If KKR shall not have received the required regulatory approvals by the date of the Annual Meeting, the Company will withdraw the nominations of Mr. Lin and/or Mr. Daniel, as applicable, from voting consideration at the Annual Meeting. Thereafter, it is expected that the Board of Directors will appoint Mr. Lin and Mr. Daniel to the Board of Directors at such time as the requisite regulatory approvals are received. In the event that the proposal(s) for the election of Mr. Lin and/or Mr. Daniel are withdrawn from voting consideration at the Annual Meeting, the Board of Directors will consider any proxies submitted in favor of the nominations of Mr. Lin and Mr. Daniel to the Board of Directors as evidence of stockholder support of the Company's appointment of Mr. Lin and/or Mr. Daniel, as applicable, to the Board of Directors.

We appreciate the valuable feedback offered by our stockholders. We will continue these dialogues to ensure our programs reflect priorities that are important to our stockholders.

PROPOSAL 1

ELECTION OF INCUMBENT DIRECTORS

The Company's Board of Directors (the "Board of Directors") has approved the twelve persons named below as nominees for election at the Annual Meeting to serve as directors until the 2026 Annual Meeting of Stockholders (the "2026 Annual Meeting") and until their successors are elected and qualified. Each director will be elected by the vote of the majority of the votes cast with respect to that director's election, where a "majority of the votes cast" means that the number of shares voted "FOR" a director must exceed the number of votes cast "AGAINST" that director. Any executed proxies returned to the Company will be voted for the election of all of such persons except to the extent instructed otherwise with respect to one or more of such persons. Two of our currently-serving directors, Carol Raphael and Mark Mlotek, have not been re-nominated and will retire from the Board of Directors at the Annual Meeting. Mr. Mlotek will continue as the Company's Executive Vice President and Chief Strategic Officer and as a member of our Executive Management Committee. All of the nominees for director named below currently serve as directors and were elected by the stockholders at the 2024 Annual Meeting to serve as a director except for Robert J. Hombach, who was appointed as a director by the Board of Directors on January 27, 2025, upon the recommendation of the Nominating and Governance Committee. All of the nominees named below have consented to be named and, if elected, to serve. In the event that any of the nominees named below is unable or declines to serve as a director at the time of the Annual Meeting, the proxies may be voted in the discretion of the persons acting pursuant to the proxy for the election of other nominees.

The Board of Directors and each committee of the Board of Directors conduct annual evaluations to ensure each of its members continues to meet the criteria for membership. Based on these activities and their review of the current composition of the Board of Directors, the Nominating and Governance Committee and the Board of Directors determined that the criteria for membership to the Board of Directors and each committee of the Board of Directors (as applicable) have been satisfied.

Set forth below is certain information, as of April 9, 2025, concerning the nominees named below:

Each director will be elected by the vote of the majority of the votes cast with respect to that director’s election, where a “majority of the votes cast” means that the number of shares voted “FOR” a director must exceed the number of votes cast “AGAINST” that director.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE PROPOSED NOMINEES FOR DIRECTOR.

PROPOSAL 2

ELECTION OF MAX LIN TO THE BOARD OF DIRECTORS

In addition to the twelve persons named in Proposal 1, the Company's Board of Directors has approved the nomination of Max Lin for election at the Annual Meeting to serve as a director until the 2026 Annual Meeting and until his successor is elected and qualified, provided that certain conditions are satisfied. Mr. Lin will be elected by the vote of the majority of the votes cast, where a "majority of the votes cast" means that the number of shares voted "FOR" Mr. Lin must exceed the number of votes cast "AGAINST" Mr. Lin. Any executed proxies returned to the Company will be voted for Mr. Lin except to the extent instructed otherwise. Mr. Lin has consented to be named and, if elected, to serve. As described below, Proposal 2 is subject to and contingent upon receipt of the required regulatory approvals described herein.

Strategic Partnership Agreement with KKR

As previously disclosed by the Company, pursuant to the Strategic Partnership Agreement dated January 29, 2025 (the "Strategic Partnership Agreement") between the Company and KKR Hawaii Aggregator L.P., the Board of Directors has agreed to nominate Mr. Lin and William K. "Dan" Daniel to stand for election to the Board of Directors at the Annual Meeting for a term expiring at the 2026 Annual Meeting and until their successors are elected and qualified. Mr. Lin's election to the Board of Directors is subject to the receipt by KKR of the HSR Approval, the Sweden Approval and the Italy Approval. Separately, Mr. Daniel's election to the Board of Directors is subject to the receipt by KKR of the HSR Approval, the Sweden Approval, the Italy Approval and the Spain Approval. As of April 4, 2025, KKR has informed the Company that it has obtained the HSR Approval and the Sweden Approval.

Pursuant to the terms of the Strategic Partnership Agreement, it is expected that, if elected to the Board of Directors, Mr. Lin and Mr. Daniel will subsequently be appointed to the following committees of the Board of Directors: Mr. Lin will be appointed to the Nominating and Governance Committee as Vice Chair; Mr. Daniel will be appointed to the Compensation Committee; and each of Mr. Lin and Mr. Daniel will be appointed to the Strategic Advisory Committee.

Conditions to Proposal 2

Mr. Lin's nomination for election to the Board of Directors is contingent on the receipt by KKR of the HSR Approval, the Sweden Approval and the Italy Approval. As of April 4, 2025, (i) KKR has received the HSR Approval and the Sweden Approval and (ii) the Italy Approval remains outstanding. If KKR does not receive the Italy Approval by the date of the Annual Meeting, the Company will withdraw Proposal 2, and Proposal 2 will not be voted on at the Annual Meeting. In the event that Proposal 2 is so withdrawn, the Board of Directors intends to appoint Mr. Lin to the Board of Directors upon receipt of the Italy Approval. Such appointment may occur as soon as immediately following the Annual Meeting. In the event the Company is required to withdraw Proposal 2 because the Italy Approval has not been obtained by the date of the Annual Meeting, the Board of Directors will consider any proxies submitted in favor of Mr. Lin's election pursuant to Proposal 2 as evidence of stockholder support of the Company's appointment of Mr. Lin to the Board of Directors.

Set forth below is certain information, as of April 9, 2025, concerning Mr. Lin:

PROPOSAL 3

ELECTION OF WILLIAM K. “DAN” DANIEL TO THE BOARD OF DIRECTORS

In addition to the twelve persons named in Proposal 1 and Mr. Lin in Proposal 2, the Company’s Board of Directors has approved the nomination of William K. “Dan” Daniel for election at the Annual Meeting to serve as a director until the 2026 Annual Meeting and until his successor is elected and qualified provided that certain conditions are satisfied. Mr. Daniel will be elected by the vote of the majority of the votes cast, where a “majority of the votes cast” means that the number of shares voted “FOR” Mr. Daniel must exceed the number of votes cast “AGAINST” Mr. Daniel. Any executed proxies returned to the Company will be voted for Mr. Daniel except to the extent instructed otherwise. Mr. Daniel has consented to be named and, if elected, to serve. As described below, Proposal 3 is subject to and contingent upon receipt of the required regulatory approvals described herein.

Strategic Partnership Agreement with KKR

As previously disclosed by the Company, pursuant to the Strategic Partnership Agreement, the Board of Directors has agreed to nominate Mr. Lin and Mr. Daniel to stand for election to the Board of Directors at the Annual Meeting for a term expiring at the 2026 Annual Meeting and until their successors are elected and qualified. Conditions to Proposal 3

Mr. Daniel’s nomination for election to the Board of Directors is contingent on the receipt by KKR of the HSR Approval, the Sweden Approval, the Italy Approval and the Spain Approval. As of April 4, 2025, (i) KKR has received the HSR Approval and the Sweden Approval and (ii) the Italy Approval and the Spain Approval remain outstanding. If KKR does not receive the Italy Approval and the Spain Approval prior to the date of the Annual Meeting, the Company will withdraw Proposal 3, and Proposal 3 will not be voted on at the Annual Meeting. In the event that Proposal 3 is so withdrawn, the Board of Directors intends to appoint Mr. Daniel to the Board of Directors upon receipt of the Italy Approval and the Spain Approval. Such appointment may occur as soon as immediately following the Annual Meeting. In the event the Company is required to withdraw Proposal 3 because the Italy Approval and/or the Spain Approval have not been obtained by the date of the Annual Meeting, the Board of Directors will consider any proxies submitted in favor of Mr. Daniel’s election pursuant to Proposal 3 as evidence of stockholder support of the Company’s appointment of Mr. Daniel to the Board of Directors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE ELECTION OF WILLIAM K. “DAN” DANIEL FOR DIRECTOR.

CORPORATE GOVERNANCE

Board of Directors Meetings and Committees

During the fiscal year ended December 28, 2024 (“fiscal 2024”), the Board of Directors held nine meetings. The Board of Directors has the following committees: Audit Committee; Compensation Committee; Nominating and Governance Committee; Regulatory, Compliance and Cybersecurity Committee; and Strategic Advisory Committee. During fiscal 2024, (i) the Audit Committee held five meetings, (ii) the Compensation Committee held eight meetings, (iii) the Nominating and Governance Committee held two meetings, (iv) the Regulatory, Compliance and Cybersecurity Committee held six meetings and (v) the Strategic Advisory Committee held three meetings. During fiscal 2024, each director attended at least 75% of the meetings of the Board of Directors and committees on which such directors served, in each case during the term for which the director served. Each of the committees of the Board of Directors acts pursuant to a separate written charter adopted by the Board of Directors.

Independent Directors

The Board of Directors has affirmatively determined that Messrs. Ali, Daniel, Herring, Hombach, Kuehn, Laskawy, Lin and Serota, Ms. Derby, Faig, Margulies and Raphael and Drs. Sheares and Tuckson are “independent,” as defined under Nasdaq’s Rule 5605(a)(2).

The Company’s independent directors, as defined under Nasdaq’s Rule 5605(a)(2), meet at regularly scheduled executive sessions without members of Company management present.

Audit Committee

The Audit Committee currently consists of Messrs. Kuehn (Chairperson) and Laskawy and Ms. Faig and Margulies. All of the members of the Audit Committee are independent directors as defined under Nasdaq’s Rules 5605(a)(2) and 5605(c)(2)(A). The Board of Directors has determined that each of Ms. Faig and Messrs. Kuehn and Laskawy is an “audit committee financial expert,” as defined under the rules of the SEC and, as such, each satisfy the requirements of Nasdaq’s Rule 5605(c)(2)(A). The Audit Committee operates under a charter available on our Internet website at www.henryschein.com, under the “Our Company—Corporate Governance Highlights” caption.

The purpose of the Audit Committee is to assist the Board of Directors by overseeing the Company’s accounting and financial reporting processes and the audits and integrity of the Company’s financial statements. In addition to overseeing those aspects of risk management and legal and regulatory compliance monitoring processes which may impact the Company’s financial reporting (including financial accounting and reporting risks, as well as cybersecurity risks which may impact the Company’s financial reporting), the Audit Committee reviews conflict of interest and related party transactions. The Audit Committee oversees (i) our accounting and financial reporting processes, (ii) our audits and (iii) the integrity of our financial statements on behalf of the Board of Directors, including the review of our consolidated financial statements and the adequacy of our internal controls. In fulfilling its responsibility, the Audit Committee has direct and sole responsibility, subject to stockholder approval, for the appointment, compensation, oversight and termination of the independent registered public accounting firm for the purpose of preparing or issuing an audit report or related work. The Audit Committee has the authority to retain, terminate and set the terms of its relationship with any outside advisors who assist the committee in carrying out its responsibilities. The Audit Committee meets at least four times each year and periodically meets separately with management, internal auditors and the independent registered public accounting firm to discuss the results of their audit or review of the Company’s consolidated financial statements, their evaluation of our internal controls, the overall quality of the Company’s financial reporting, our critical accounting policies and to review and approve any related party transactions (as defined by applicable regulations). We maintain procedures for the receipt, retention and the handling of complaints, which the Audit Committee established.

Compensation Committee

The Compensation Committee currently consists of Ms. Derby (Chairperson), Mr. Herring and Dr. Sheares. All of the members of the Compensation Committee are independent directors as defined under Nasdaq’s Rules 5605(a)(2) and 5605(d)(2)(A), and “non-employee directors” as defined under the SEC’s rules. The Compensation Committee operates under a charter available on our Internet website at www.henryschein.com, under the “Our Company—Corporate Governance Highlights” caption.

The purpose of the Compensation Committee is to evaluate and approve the Company’s compensation and benefit plans, policies and programs. The Compensation Committee reviews and approves (i) all incentive and equity-based compensation plans in which officers, employees, directors or other service providers may participate, (ii) the Company’s employee and executive benefits plans, and all related policies, programs and practices and (iii) arrangements with executive officers relating to their employment relationships with the Company, including, without limitation, employment agreements, severance agreements, supplemental pension or savings arrangements, change in control agreements and restrictive covenants. In addition, the Compensation Committee has overall

responsibility for evaluating and approving the Company's compensation and benefit plans, policies and programs. The Compensation Committee is also responsible, as delegated by the Board of Directors, for reviewing and approving the compensation philosophy, strategy, program design and administrative practices to align with and support the Company's operating and financial objectives and the financial interests of the Company's stockholders. The Compensation Committee also plays a role (in coordination with the Nominating and Governance Committee) in environmental, social and governance matters related to human capital management and executive compensation.

Use of Outside Advisors

In making its determinations with respect to executive compensation, the Compensation Committee has historically engaged the services of an independent compensation consultant, Pearl Meyer & Partners ("Pearl Meyer"). Pearl Meyer has also assisted the Compensation Committee with several special projects, including advising it on director compensation. Other than the work of Pearl Meyer Leadership Consulting described in the succeeding sentences, Pearl Meyer does no other work for the Company. Pearl Meyer Leadership Consulting, a consulting unit of Pearl Meyer focused on management leadership and development, was retained by management on behalf of the Company to provide advice regarding executive leadership development and succession planning to the Company. The Compensation Committee conducted an independence analysis of Pearl Meyer and concluded that the provision of these additional services by Pearl Meyer Leadership Consulting did not undermine the independence of Pearl Meyer after taking into account a number of factors, including the fees accrued with respect to the additional services compared to total aggregate fees paid to Pearl Meyer and compared to the latter's overall revenue, the nature of the additional services, and policies and procedures of Pearl Meyer designed to prevent conflicts of interest.

The Compensation Committee retains Pearl Meyer directly, and Pearl Meyer reports directly to the Compensation Committee. However, in carrying out its assignments and during the course of providing services to the Compensation Committee, Pearl Meyer may interact with Company management when necessary and appropriate in order to obtain relevant compensation and performance data for the executives and the Company. In addition, Pearl Meyer may seek input and feedback from Company management regarding Pearl Meyer's work product and analysis prior to presenting such information to the Compensation Committee in order to confirm Pearl Meyer's understanding of the Company's business strategy or identify data questions or other similar issues, if any.

The Compensation Committee, with the assistance and independent advice from Pearl Meyer, annually reviews competitive compensation data prepared by Willis Towers Watson Public Limited Company ("Willis Towers Watson"), a professional services/human resources consulting company which provides a number of services to the Company.

The Compensation Committee has the authority to retain, terminate and set the terms of its relationship with any outside advisors who assist the committee in carrying out its responsibilities.

Nominating and Governance Committee

The Nominating and Governance Committee currently consists of Mr. Laskawy (Chairperson), Ms. Derby and Dr. Sheares. All of the members of the Nominating and Governance Committee are independent directors as defined under Nasdaq's Rule 5605(a)(2). The Nominating and Governance Committee operates under a charter available on the Company's Internet website at www.henryschein.com, under the "Our Company—Corporate Governance Highlights" caption.

The purpose of the Nominating and Governance Committee is to assist the Board of Directors by identifying individuals qualified to become Board of Directors members, recommend to the Board of Directors the persons to be nominated by the Board of Directors for election as directors at the annual meeting of stockholders, determine the criteria for selecting new directors and oversee the evaluation of the Board of Directors. The Nominating and Governance Committee reviews and reassesses our governance procedures and practices and recommends any proposed changes to the Board of Directors for its consideration. The Nominating and Governance Committee also reviews and assesses the structure and performance of the Company's environmental, social and governance activities to advance the interests of the Company's stakeholders and coordinates with the Compensation Committee on such matters when they relate to human capital management and executive compensation. The Chief Sustainability Officer leads Company-wide sustainability activities and reports progress to the Nominating and Governance Committee and the full Board of Directors, each on at least an annual basis. In 2022 and 2023, we published our annual Sustainability and Corporate Citizenship report according to key global sustainability standards such as the Sustainability Accounting Standards Board and Task Force for Climate-related Financial Disclosures, which are now part of the International Sustainability Standards Board. In 2023, we conducted our first limited assurance for key sustainability metrics. Our 2024 Sustainability and Corporate Citizenship report is currently anticipated to be issued during the second quarter of fiscal 2025.

The Nominating and Governance Committee will consider for nomination to the Board of Directors candidates suggested by stockholders, provided that such recommendations are delivered to the Company in the manner described under "Stockholder Communications" below, together with the information required to be filed in a proxy statement with the SEC regarding director

nominees and each such nominee's consent to serve as a director if elected, no later than the deadline for submission of stockholder proposals. Our policy is to consider nominations to the Board of Directors from stockholders who comply with the procedures set forth in the Company's Fourth Amended and Restated By-laws for nominations at the Company's annual meeting of stockholders, and to consider such nominations using the same criteria it applies to evaluate nominees recommended by other sources. To date, we have not received any recommendations from stockholders requesting that the Nominating and Governance Committee consider a candidate for inclusion among the committee's slate of nominees in the Company's proxy statement.

In evaluating director nominees on an annual basis, the Nominating and Governance Committee currently considers the following factors:

- the knowledge, skills, reputation, background and experience of nominees, in light of prevailing business conditions and the knowledge, skills and experience already possessed by other members of the Board of Directors;
- familiarity with businesses similar or analogous to the Company;
- experience with accounting rules and practices, and corporate governance principles;
- experience and expertise related to economic, environmental and human capital matters; and
- the commitments of the director nominee to other board memberships, among other significant professional commitments that the director maintains.

The Nominating and Governance Committee, in accordance with its charter, seeks to create a Board of Directors that is strong in its collective knowledge, skills, background and experience and may also consider such other factors that it deems are in the best interests of the Company and its stockholders. The Nominating and Governance Committee annually reviews the nominees for director to the Company's Board of Directors to determine if such nominees satisfy the Company's then-current needs. The Nominating and Governance Committee determined that the nominees for election at the Annual Meeting to serve as directors satisfy the Company's current needs as well as applicable regulatory requirements.

The Nominating and Governance Committee identifies nominees by evaluating the current members of the Board of Directors willing and eligible to continue in service. Current members of the Board of Directors with skills and experience that are relevant to the Company's business and who are willing and eligible to continue in service are considered for a recommendation to re-nominate, balancing the value of continuity of service by existing members of the Board of Directors with that of obtaining a new perspective. If any member of the Board of Directors does not wish to continue in service or if the Nominating and Governance Committee or the Board of Directors decides not to re-nominate a member for re-election, the Nominating and Governance Committee considers the composition of the Board of Directors, and, if applicable, may identify the desired skills and experience of a new nominee, and discuss with the Board of Directors suggestions as to individuals that meet the criteria. In addition, the Nominating and Governance Committee has the authority to retain third party search firms to evaluate or assist in identifying or evaluating potential nominees.

With the goal of increasing the effectiveness of the Board of Directors and its relationship to management, the Nominating and Governance Committee evaluates the performance of the Board of Directors as a whole. The evaluation process, which occurs at least annually, includes a survey of the individual views of all directors, which are then shared with the full Board of Directors. In addition, each of the committees of the Board of Directors performs a similar annual self-evaluation.

Regulatory, Compliance and Cybersecurity Committee

The Regulatory, Compliance and Cybersecurity Committee currently consists of Messrs. Herring (Chairperson), Kuehn and Serota and Ms. Margulies and Raphael. All of the current members of the Regulatory, Compliance and Cybersecurity Committee are independent directors as defined under Nasdaq's Rule 5605(a)(2). The Regulatory, Compliance and Cybersecurity Committee operates under a charter available on the Company's Internet website at www.henryschein.com, under the "Our Company—Corporate Governance Highlights" caption.

The purpose of the Regulatory, Compliance and Cybersecurity Committee is to assist the Board of Directors by providing guidance to, and oversight of, the Company's senior management responsible for assessing and managing Company-wide regulatory, corporate compliance and cybersecurity risk management programs. The primary responsibilities of the Regulatory, Compliance and Cybersecurity Committee are to (i) serve as a sounding board for the strategic decisions, issues, challenges and opportunities relating thereto, (ii) provide expertise to guide assessment and monitoring of Company-wide regulatory, corporate compliance and cybersecurity risk management budgeting, spending and capital investment, (iii) monitor progress and status of the Company's regulatory, corporate compliance and cybersecurity risk management programs, (iv) review and evaluate major regulatory, corporate compliance and cybersecurity risk management initiatives to identify emerging and future opportunities for synergy or to leverage regulatory, corporate compliance and cybersecurity risk management investments more effectively and cost efficiently, (v) report to the Audit Committee on regulatory, corporate compliance and cybersecurity risk management matters reviewed by the Regulatory, Compliance and

Cybersecurity Committee that may impact the Company's financial reporting and (vi) be generally available to, and communicate with, the Company's senior management, and to inform the Board of Directors in the areas described above.

Strategic Advisory Committee

The Strategic Advisory Committee currently consists of Drs. Sheares (Chairperson) and Tuckson, Messrs. Ali, Herring, Hombach and Serota and Ms. Faig and Raphael. All of the current members of the Strategic Advisory Committee are independent directors as defined under Nasdaq's Rule 5605(a)(2). The Strategic Advisory Committee operates under a charter available on our Internet website at www.henryschein.com, under the "Our Company—Corporate Governance Highlights" caption.

The purpose of the Strategic Advisory Committee is to provide advice to the Board of Directors and to our management regarding the monitoring and implementation of our corporate strategic plan, as well as general strategic planning.

Board of Directors' Leadership Structure

On an annual basis, as part of our governance review and succession planning, the Nominating and Governance Committee evaluates our leadership structure to ensure that it remains the optimal structure for our Company and our stockholders. We believe our current leadership structure—where our Chief Executive Officer serves as Chairman of the Board of Directors, a majority of our Board of Directors is comprised of experienced independent directors (including a Lead Director), committees of our Board of Directors are comprised solely of independent directors and our independent directors hold regular meetings in executive session—is most appropriate and remains the optimal structure for our Company and our stockholders and has contributed to our Company's compounded growth rates for sales and net income since becoming a public company in 1995.

Since 1989, the Company has employed a traditional board leadership model, with our Chief Executive Officer also serving as Chairman of our Board of Directors. We believe this traditional leadership structure benefits our Company. A combined Chairman/CEO role helps provide strong, unified leadership for our management team and Board of Directors. Our customers, stockholders, suppliers and other business partners have always viewed our Chairman/CEO as a visionary leader in our industry, and we believe that having a single leader for the Company is good for our business.

We also believe that strong, independent Board of Director leadership is a critical aspect of effective corporate governance. Accordingly, Mr. Laskawy serves as our Lead Director. As specified in our Corporate Governance Guidelines the role and duties of the Lead Director include:

- presiding at all executive sessions of the independent directors and calling meetings of the independent directors;
- acting as a liaison among the members of the Board of Directors, the Chief Executive Officer and management;
- coordinating information sent to the Board of Directors;
- coordinating meeting agendas and schedules for the Board of Directors to assure that there is sufficient time for discussion of all agenda items;
- conferring with the Chief Executive Officer, as appropriate; and
- being available for consultation with our stockholders, as appropriate.

(See "Corporate Governance Guidelines" set forth below.)

At present, we believe that combining the roles of Chairman and Chief Executive Officer, together with an experienced Lead Director, is the best governance model for our Company and our stockholders.

Our Board of Directors' committees, each with a separate Chairperson, are the: Audit Committee; Compensation Committee; Nominating and Governance Committee; Regulatory, Compliance and Cybersecurity Committee; and Strategic Advisory Committee. Each of the Audit Committee, Compensation Committee and Nominating and Governance Committee is comprised solely of independent directors, and each of the Regulatory, Compliance and Cybersecurity Committee and Strategic Advisory Committee is currently comprised solely of independent directors.

Our directors bring a broad range of leadership experience to the boardroom and regularly contribute to the thoughtful discussion involved in effectively overseeing the business and affairs of the Company. The atmosphere of our Board of Directors is collegial, all members are well engaged in their responsibilities, and all members express their views and consider the opinions expressed by other directors. We do not believe that appointing an independent Chairman would improve the performance of the Board of Directors.

The Board of Directors is responsible for selecting the Chairman/CEO. The Chairman/CEO establishes the agenda for each meeting of the Board of Directors (in coordination with the Chairperson of the Nominating and Governance Committee/Lead Director) and presides at Board of Directors' and stockholders' meetings. The Chairperson of the Nominating and Governance Committee/Lead Director takes input from the other independent directors when setting the agenda for the independent sessions.

Board of Directors' Role in Oversight of Risk

Risk oversight is provided by a combination of our full Board of Directors and by the Board of Directors' committees. As part of its oversight, our Board of Directors and its committees meet regularly to discuss the strategic direction and the issues and opportunities facing our Company.

The Audit Committee takes the lead risk oversight role, focusing primarily on risk management related to monitoring and controlling the Company's financial risks (*i.e.*, overseeing those aspects of risk management and legal and regulatory compliance monitoring processes which may impact the Company's financial reporting, including financial accounting and reporting risks, as well as cybersecurity risks). The Compensation Committee focuses primarily on human capital matters (such as executive compensation plans and executive agreements) and evaluates whether the Company's compensation policies and practices for its executive officers and other employees of the Company create risks that are reasonably likely to have a material adverse effect on the Company. The Nominating and Governance Committee focuses primarily on succession planning, director nomination criteria and candidate identification, as well as on evaluation of our corporate governance procedures and practices including performance evaluation of our Board of Directors. The Nominating and Governance Committee also reviews and assesses the Company's response to climate risk, and other relevant strategic sustainability risks facing our operations, supply chain and communities. The Regulatory, Compliance and Cybersecurity Committee focuses primarily on risks related to regulatory, corporate compliance and cybersecurity matters. The Strategic Advisory Committee focuses primarily on the Company's strategic and business development plans including the risks associated with those plans.

In October 2023, we experienced a cybersecurity incident which primarily affected the operations of our North American and European dental and medical distribution businesses. Certain members of the Audit Committee and Regulatory, Compliance and Cybersecurity Committee conducted a review of the incident, including the measures undertaken in response to it.

The Company's Executive Management Committee is responsible for the oversight and active management of material risks to the Company (including, without limitation, strategic, development, business, operational, human, sustainability, financial, technology, legal and regulatory risks) as an integral part of the Company's business planning, succession planning and management processes. Members of the management team provide periodic reports to the Audit Committee, Compensation Committee, Regulatory, Compliance and Cybersecurity Committee and Strategic Advisory Committee on select risk management topics and the Chairperson of each respective committee reports, as appropriate, on these topics to the full Board of Directors.

The Company's management has a longstanding commitment to employing and imbedding sound risk management practices and disciplines into its business planning and management processes throughout the Company to better enable achievement of the Company's strategic, business, operational, financial, sustainability and compliance objectives, as well as to achieve and maintain a competitive advantage in the marketplace.

Human Capital Matters

At Henry Schein, we understand that our long-term growth is enhanced by creating shared value for our business and the communities we serve, while engaging our key stakeholders that make up our Mosaic of Success—Team Schein Members (TSMs), customers, suppliers, stockholders and society. Rooted in our long, rich history of sustainability and corporate citizenship, we build relationships to foster trust, strengthen resilience and catalyze innovative solutions, to make the world healthier, together. We do this by building environmental, social, and economic value for the Company's sustained growth and continued success as a trusted partner and leader in health care. Overseen by the Nominating and Governance Committee of our Board of Directors with the Compensation Committee also playing a role in environmental, social and governance matters related to human capital engagement and executive compensation, some key 2024 highlights related to human capital matters include:

- continuing to evaluate our pay equity for the majority of the U.S. workforce, which reviews compensation for equity and fairness;
- expanding our inclusive culture learning journey by educating TSMs on how to create and sustain a meaningful, inclusive and learning oriented culture; and
- continuing to drive a culture of wellness and engagement for our TSMs by fostering an environment where they can feel a sense of belonging and purpose.

Our employees continue to be one of our greatest assets. We employ approximately 25,000 people, with approximately 49% of our workforce based in the United States and approximately 51% based outside of the United States.

Our TSMs are the cornerstone of the Company. We provide a connected and caring community that invests in the career journey of our TSMs and encourages their contribution to our mission of making the world healthier. Our TSM experience strategy is centered around our Team Schein Values under the pillars of Community, Caring and Career. We know our business success is built on the engagement and commitment of our team, which is dedicated to meeting the needs of their fellow TSMs, our customers, supplier partners, stockholders and society.

We recognize the changes in how and where we work, and that a continued connection to our long-standing values is important for our team members as we evolve our culture. Throughout 2024, we rolled out a continuous listening program that used various vehicles, including The Pulse Global Culture Survey and TSM roundtables, to garner feedback from our TSMs on their employee experience. We believe that a great employee experience also drives a great customer experience. We want all of our TSMs to pursue their ambitions, deliver within our values driven culture, and enjoy a rewarding career enabled by great people leaders. The Pulse Global Culture Survey was redesigned in 2023 to measure scores aligned to our Team Schein Values. Our recent annual Pulse survey indicated that although there were heightened stress levels caused by the 2023 cyber incident and restructuring initiatives, TSMs generally remained satisfied with their work experience, felt connected to their colleagues and intended to stay with Henry Schein. This year, data suggests continued opportunities to improve how we cascade communications to all levels of the organization, continue to reduce burnout and stress and provide more transparency around opportunities for career development. Throughout the year, we also administer quarterly employee listening surveys as a way to continuously understand and respond to our TSMs' feelings. This feedback is shared with our Executive Management Committee and Board of Directors, both of whom are committed to addressing identified opportunities. As part of this commitment, some highlights from 2024 included:

- **Community:** *Provide opportunities for TSMs to have fun while contributing to an inclusive team that respects and supports one another.*
 - Continued focus on creating an inclusive environment where TSMs feel a sense of belonging; notably, in 2024 for the third time, our top strength identified in The Pulse Global Culture Survey was our Company's inclusive culture. To deepen our commitment to inclusion across the Company, Global Directors and Vice Presidents and U.S. Managers are responsible for attending educational training focused on developing our culture. We continue to expand our learning journey, educating TSMs on key topics that help us develop a culture of inclusion and understanding. We continue to publish our United States Equal Employment Opportunity Commission ("EEOC") EEO-1 data for the U.S.
 - Completed our first year of Henry Schein Games, a global virtual platform that drives community and engagement and offers field-day type in-person events at various global locations that brought TSMs together through friendly competition by earning points for their team by engaging in cultural-related activities and posting photos.
 - Expanded the number of "Connection Days" throughout the globe at Henry Schein facilities, which were designed to boost team morale by bringing TSMs together to participate in team building activities at least once per quarter.
 - Continued focus on our Employee Resource Groups ("ERGs"), a vehicle for all TSMs to share, connect, learn and develop both personally and professionally. In 2024, we launched our seventh ERG, ADAPT (Able and Disabled Allies Partnering Together). Each of our ERGs has a sponsor from our Executive Management Committee and Board of Directors. Our CEO engages directly in many of our ERG programs.
 - Certified over 200 TSMs through our Culture Ambassador Program, which educates TSMs on our culture and certifies TSMs as mentors to new hires during their first 90 days to ensure new TSMs understand how we live our values day to day, and how they can engage in the Team Schein Culture.
- **Caring:** *Build a world we want to live in by supporting each other and the communities in which we live and work.*
 - Continued to offer a variety of opportunities to volunteer to drive purpose and engage in local communities in which TSMs live and work, such as through Carry the Load, the We Care Global Challenge, Back to School and Holiday Cheer.
 - Continued to strengthen our strategic partnerships with industry associations, customers and suppliers that support access to quality health care through various key programs and initiatives (e.g., Gives Kids A Smile, Cares Package Program, Global Student Outreach Program and Prepare to Care).
 - Expanded our global and highly rated Steps for Suicide Prevention campaign, which brings TSMs together to walk for a cause and provide education, partnering with the American Foundation for Suicide Prevention, Suicide Awareness and Remembrance (for Veterans) and other local organizations.
 - We also understand the importance of driving a culture of wellness for our own team members through our Mental Wellness Committee, which is supported by our CEO, Executive Management Committee and Board of Directors. In 2024, we rolled out a 'Banish Burnout' campaign, partnering with an external wellness professional to create individualized tips and programming based on the burnout tendencies each TSM faces.

- ***Career:*** *Provide opportunities for TSMs to develop personally and professionally with an emphasis on embodying our values to achieve our collective goals with excellence and integrity.*
 - Continued investment in our Team Schein Members by providing both formal and informal learning opportunities focused on growing and enhancing knowledge, skills and abilities through a broad suite of professional development training programs for current and future roles. In 2024, we saw an increase in participation in our workshops, with TSMs reporting a high utilization of skills learned.
 - Continued expansion of our leadership development programs, with formal mentorship and coaching programs.
 - Continued roll-out of talent planning efforts designed to ensure a strong leadership pipeline across the organization by strategically identifying and developing talent through targeted development opportunities and intentional succession plans. Information derived from talent planning efforts informs curriculum design and content to help focus on the right capabilities and help ensure alignment of career development efforts with the future needs of the organization. Our Board of Directors is provided with periodic updates regarding our talent and succession planning efforts and participates in professional development activities with our TSMs.
 - Announced the creation of the Core Leadership Capabilities (“CLCs”), a skills-based model for all TSMs that highlights the leadership capabilities that all TSMs are expected to demonstrate for career success. The CLCs are a common language and foundational step to developing and refining the tools, processes and programs which support the evolution of a TSM’s career including enhancing skills and career development, leading to enhanced career pathing and internal mobility.
 - Enhanced Company-wide recognitions, including our Teddy Philson Team Schein Award, which was redesigned in 2023 to provide more visibility and meaningful recognition to TSMs who exemplify our Team Schein Values, as well as other programs including service awards which highlight TSMs who exemplify our Team Schein Values. In 2024, we recognized 15 award winners around the world at our Global Directors and Vice Presidents Management Meeting.

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines, a copy of which is available on our Internet website at www.henryschein.com, under the “Our Company—Corporate Governance Highlights” caption. Our Corporate Governance Guidelines address topics such as (i) role of the Board of Directors, (ii) director responsibilities, (iii) Board of Directors’ composition, (iv) definition of independence, (v) lead director, (vi) committees, (vii) selection of Board of Directors nominees, (viii) orientation and continuing education of directors, (ix) executive sessions of independent directors, (x) management development and succession planning, (xi) Board of Directors’ compensation, (xii) attendance of directors at the annual meeting of stockholders, (xiii) service on other boards, (xiv) Board of Directors access to management and independent advisors, (xv) annual evaluation of Board of Directors and committees, (xvi) submission of director resignations and (xvii) communications with the Board of Directors.

Among other things, the Company’s Corporate Governance Guidelines provide that it is the Board of Directors’ policy to periodically review issues related to the selection and performance of the Chief Executive Officer. At least annually, the Chief Executive Officer must report to the Board of Directors on the Company’s program for management development and on succession planning. In addition, the Board of Directors and Chief Executive Officer shall periodically discuss the Chief Executive Officer’s recommendations as to a successor in the event of the sudden resignation, retirement or disability of the Chief Executive Officer.

The Company’s Corporate Governance Guidelines also provide that it is the Board of Directors’ policy that, in light of the increased demands facing directors, directors must be able to devote sufficient time to carrying out their duties and responsibilities effectively. The Board believes that directors should limit the number of boards of other public companies on which its members serve to ensure their effectiveness as a member of the Company’s Board. In March 2024, upon recommendation of the Nominating and Governance Committee, the Board of Directors amended the Company’s Corporate Governance Guidelines to include a director time commitment policy. Under the director time commitment policy, the Company’s Chief Executive Officer and non-executive directors who are employed as the chief executive officer of another publicly traded company should not serve on more than two other public company boards in addition to serving on our Board of Directors, while other non-executive directors should not serve on more than four other public company boards in addition to serving on our Board of Directors. Under the policy, directors should advise the Chairman, the Lead Director and the Chairperson of the Nominating Committee in advance of accepting an invitation to serve on another public company board, any private company board or any not-for-profit board in order to evaluate whether the new directorship adversely impacts the director’s service on our Board of Directors, including whether the directorship creates any potential conflict of interest. In addition, directors should advise the Chairman, the Lead Director and the Chairperson of the Nominating Committee of any change in employment status. The Nominating and Governance Committee will consider the commitments of a director or candidate to other board memberships, among other significant professional commitments that the director maintains, in assessing the individual’s suitability for election or reelection to the Board of Directors. In March 2025, the Nominating and Governance Committee conducted a review of such commitments and affirmed that all directors and director nominees are in compliance with the Company’s director time commitment policy.

Code of Ethics

In addition to our Worldwide Business Standards applicable to all employees, we have adopted a Code of Ethics for Senior Financial Officers that applies to our Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer and Controller (if any), or persons performing similar functions. The Code of Ethics is posted on our Internet website at www.henryschein.com, under the “Our Company—Corporate Governance Highlights” caption. We will disclose on our website any amendment to, or waiver of, a provision of the Code of Ethics for Senior Financial Officers, or persons performing similar functions.

Insider Trading Policy

The Company has adopted an insider trading policy, and accompanying procedures, applicable to all of our employees (including all executive officers) and members of our Board of Directors, which we believe is reasonably designed to promote compliance with insider trading laws, rules and regulations, and Nasdaq listing standards. Our insider trading policy prohibits our employees from trading in securities of the Company while in possession of material, non-public information, and, among other things, requires that designated individuals holding certain positions only transact in Company securities during an open window period (with appropriate preclearance for members of our Executive Management Committee (including all executive officers) and Board of Directors), subject to limited exceptions. The Company also requires periodic training for certain senior officers and others likely to learn material, non-public information in the course of their job duties. The Company also has a practice that requires that any transactions by the Company in its securities are pre-cleared by appropriate members of its General Counsel’s office.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table presents certain information regarding beneficial ownership of our common stock (excluding unvested restricted stock units and unvested stock options that are exercisable more than 60 days from March 24, 2025) as of March 24, 2025 (unless otherwise noted below) by (i) each person we know is the beneficial owner of more than 5% of the outstanding shares of common stock, (ii) each director of the Company, (iii) each nominee for director of the Company, (iv) our Chief Executive Officer, our Chief Financial Officer, each of the other three most highly paid executive officers serving as of December 28, 2024 (the “Named Executive Officers” or “NEOs”), and (v) all directors and executive officers (including Named Executive Officers) as a group.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

Completion of our 2022-2024 BOLD+1 Strategic Plan

In fiscal 2024, we continued to make progress on our recently completed 2022-2024 BOLD+1 Strategic Plan, including exceeding our 2024 target of generating 40% of our worldwide operating income from high-growth, high-margin businesses. BOLD+1 has become the foundation of our transformation into a more agile, customer-centric, digital, and efficient company, leveraging synergies across our complementary businesses. Our 2022-2024 BOLD+1 Strategic Plan consisted of the following:

- **Build (“B”)** Complementary software, specialty, and services businesses for high growth
- **Operationalize (“O”)** One Distribution to deliver exceptional customer experience, increased efficiency, and growth
- **Leverage (“L”)** One Schein to broaden and deepen relationships with our customers
- **Drive (“D”)** Digital transformation for our customers and for Henry Schein
- **+1** Create Value for our stakeholders

The Company’s executive officer compensation program is designed to, among other things, align rewards with the achievement of the Company’s strategic plan. For each year of the strategic plan, a percentage (30% for fiscal 2024) of the target of our annual cash bonus plan for all Executive Management Committee members (which include our Named Executive Officers), is based on the achievement of the financial goals and performance objectives set forth in the Company’s strategic scorecard which goals directly reflect the priorities of the Company’s 2022-2024 BOLD+1 Strategic Plan. We look forward to advancing the opportunities contained in our updated 2025-2027 BOLD+1 Strategic Plan and to continue to tie a significant portion of our annual cash bonus compensation to directly reflect those strategic priorities. In particular, we are focused on continuing to grow our Henry Schein specialty brands and technology and value-added services solutions both organically and inorganically, and to drive greater efficiencies. We expect to drive organic growth by leveraging our product portfolio across businesses, developing new products and services that provide solutions for our customers, and growing our e-commerce business.

Executive Compensation Program Changes made in Fiscal 2024

As part of the annual review process of our executive compensation program and after considering stockholder perspectives shared with us during engagement meetings and benchmarking analyses, the Compensation Committee reviewed the performance objectives of the Company’s annual cash bonus plan (*i.e.*, the Henry Schein Incentive Plan (“HSIP”), formerly known as the Performance Incentive Plan) and the Company’s equity compensation program (*i.e.*, the Long Term Incentive Program under the 2024 Stock Incentive Plan as defined below (“LTIP”)) and approved certain refinements to our executive compensation program design that became effective starting with fiscal 2024 and maintained certain other provisions.

- **Replaced non-financial metrics in favor of financial metrics:** The Compensation Committee updated the Company’s strategic scorecard goals (which goals directly reflect the priorities of the Company’s then current three-year strategic plan and which make up 30% of the 2024 HSIP bonus for each Named Executive Officer) to remove all non-financial metrics (except for a performance objective tied to the launch of our new global e-commerce platform) and streamline the financial metrics.
- **Maintained at least 50% of all equity grants to Named Executive Officers as PSUs (65% for CEO):** Awards under the 2024 LTIP for our CEO consisting of 65% performance-based restricted stock units (“PSUs”) and 35% time-based restricted stock units (“RSUs”) and our Named Executive Officers (other than our CEO) consisting of 50% PSUs and 50% RSUs.
- **Base Salary:** The fiscal 2024 base salaries for Messrs. Bergman and Breslawski increased by 4%, in line with the average merit increase for our U.S. employees. Based on market adjustments following a benchmarking analysis of our peer companies, the fiscal 2024 base salaries for Messrs. South, Mlotek and Ettinger increased by 8.1%, 7.9% and 10.7%, respectively.
- **2024 HSIP:** The fiscal 2024 target bonuses under the HSIP for all Named Executive Officers (other than Messrs. South and Ettinger) increased by 4%. Based on market adjustments following a benchmarking analysis of our peer companies, the fiscal 2024 HSIP target bonus for Messrs. South and Ettinger increased by 10% and 16.5%, respectively. Based on a benchmarking analysis of our peer companies, the maximum payout for the Company Financial/EPS component of the HSIP was increased from 150% to 200%.
- **2024 LTIP:** The grant date fair value of the 2024 LTIP awards for Messrs. Bergman and Breslawski increased by 5%. Based on market adjustments following a benchmarking analysis of our peer companies, the grant date fair value of the 2024 LTIP awards for Messrs. South, Mlotek and Ettinger increased by 11.1%, 7% and 14.3%, respectively.

We believe these compensation program designs and decisions reflect preferences of our stockholders and are aligned with best market practices.

Components of the Executive Compensation Program

The Company's executive compensation program consists of four main components: (i) base salary; (ii) annual incentive compensation opportunity; (iii) long-term equity-based awards and (iv) benefits and perquisites. As described below, annual and long-term performance-based awards represent a major portion of total compensation for the Named Executive Officers. The combination of these four components of our executive compensation program is designed to balance Company annual operating objectives and earnings performance with longer-term Company stockholder value creation goals.

A major portion of total compensation for our Named Executive Officers is placed at risk through annual and long-term incentives tied to the achievement of performance metrics and/or stock appreciation. In fiscal 2024, the sum of annual incentive compensation (under the heading "Non-Equity Incentive Plan Compensation"), PSUs (based on target achievement) and RSUs represented (i) 82% of the total compensation for our CEO and (ii) between 67% and 77% of the total compensation for the Named Executive Officers (other than our CEO). We seek to provide competitive compensation that is commensurate with performance. We generally target compensation at the median of the market and calibrate both annual and long-term incentive opportunities to generate less-than-median awards when goals are not fully achieved and greater-than-median awards when goals are exceeded. (See "Pay Levels and Benchmarking" set forth below.)

Base Salary. The Compensation Committee annually reviews and approves base salary for the Named Executive Officers.

Annual Incentive Compensation. The components of the Company's annual incentive compensation (*i.e.*, bonuses under the HSIP) are set by the Compensation Committee annually and are designed to reward the achievement of pre-established performance goals.

Each executive officer's annual incentive compensation under the HSIP (other than Mr. Bergman's) is based on the following weighted components:

- the Company's corporate financial (*i.e.*, EPS) goal (subject to the adjustments as described herein);
- the executive officer's specific business unit financial goals and individual performance goals; and
- financial goals and performance objectives set forth in the Company's strategic scorecard, which goals are directly tied to the Company achieving its then-current three-year strategic plan.

Mr. Bergman's annual incentive compensation under the HSIP is based on the following weighted components:

- the Company's corporate financial (*i.e.*, EPS) goal (subject to the adjustments as described herein); and
- financial goals and performance objectives set forth in the Company's strategic scorecard which goals are directly tied to the Company achieving its then-current three-year strategic plan.

Long-Term Equity-Based Awards. The Compensation Committee approved equity-based awards for fiscal 2024 ("2024 LTIP") under the Company's Long Term Incentive Program under the Henry Schein, Inc. 2024 Stock Incentive Plan as amended and restated as of May 21, 2024 (the "2024 Stock Incentive Plan") that contained a strong performance-based focus and consisted of PSUs and time-vested restricted stock units. Consistent with the approach taken in fiscal 2023, the following approach was taken with respect to the 2024 LTIP grants:

- In fiscal 2024, our CEO received 65% PSUs and 35% RSUs and our other Named Executive Officers received 50% PSUs and 50% RSUs; and
- PSUs granted in fiscal 2024 to participants, including the Named Executive Officers, are tied to the Company's (i) EPS performance over the three-year performance period (weighted at 75% of the total PSU award) and (ii) return on invested capital performance over the three-year performance period (weighted at 25% of the total PSU award), in each case subject to any potential required adjustments as described below. When the Company successfully achieves its three-year cumulative EPS goal ("EPS goal") and its three-year average return on invested capital goal ("ROIC goal"), participants, including the Named Executive Officers, are paid shares under their PSUs at target levels. When the Company's performance exceeds the EPS goal and/or the ROIC goal, participants, including the Named Executive Officers, receive additional shares under their PSUs (with respect to the applicable weighted component of the PSU that exceeded the goal) up to a 200% maximum payout. When the

Company's performance does not meet the EPS goal and/or the ROIC goal, shares paid to participants (including the Named Executive Officers) under their PSUs (with respect to the applicable weighted component of the PSU that did not meet the goal) are reduced or eliminated.

Benefits and Perquisites. The Company provides a program commensurate with competitive practices that is generally consistent with the benefits provided to other employees. The Company does not provide any tax gross-ups to our Named Executive Officers (other than for relocation expenses). See "Compensation Structure—Pay Elements—Details—Benefits and Perquisites" set forth below.

Compensation Objectives and Strategy

The Company's executive officer compensation program is designed to attract and retain the caliber of officers needed to ensure the Company's continued growth and profitability, and to reward them for their performance, the Company's performance and for creating long-term value for stockholders. The primary objectives of the program are to:

- align rewards with the achievement of performance that enhances stockholder value;
- align rewards with the achievement of the Company's strategic plan;
- support the Company's strong team-based orientation;
- encourage high-potential team players to build a career at the Company; and
- provide rewards that are cost-efficient, competitive with other organizations and fair to employees and stockholders.

The Company's executive compensation programs are approved and administered by the Compensation Committee of the Board of Directors. Working with management and outside advisors, the Compensation Committee has developed a compensation and benefits strategy that rewards performance (including, without limitation, achievement of the Company's strategic plan), promotes appropriate conduct and reinforces a culture that the Compensation Committee believes will continue to drive long-term success for the Company, thereby enhancing stockholder value. The compensation program rewards team accomplishments while, at the same time, promoting individual accountability. The Company has a planning and goal-setting process that is fully integrated into the compensation system, intended to result in a strong relationship between individual efforts, business unit financial results, Company financial results, and the Company's achievement of its strategic plan with executive officer financial rewards.

We seek to promote a long-term commitment to the Company by our senior executives. We believe that there is great value to the Company in having a team of long-tenured, seasoned managers to enable us to capitalize on our growth strategies. Our team-focused culture and management processes are designed to foster this commitment. The vesting schedules attached to LTIP awards (three-year cliff vesting for PSUs and four-year cliff vesting for RSUs) reinforce this long-term orientation.

Role of the Compensation Committee

General

The Compensation Committee provides overall guidance for our executive compensation policies and determines the amounts and elements of compensation for our executive officers, including the Named Executive Officers. The Compensation Committee's function is more fully described in its charter which has been approved by our Board of Directors and is available on our Internet website at www.henryschein.com, under the "Our Company—Corporate Governance Highlights" caption.

When considering decisions concerning the compensation of the Named Executive Officers (other than the Chief Executive Officer), the Compensation Committee asks for recommendations from Mr. Bergman, including his detailed evaluation of each executive's performance during the relevant fiscal year.

Use of Outside Advisors

In making its determinations with respect to executive compensation, the Compensation Committee has historically engaged the services of an independent compensation consultant, Pearl Meyer. Pearl Meyer has also assisted the Compensation Committee with several special projects, including advice on director compensation. Other than the work of Pearl Meyer Leadership Consulting, a consulting unit of Pearl Meyer focused on management leadership and development, described on page 24 of this proxy statement,

which the Compensation Committee concluded did not change its independence determination regarding Pearl Meyer, Pearl Meyer does no other work for the Company.

The Compensation Committee retains Pearl Meyer directly, and Pearl Meyer reports directly to the Compensation Committee. However, in carrying out its assignments and during the course of providing services to the Compensation Committee, Pearl Meyer may interact with Company management when necessary and appropriate in order to obtain relevant compensation and performance data for the executives and the Company. In addition, Pearl Meyer may seek input and feedback from Company management regarding Pearl Meyer's work product and analysis prior to presenting such information to the Compensation Committee in order to confirm Pearl Meyer's understanding of the Company's business strategy or identify data questions or other similar issues, if any.

The Compensation Committee, with the assistance and independent advice from Pearl Meyer, annually reviews competitive compensation data prepared by Willis Towers Watson, a professional services/human resources consulting company which provides a number of services to the Company.

The Compensation Committee has the authority to retain, terminate and set the terms of its relationship with any outside advisors who assist the committee in carrying out its responsibilities.

Say-on-Pay Votes and Stockholder Feedback

The Company provides its stockholders with the opportunity to cast an annual advisory vote on the Company's most recently completed fiscal year's executive compensation (such proposal, the "say-on-pay proposal"). At the Company's 2024 Annual Meeting, 87.8% of the votes cast on the say-on-pay proposal at the meeting were in favor of the say-on-pay proposal. The Compensation Committee evaluated this result and, after consideration, concluded that the voting result reflects our stockholders' continued support of the Company's approach to executive compensation.

In 2024 and into early 2025, we continued to have dialogues with stockholders focused on a range of topics including executive compensation, corporate governance, and sustainability initiatives. We offered engagement to 34 stockholders holding approximately 67% of our outstanding common stock in the aggregate (as of the date of offer) and engaged with 26 stockholders holding a total of approximately 56% of our outstanding common stock in the aggregate (as of the date of engagement). Such engagement was led by Mr. Laskawy, the Chairperson of our Nominating and Governance Committee/Lead Director and Ms. Faig, and each such meeting was attended by Mr. Laskawy and/or Ms. Faig as well as our Corporate Secretary, our Vice President of Investor Relations and our Vice President, Chief Sustainability Officer.

As noted in the Executive Summary, as part of the annual review process of our executive compensation program and after considering stockholder perspectives shared with us during engagement meetings and benchmarking analyses, the Compensation Committee approved certain refinements to our executive compensation program design that became effective starting with fiscal 2024 and maintained certain other provisions. In addition, in March 2025, the Compensation Committee made certain decisions related to the payout of 2022 PSUs.

- ***Replaced non-financial metrics in favor of financial metrics:*** Stockholders expressed their desire for executive officers' annual cash bonus plan (the HSIP) performance metrics to be tied to financial metrics as opposed to non-financial goals. The Compensation Committee updated the Company's strategic scorecard goals (which goals directly reflect the priorities of the Company's then current three-year strategic plan and which make up 30% of the 2024 HSIP bonus for each Named Executive Officer) to remove all non-financial metrics (except for a performance objective tied to the launch of our new global e-commerce platform) and streamline the financial metrics.
- ***Maintained at least 50% of all equity grants to Named Executive Officers as PSUs (65% for CEO):*** Awards under the 2024 LTIP for our CEO consisted of 65% PSUs and 35% RSUs and for our Named Executive Officers (other than our CEO) consisted of 50% PSUs and 50% RSUs.
- ***0% Payout of PSUs in March 2025:*** In March 2025, the PSUs granted to Named Executive Officers in 2022 vested with an achievement of 82.1% of the three-year cumulative EPS performance goal, which resulted in a payout of 0% of the original number of PSUs granted. The main factors in the 0% payout were lower sales as a result of macro-economic conditions and slower recovery of business from the impact of the October 2023 cyber incident, and lower pricing for personal protective equipment (PPE) products as compared to the estimates used when creating the three-year cumulative EPS goal in 2022, as well as impairment charges and changes in contingent considerations recorded in 2022, 2023 and 2024, and an increase in amortization expense following acquisition activity in 2023 and 2024. The Compensation Committee reviewed the performance of the Company and the resulting payout and determined no adjustments would be made to the 0% payout for any recipient of 2022 PSUs (including the Named Executive Officers).

We believe these compensation program designs and decisions reflect preferences of our stockholders and are aligned with best market practices. We greatly appreciate the valuable perspectives our stockholders have shared and are committed to continuing the dialogue. The Compensation Committee will continue to consider the outcome of the Company's say-on-pay proposals and stockholder discussions and perspectives when making future compensation decisions.

Compensation Structure

Pay Element—Overview

The Company utilizes four main components of compensation:

- *Base Salary*—fixed pay that takes into account an individual's role and responsibilities, experience, expertise and individual performance;
- *Annual Incentive Compensation*—variable pay that is designed to reward attainment of annual business goals, with payout of target award goals generally expressed as a percentage of base salary;
- *Long-Term Equity-Based Awards*—stock-based awards including PSUs and RSUs; and
- *Benefits and Perquisites*—includes medical, dental, life, disability and business travel insurance benefits, retirement savings and, in the case of Mr. Bergman, certain additional services as described below.

Pay Elements—Details

Base Salary

The Compensation Committee annually reviews executive officer salaries and makes adjustments, as warranted, based on individual responsibilities and performance, Company performance in light of market conditions and competitive practice and benchmarking analyses of our peer companies. Salary adjustments are generally approved and implemented during the first quarter of the calendar year (typically in March). In March 2024, based on individual responsibilities and performance, the Company's performance and competitive market data with respect to base salary pay practices, the Compensation Committee increased the base salaries for Messrs. Bergman and Breslawski by 4%, in line with the average increase for our U.S. employees and for Messrs. South, Mlotek and Ettinger (based on market adjustments following a benchmarking analysis of our peer companies) by 8.1%, 7.9% and 10.7%, respectively.

Annual Incentive Compensation

Annual incentive compensation for each of the Company's executive officers is determined and paid under the Henry Schein Incentive Plan for such year. In March 2024, based on individual responsibilities and performance, the Company's performance and competitive market data with respect to short-term cash compensation performance pay practices, the Compensation Committee increased the target bonuses under the 2024 HSIP for all Named Executive Officers (other than Messrs. South and Ettinger) by 4% and for Messrs. South and Ettinger (based on market adjustments following a benchmarking analysis of our peer companies) by 10% and 16.5%, respectively.

Components of the HSIP

The components of the HSIP are designed to reward the achievement of pre-established corporate financial, business unit financial/individual performance goals and the Company's strategic scorecard goals. The Compensation Committee sets the HSIP's performance goals and target payout for the Chief Executive Officer. With respect to the executive officers (other than the Chief Executive Officer), at the beginning of each year, the Chief Executive Officer recommends to the Compensation Committee which executive officers should participate in the HSIP for that year and, following review and approval by the Compensation Committee, such officers are notified of their participation. The Chief Executive Officer recommends to the Compensation Committee the HSIP's performance goals and target payout for executive officers (other than himself), subject to the Compensation Committee's review and approval.

HSIP targets and goals for fiscal 2024 for the Named Executive Officers were established at the beginning of fiscal 2024. For the Named Executive Officers (other than Mr. Bergman), the performance goals under the 2024 HSIP were based on:

- the Company's 2024 EPS measured against pre-established standards, as may be adjusted pursuant to the terms of the 2024 HSIP (the "2024 Company Financial/EPS Goal"), subject to the adjustments as described herein;

- achievement of financial goals in their respective business units and individual performance objectives (“Business Financial/Individual Goals”), subject to the adjustments as described herein; and
- achievement of the financial goals (and one performance objective) set forth in the Company’s strategic scorecard (“Strategic Scorecard Goals”) which directly reflect the priorities of the Company’s then current three-year strategic plan.

The weight (expressed as a percentage of the HSIP target payout) for each component of the 2024 HSIP awards for the Named Executive Officers (other than Mr. Bergman) was (i) 30% 2024 Company Financial/EPS Goal, (ii) 40% Business Financial/Individual Goals and (iii) 30% Strategic Scorecard Goals.

2024 Company Financial/EPS Goal

In January 2024, the Compensation Committee considered the advantages and disadvantages of potential performance metrics (including, among others, revenue, strategic objectives, operating income/margin, cash flow and industry specific goals) evaluated against the current performance objectives of the HSIP, including market data for large public companies’ practices. Following such review, in March 2024, with respect to the 2024 HSIP, the Compensation Committee approved (i) the continued use of annual EPS as the Company financial metric, (ii) the continued use of operating income, business unit expense, industry specific goals and similar factors for the Business Financial/Individual Goals, and (iii) continuing to weigh the strategic objectives related to the Company’s 2022-2024 strategic plan for the Strategic Scorecard Goals to account for 30% of the 2024 HSIP for executive officers and other executive management but with more streamlined financial metrics.

The Compensation Committee sets the goals for HSIP awards such that incentive compensation is paid at less-than-median of the market awards when Company Financial/EPS Goals are not fully achieved and greater-than-median awards when goal(s) are exceeded. Following a benchmarking analysis of our peer companies, in February 2024, the Compensation Committee increased the maximum payout percentage for the Company Financial/EPS Goal under the 2024 HSIP to 200% (an increase from the maximum amount of 150% under the 2023 HSIP).

Under the 2024 HSIP, the Compensation Committee may adjust the 2024 Company Financial/EPS Goal and Business Financial/Individual Goals for the following factors (which factors were pre-established by the Compensation Committee in the first quarter of 2024):

- acquisitions, dispositions and new business ventures (based on the approved model pre-established in writing) not initially considered when developing the HSIP goal, including:
 - the effect of accretion or dilution relating to unbudgeted acquisitions (or dispositions) but only for the first 12 months following the transaction (or shorter time period, if applicable), and any variance from the acquisition model originating from differences in acquisition accounting adjustments (e.g., assets step ups or other fair value adjustments) are to be excluded;
 - any gain, loss or expense related to the disposal of a business or discontinued operations that was not previously considered when developing the HSIP goal;
 - unbudgeted acquisition and professional fees and expenses related to closed acquisitions or dispositions incurred in the year of the acquisition or disposition, but only for that year; and
 - unbudgeted acquisition and professional fees and expenses relating to individual unclosed acquisitions or dispositions, where such fees and expenses exceed \$300,000, in which case all such fees and expenses (from the first dollar) shall be excluded;
- capital transactions (including capital stock repurchases) to the extent the adjustment was not already contemplated in the HSIP goal;
- other differences in budgeted average outstanding shares (other than those resulting from capital transactions referred to above);
- the financial impact, either positive or negative, of the changes in foreign exchange rates from the rates used in setting the budgeted EPS goal for the fiscal year; and
- the actual financial impact of the following matters to the extent the related activity was not already contemplated in the goal:
 - restructuring costs incurred related to publicly announced restructuring plans and separately identified in the Company’s periodic filings,
 - amortization expense recorded for acquisition-related intangible assets;

- any impairment charges for acquisition intangibles or goodwill separately identified in the Company's periodic filings;
- any judgments, settlements or other payments, each exceeding \$100,000, in connection with, or arising from, certain litigation matters;
- the impact of any increase or decrease in tax rates in any country in which the Company derives greater than 5% of its net income;
- changes in accounting principles or in applicable laws or regulations; and
- unforeseen events or circumstances affecting the Company.

Additionally, the Compensation Committee may further adjust the goal for any other unforeseen event or other facts and circumstances beyond the control of the Company, by an amount equal to a reasonable estimate of the expected accretion or dilution, based on information provided to them by executive management. In the event the Compensation Committee makes adjustments in accordance with the preceding sentence, the Compensation Committee in its sole discretion will determine the HSIP award payouts that correspond to the levels of achievement of the adjusted goal. The Compensation Committee may award all or a portion of a HSIP award upon the attainment of any goals (including the applicable predefined goals). The Compensation Committee or the Chief Executive Officer (solely with respect to non-executive officers) may also grant discretionary awards under the HSIP.

Business Financial/Individual Goals and Strategic Scorecard Goals for Named Executive Officers (other than the CEO)

Business Financial/Individual Goals vary for each Named Executive Officer as the goals reflect each executive's specific role and function. Strategic Scorecard Goals are the same for all Named Executive Officers and are tied to the advancing of the Company's then current three-year strategic goals. Financial measures included in such goals are adjusted in a manner similar to adjustments made to the 2024 Company Financial/EPS Goal (as described above).

Business Financial/Individual Goals are designed to motivate executive officers to achieve challenging, but attainable goals for talented executives. Strategic Scorecard Goals are designed to motivate executive officers to achieve the Company's challenging, but attainable then current three-year strategic plan. The Compensation Committee sets the goals for HSIP awards such that incentive compensation is paid at less-than-median of the market awards when Business Financial/Individual Goals or Strategic Scorecard Goals are not fully achieved and greater-than-median awards when goal(s) are exceeded. The maximum payout percentage under the HSIP for the Named Executive Officers ranges from 115% to 200% for the Business Financial/Individual Goals (depending on the specific category of goal applicable to such Named Executive Officer). With respect to the Strategic Scorecard Goals, the maximum percentage payout is 115%.

For each Named Executive Officer (other than Mr. Bergman whose annual incentive compensation is described below), the Business Financial/Individual Goals are as follows:

- Mr. South: (i) achievement against the expense budget for the Company's Corporate Finance Group; and (ii) achievement against the target goals related to (a) Company financial goals, (b) internal controls over financial and tax reporting and enterprise risk management, (c) strategic planning and (d) key investor relations initiatives.
- Mr. Mlotek: (i) achievement against the expense budget for (a) merger and acquisition expenses and (b) the Corporate Business Development Group expenses and (ii) achievement against the target goals related to (a) operating income following a certain period after acquisitions and deal costs, (b) key initiatives and business development projects, (c) leadership and integration support for joint ventures and (d) strategic planning and strategic initiatives.
- Mr. Ettinger: (i) achievement against the expense budget for the Company's Legal, Regulatory and Compliance Groups and other corporate administration expenses; and (ii) achievement against the target goals related to (a) strategic planning projects, (b) data strategy and projects, (c) executive management and Board of Directors governance initiatives and (d) communication strategies.
- Mr. Breslawski: (i) achievement against the target goals of the Company's operating income; (ii) achievement against the target goals related to (a) strategic planning projects, (b) strategies to maximize business synergies for joint ventures and (c) senior leadership development and (ii) communications strategies.

The Strategic Scorecard Goals for each Named Executive Officer (including Mr. Bergman) measure (i) quantitative financial goals related to expanding the Company's high-growth, high-margin businesses, (ii) advancing our digital transformation by launching our global e-commerce platform (including achievement against the expense budget) and (iii) quantitative financial goals related to advancing sales of our corporate brands portfolio and leveraging the Company's One Schein customer offerings (*i.e.*, a comprehensive network of innovative solutions and services, along with our distribution capabilities, to provide an enhanced experience). The Strategic

Scorecard Goals have a maximum payout of 115% and no payout where performance achieved is under 70% for financial goals and under 50% for non-financial goals. On March 4, 2025, the Compensation Committee certified the achievement of the Strategic Scorecard Goals resulting in a payout of 98.3% of the 2024 Strategic Scorecard Goals portion of the HSIP award set by the Compensation Committee under the 2024 HSIP.

2024 HSIP: Annual Incentive Compensation for Named Executive Officers (other than the CEO)

In February 2024, the Compensation Committee set the 2024 Company Financial/EPS Goal designed to result in an award payout equal to 100% under the 2024 HSIP. The Compensation Committee set the target 2024 Company Financial/EPS Goal at \$5.04. The maximum payout under the 2024 Company Financial/EPS Goal portion of the 2024 HSIP is 200%.

In March 2025, the Compensation Committee completed the pre-defined process to adjust the goal and to approve the adjustments that were applied to the actual results, in each case, based on the pre-determined adjustments authorized under the HSIP. For the 2024 HSIP, adjustments to the 2024 Company Financial/EPS Goal included the effects during fiscal 2024 of the impact of acquisitions (including minority interests), certain capital transactions (including capital stock repurchases) and changes in foreign exchange rates. As a result, the Compensation Committee approved an adjustment to increase the 2024 Company Financial/EPS Goal to \$5.17.

During the first quarter of 2025, the Chief Executive Officer reviewed, with respect to fiscal 2024, the relevant financial and operating performance achievements of the Company and its business units, as well as the individual performance of the participating officers (other than himself), against the HSIP performance goals that had been previously established, and submitted proposed HSIP payouts for the participating officers to the Compensation Committee for review and approval.

Our actual reported 2024 non-GAAP diluted EPS, adjusted for restructuring costs, amortization of acquisition intangibles, impairment of intangible assets, litigation settlements, impairment of capitalized assets, insurance proceeds and one-time costs related to the October 2023 cyber incident, change in contingent consideration and costs associated with shareholder advisory matters, was \$4.74. Our diluted non-GAAP EPS used for the purposes of the HSIP achievement calculation was \$4.74, and it was calculated as the reported 2024 non-GAAP diluted EPS adjusted to exclude certain items not previously approved by the Compensation Committee in the 2024 HSIP Plan, including impairment of capitalized assets, gain resulting from the purchase of a controlling interest of a previously held non-controlling equity investment, costs associated with shareholder advisory matters, insurance proceeds and one-time costs related to the October 2023 cyber incident. Our financial results reflect slower than anticipated recovery from the October 2023 cybersecurity incident and a challenging economic environment in certain markets. This resulted in a performance achievement of 91.8% and a payout of 58.9% of the 2024 Company Financial/EPS Goal portion of the HSIP award being awarded to the Company's Named Executive Officers under the 2024 HSIP. The payout of the 2024 HSIP awards for the Named Executive Officers appears in the Summary Compensation Table in the column captioned "Non-Equity Incentive Plan Compensation."

2024 HSIP: Annual Incentive Compensation for CEO

Mr. Bergman's annual incentive compensation for 2024 had the following components:

- achievement of the 2024 Company Financial/EPS Goal, subject to the adjustments as described herein (weighted at 70% of his total award); and
- the Company's Strategic Scorecard Goals (weighted at 30% of his total award).

Based on 2024 achievement levels (payout of 58.9% for the 2024 Company Financial/EPS Goal and 98.3% for the Strategic Scorecard Goals, each as described above), the Compensation Committee determined Mr. Bergman was entitled to a \$1,813,756 bonus under the HSIP with respect to 2024 performance. Such amount appears in the Summary Compensation Table in the column captioned "Non-Equity Incentive Plan Compensation."

Clawback

Our HSIP awards (including the 2024 HSIP) are subject to a clawback whereby the Company has the right to recoup from the participant (including the Named Executive Officers) and the participant is required to repay the Company an amount equal to the HSIP cash bonus paid to the participant, if the participant engages in a competitive activity (as defined in the HSIP) or violates an applicable non-disclosure, non-solicitation of employees or other restrictive covenant between the participant and the Company on or after the payment date, but on or prior to the first anniversary of the payment date. In addition, the Company adopted the Dodd-Frank Policy (defined below under "Dodd Frank Policy and Incentive Compensation Recoupment (Clawback) Policy") which applies to HSIP awards granted to our current and former executive officers, including our Named Executive Officers.

In February 2024, the Compensation Committee amended the Company's Performance Incentive Plan to, among other things, rename it the Henry Schein Incentive Plan and add scenarios where payments made under the plan may be subject to a clawback (whereby the Company has the right to recoup from the participant (including the Named Executive Officers) and the participant is required to repay the Company an amount equal to the HSIP cash bonus paid to the participant), including (i) when a determination is made by the Company that the participant engaged in conduct reasonably expected to constitute Cause (as defined in the HSIP), regardless of whether employment is terminated as a result of such determination and (ii) provide that HSIP awards are subject to (a) the Company's Incentive Compensation Recoupment Policy, (b) the Company's Dodd-Frank Policy and (c) any other clawback and/or recoupment policy approved by the Board of Directors or the Compensation Committee (or other committee of the Board of Directors) from time to time. For the purposes of the HSIP, "Cause" generally means (i) the participant's commission of fraud or any felony in connection with the participant's duties as an employee of the Company or any of its affiliates, or willful misconduct or any act of disloyalty, fraud or breach of trust or confidentiality as to the Company or any of its affiliates, or the participant's commission of a foregoing act or the commission of any other act which causes or may be reasonably expected to cause economic or reputational injury to the Company or any of its affiliates, (ii) the participant's termination of employment with the Company or any of its affiliates is or would be deemed to be for "Cause" under any employment agreement between the Company or any of its affiliates and the participant, or is expressly provided for under an award under the HSIP, and/or (iii) any breach by the participant of any agreement with the Company or any of its affiliates.

Long-Term Equity-Based Awards

The Company and the Compensation Committee believe that long-term equity-based awards are an important factor in aligning the long-term financial interest of the officers and stockholders. The Compensation Committee continually evaluates the use of equity-based awards and intends to continue to use such awards in the future as part of the design and administration of the Company's executive compensation program.

Type of Award

Under the Company's LTIP pursuant to the 2024 Stock Incentive Plan, in fiscal 2024, the Company allocated equity-based awards using a combination of:

- PSUs; and
- RSUs.

Following consultation with its independent compensation consultant and feedback from our stockholder engagements, in March 2024, the Compensation Committee approved the awards under the 2024 LTIP for our CEO consisting of 65% PSUs and 35% RSUs and our Named Executive Officers (other than our CEO) consisting of 50% PSUs and 50% RSUs, consistent with our approach in fiscal 2023.

Vesting

PSUs generally vest 100% on the third anniversary of the grant date (three-year cliff vesting) upon achievement of specified performance vesting goals, and RSUs generally vest 100% on the fourth anniversary of the grant date (four-year cliff vesting), in each case subject to continued service from the grant date until the applicable vesting date (except that the grants provide for pro-rated or accelerated vesting upon certain qualifying terminations such as retirement, death or disability, or termination without cause following a change in control (as defined in the 2024 Stock Incentive Plan)).

None of our outstanding LTIP awards provide for single trigger acceleration of restricted stock units (*i.e.*, PSUs or RSUs) or stock options upon a change in control. Instead, in connection with a change in control, all outstanding restricted stock units and unvested stock options granted to our executive officers vest automatically upon a participant's termination of employment by the Company without cause or by the participant for good reason (and for Mr. Bergman, also for retirement) occurring within two years after the change in control or in certain cases within 90 days prior to a change in control or after the first public announcement of a pending change in control. (See "Post Termination and Change in Control Calculation" table below and the accompanying footnotes.)

Clawback

Our LTIP awards are subject to a clawback policy whereby the Company has the right to recoup from the participant (including the Named Executive Officers) and the participant is required to repay the Company an amount equal to the fair market value of the aggregate shares of restricted stock units and the fair market value of the aggregate shares received upon exercise of a stock option (net of the aggregate exercise price paid in cash upon exercise of such stock option) payable to the participant if the participant engages in a competitive activity (as defined in the award agreement) or violates an applicable non-disclosure, non-solicitation of employees or other

restrictive covenant between the participant and the Company on or after the payment date, but on or prior to the first anniversary of such payment date. In addition, the Company adopted the Dodd-Frank Policy (described below under “Dodd Frank Policy and Incentive Compensation Recoupment (Clawback) Policy”) which applies to certain LTIP awards granted to our current and former executive officers, including our Named Executive Officers.

In March 2024, beginning with LTIP awards issued on March 4, 2024, the Compensation Committee added scenarios under the LTIP (in addition to a participant engaging in a competitive activity (as defined in the award agreement) or violating a restrictive covenant) where payments made under the LTIP may be subject to a clawback whereby the Company has the right to recoup from the participant (including the Named Executive Officers) and the participant is required to repay the Company an amount equal to the fair market value of the aggregate shares of restricted stock units payable to the participant, including (i) a determination by the Company that the participant engaged in conduct reasonably expected to constitute Cause (as defined in the award agreement), regardless of whether employment is terminated as a result of such determination and (ii) providing that LTIP awards are subject to (a) the Company’s Incentive Compensation Recoupment Policy, (b) the Company’s Dodd-Frank Policy and (c) any other clawback and/or recoupment policy approved by the Board of Directors or the Compensation Committee (or other committee of the Board of Directors) from time to time. For purposes of the award agreement, “Cause” means (i) the participant shall have committed fraud or any felony in connection with the participant’s duties as an employee or consultant (as applicable) of the Company or any of its Subsidiaries (as defined in the 2024 Stock Incentive Plan), or willful misconduct or any act of disloyalty, dishonesty, fraud or breach of trust or confidentiality as to the Company or any of its Subsidiaries or the commission of any other act which causes or may reasonably be expected to cause economic or reputational injury to the Company or any of its Subsidiaries or (ii) such termination is or would be deemed to be for Cause under any employment or consulting agreement between the Company or any of its Subsidiaries and the participant, or is expressly provided for under an award agreement.

Grant Date

All grants are issued on the date they are approved by the Compensation Committee or issued on a pre-determined date following approval by the Compensation Committee.

Performance Criteria

In December 2023 and first quarter 2024, the Compensation Committee considered the advantages and disadvantages of potential performance metrics (including, among others, revenue, strategic objectives, operating income/margin, cash flow and industry specific goals) evaluated against the current performance objectives of the PSUs under the LTIP, including market data for large public companies’ practices. During stockholder engagement discussions in fiscal 2022 and fiscal 2023, several stockholders suggested using alternative metrics in the LTIP. Following such review, in March 2023, with respect to the 2023 LTIP, the Compensation Committee added a three-year average ROIC goal for PSUs weighted at 25%, with three-year cumulative EPS weighted at 75%. In March 2024, the Compensation Committee once again considered the advantages and disadvantages of potential performance metrics, evaluated against the current performance objectives of the PSUs under the LTIP, including market data for large public companies’ practices and stockholder feedback, and determined that the continued use of the combination of three-year cumulative EPS (weighted at 75%) and three-year average ROIC (weighted at 25%) was appropriate for the 2024 LTIP. Additionally, all equity awards issued to executive officers in fiscal 2024 included at least 50% performance-based vesting conditions for a percentage of the award. Mr. Bergman’s 2024 LTIP grant was 65% PSUs and 35% RSUs and our Named Executive Officers’ 2024 LTIP grants (other than Mr. Bergman) were 50% PSUs and 50% RSUs, the same as the 2023 LTIP.

At the time the LTIP performance-based goal is set, it is substantially uncertain that the goal will be achieved. As the Company continues to grow, we continue to tie the performance goals to the Company’s EPS at growth rates that we believe exceed market growth for the markets in which we operate and reflect economic conditions. For fiscal 2024, the maximum payout for PSUs was 200%, the same as the 2023 LTIP.

Pursuant to the 2024 LTIP, the Compensation Committee is required to adjust the EPS performance goal and the ROIC performance goal for the following factors (which factors were pre-established by the Compensation Committee in the first quarter of 2024):

- acquisitions, dispositions and new business ventures (based on the approved model pre-established in writing) not initially considered when developing the goal including:
 - the effect of accretion or dilution relating to unbudgeted acquisitions (or dispositions), but only for the first 12 months following the transaction (or shorter time period, if applicable), with any variance from the acquisition model originating from differences in acquisition accounting adjustments (e.g., assets step ups or other fair value adjustments), are to be excluded;

- any gain, loss or expense related to the disposal of a business or discontinued operations that was not previously considered when developing the goal;
- unbudgeted acquisition and professional fees and expenses related to closed acquisitions or dispositions incurred in the year of the acquisition or disposition, but only for that year; and
- unbudgeted acquisition expenses and professional fees relating to individual unclosed acquisitions or dispositions, where such fees and expenses exceed \$300,000, in which case the effect of all such fees and expenses (from the first dollar) shall be excluded in the year of the acquisition or disposition, but only for that year;
- capital transactions (including capital stock repurchases), to the extent the adjustment was not already contemplated in the goal;
- other differences in budgeted average outstanding shares (other than those resulting from capital transactions referred to above);
- the financial impact, either positive or negative, of the changes in foreign exchange rates from the rates used in setting the three-year performance goal; and
- the actual financial impact of the following matters to the extent the related activity was not already contemplated in the goal:
 - restructuring costs incurred related to publicly announced restructuring plans and separately identified in the Company's periodic filings;
 - amortization expense recorded for acquisition-related intangible assets;
 - any impairment charges for acquisition intangibles or goodwill separately identified in the Company's periodic filings;
 - any judgments, settlements, or other payments, each exceeding \$100,000, in connection with, or arising from all litigation matters;
 - the impact of any increase or decrease in tax rates in any country in which the Company derives greater than 5% of its net income; and
 - changes in accounting principles or in applicable laws or regulations.

During the first quarter of each calendar year in which the Company issues PSUs, the Compensation Committee (i) sets the target goal(s) designed to result in a payout equal to 100% under the PSUs to be granted during such year and (ii) approves the required adjustments to be made under the respective awards. For the 2022 LTIP, the target goal was a three-year cumulative EPS goal. For the 2023 LTIP and 2024 LTIP the target goals are a three-year cumulative EPS goal (weighted at 75% of the total PSU award) and a three-year average ROIC goal (weighted at 25% of the total PSU award). Similar to previous years, the Company completed a pre-defined process to adjust goals and to approve the adjustments to be applied to the actual results, in each case, based on adjustments required under the LTIP, for the applicable fiscal year's awards. With respect to outstanding PSUs granted in 2022, 2023 and 2024 the EPS goal was adjusted for the effects during fiscal 2024 of the impact of share repurchases, completed and certain incomplete acquisitions and changes in foreign exchange rate. Accordingly, the Compensation Committee reduced the three-year EPS performance goal for the PSUs granted in 2022, 2023 and 2024 by 0%, 2% and 2%, respectively. These adjustments to the EPS goals were reviewed and approved by the Compensation Committee.

Fiscal 2024 Annual LTIP Award

Based on a review of competitive market practices and individual performance, the Compensation Committee approved the LTIP awards set forth in the table below to the Named Executive Officers in fiscal 2024. Each such grant was made under the Company's 2024 Stock Incentive Plan.

Named Executive Officers	PSUs	RSUs	Aggregate grant date fair value of 2024 LTIP ¹
Stanley M. Bergman Chairman and Chief Executive Officer (Principal Executive Officer).....	65,726	35,391	\$7,764,800
Ronald N. South Senior Vice President, Chief Financial Officer (Principal Financial Officer)	10,032	10,032	\$1,500,000
Mark E. Mlotek Executive Vice President and Chief Strategic Officer.....	13,376	13,376	\$2,000,000
Michael S. Ettinger Executive Vice President and Chief Operating Officer.....	13,376	13,376	\$2,000,000
James P. Breslawski President (effective April 1, 2025, Senior Advisor).....	8,546	8,546	\$1,312,500

¹ Based on a review of competitive market practices and individual performance, the Compensation Committee revised the value of the annual equity grants under the 2024 LTIP for the Named Executive Officers as compared to the value of their respective annual LTIP awards granted in fiscal 2023 as follows: (i) Mr. Bergman's value increased by 5% based on market adjustments following a benchmarking analysis and the terms of his amended and restated employment agreement (which employment agreement does not provide for an inducement grant in connection with entering into the new agreement and instead provides that beginning in 2023, the target grant date fair value of his award shall be not less than the median of the Company's peer group (See "Employment Agreement and Post Termination and Change in Control Arrangements" under "Executive and Director Compensation")) and (ii) Messrs. South, Mlotek, Ettinger and Breslawski's annual values increased by 11.1%, 7%, 14.3% and 5%, respectively, based on market adjustments following a benchmarking analysis. The percentage increases over the prior year are based on the Named Executive Officers' annual grants issued in 2023.

Under the 2024 LTIP, PSUs vest 100% on the third anniversary of the grant date (three-year cliff vesting) upon achievement of specified performance vesting goals, and RSUs vest 100% on the fourth anniversary of the grant date (four-year cliff vesting), in each case subject to continued service from the grant date until the applicable vesting date (except that the grants provide for pro-rated or accelerated vesting upon certain qualifying terminations such as retirement, death or disability, or termination without cause following a change in control (as defined in the 2024 Stock Incentive Plan)).

PSUs granted to Named Executive Officers that vested in Fiscal 2024 and March 2025

PSUs were not granted in fiscal 2021 and therefore no PSUs vested in fiscal 2024. PSUs were reinstated in fiscal 2022 and each year thereafter.

In March 2025, the 2022 LTIP PSUs granted to the Named Executive Officers (including Mr. Bergman) vested. With respect to the 2022 LTIP PSUs, the Compensation Committee set the three-year cumulative EPS at \$15.68, representing the target goal designed to result in an LTIP award payout equal to 100%. Similar to previous years when PSUs vested, the Compensation Committee completed a pre-defined process to adjust the goal and to approve the adjustments that were made to the actual results, in each case, based on adjustments authorized under such LTIP program for the applicable fiscal year's awards. For the 2022 LTIP PSUs, the goal was adjusted to account for the impact of share repurchases, completed and certain incomplete acquisitions, changes in foreign exchange rate and the financial impact of COVID-19 test kit earnings. The three-year cumulative EPS performance goal for the 2022 LTIP PSUs was \$13.77 (as adjusted) and the actual three-year cumulative EPS was \$11.30 (as adjusted). These adjustments were reviewed and approved by the Compensation Committee. Such awards vested with an achievement of 82.1% of the EPS performance goal and a payout awarded in shares of Company common stock equal to 0% of the original number of units underlying the award granted (based on target goal performance). The main factors in the 0% payout were lower sales as a result of macro-economic conditions and slower recovery of business from the impact of the October 2023 cyber incident, and lower pricing for personal protective equipment (PPE) products as compared to the estimates used when creating the three-year cumulative EPS goal in 2022, as well as impairment charges and changes in contingent considerations recorded in 2022, 2023 and 2024, and an increase in amortization expense following acquisition activity in

2023 and 2024. The Compensation Committee reviewed the performance of the Company and the resulting payout and determined no adjustments would be made to the 0% payout for any recipient of 2022 PSUs (including the Named Executive Officers).

Benefits and Perquisites

The Company's executive compensation program also includes benefits and perquisites. For fiscal 2024, these benefits include annual matching contributions of up to 7% of base salary to executive officers' 401(k) Plan accounts, annual allocations to the Company's Supplemental Executive Retirement Plan ("SERP") accounts, health benefits, life insurance coverage, disability and business travel insurance. The Company also maintains a deferred compensation plan (the "Deferred Compensation Plan") under which the Named Executive Officers may participate. The Company does not make any contributions to the Deferred Compensation Plan and all amounts outstanding under the Deferred Compensation Plan consist solely of participant contributions. The Company annually reviews these benefits and perquisites and makes adjustments as warranted based on competitive practices and the Company's performance.

A portion of the administrative services provided to Mr. Bergman has been determined to be non-business related and such portion is included in his taxable income as additional compensation. The administrative services include clerical and secretarial assistance designed primarily to minimize the amount of time Mr. Bergman devotes to administrative matters other than Company business, to provide opportunities for Mr. Bergman to undertake, among other things, philanthropic causes, social responsibility activities and non-business-related leadership roles. The Compensation Committee has approved these benefits and perquisites as a reasonable component of the Company's executive officer compensation program in light of historical and competitive market practices. (See the "All Other Compensation" column in the Summary Compensation Table.)

From time to time, the Company utilizes Company-owned and Company-leased vehicles (each a "Company vehicle") and Company-employed drivers to efficiently optimize management's time for business travel. If the Company vehicle and Company-employed driver is used for personal purposes, the executive reimburses the Company the value of the personal usage of the Company vehicle and Company-employed driver's time at the greater of the amount of incremental cost to the Company under SEC rules and the imputed income to the executive using the Standard Industry Fare Level (SIFL) under the Internal Revenue Service regulations. Additionally, from time to time, the Company utilizes hourly leased aircraft to efficiently optimize management's time for business travel. If seating is available, the Company permits an executive's spouse or other guests to accompany the executive on the flight. In all cases, if the aircraft is used for personal purposes, the executive reimburses the Company the value of the personal usage of the aircraft at the greater of the amount of incremental cost to the Company under SEC rules and the imputed income to the executive using the Standard Industry Fare Level (SIFL) under the Internal Revenue Service regulations.

Pay Mix

We utilize the particular elements of compensation described above because we believe that it provides a well-proportioned mix of secure compensation, retention value and at-risk compensation which produces short-term and long-term performance incentives and rewards without encouraging inappropriate risk-taking by our executive officers. By following this approach, we provide the executive a measure of security with a minimum expected level of compensation, while motivating the executive to focus on business metrics that will produce a high level of short-term and long-term performance for the Company and its stockholders, and long-term wealth creation for the executive, as well as reducing the risk of recruitment of top executive talent by competitors. The mix of metrics used for our annual incentive program (*i.e.*, the HSIP) and our annual LTIP likewise provides an appropriate balance between short-term financial performance and long-term financial and stock performance.

For executive officers, the mix of compensation is weighted heavily toward at-risk pay (performance-based annual incentives and long-term incentives). Maintaining this pay mix results fundamentally in a pay-for-performance orientation for our executives, which is aligned with our stated compensation philosophy of providing compensation commensurate with performance, while targeting pay at approximately the 50th percentile of the competitive market, other than in very limited circumstances where a deviation may be appropriate based on factors such as expertise and experience, leadership, performance and the competitive landscape.

Our pay mix has resulted in a team of long-tenured, seasoned managers who we believe have a strong commitment to the Company's long-term performance.

Pay Levels and Benchmarking

Pay levels for executive officers are determined based on a number of factors, including the individual's roles and responsibilities within the Company, the individual's experience and expertise, the pay levels for peers within the Company, pay levels in the marketplace for similar positions and performance of the individual and the Company as a whole. The Compensation Committee is

responsible for approving pay levels for the executive officers. In determining the pay levels, the Compensation Committee considers all forms of compensation and benefits.

The Compensation Committee assesses competitive market compensation using a number of sources. One of the data sources used in setting competitive market levels for the executive officers is the information publicly disclosed by a peer group of the Company, which is reviewed annually and may change from year to year. The peer group of companies is set by the Compensation Committee and consists of companies engaged in the distribution and/or manufacturing of healthcare products or industrial equipment and supplies. The Compensation Committee determines the peer group of companies based on the following considerations, among other things: (i) Global Industry Classification System or GICS; (ii) companies listed as peers by our current list of peer companies and certain third-party advisory firms and (iii) company size, including, among other things, size by market capitalization, revenue and number of employees. Based on such analysis and with the assistance of the Compensation Committee's independent compensation consultant, Pearl Meyer, in September 2023, the Compensation Committee updated the peer group of companies to be used for benchmarking when designing the Company's compensation program for fiscal 2024 (including, without limitation, benchmarking executive officer (including CEO) compensation, non-employee director compensation, stock plan cost metrics, program design features and financial performance results analyses). The number of peer companies increased from 13 to 20 (removing two companies and adding nine companies). The Company ranks near the median of the new peer companies in revenues, gross profit and equity market capitalization value. Including more companies in the peer group is consistent with practices of larger healthcare distribution companies and most other current peers. These changes resulted in minimal impact on median CEO pay references. Accordingly, the fiscal 2024 peer group includes the following companies: Cencora, Inc. (formerly AmerisourceBergen Corporation); Avantor, Inc.; Baxter International Inc.; Cardinal Health, Inc.; DaVita Inc.; Dentsply Sirona Inc.; Encompass Health Corporation; Genuine Parts Company; Insight Enterprises, Inc.; Laboratory Corporation of America Holdings; Owens & Minor, Inc.; Patterson Companies, Inc.; Quest Diagnostics Incorporated; Select Medical Holdings Corporation; Steris PLC; Tenet Healthcare Corporation; Universal Health Services, Inc.; US Foods Holding Corp.; WESCO International, Inc. and W.W. Grainger, Inc. At management's direction, Willis Towers Watson, a professional services/human resources consulting company, prepares a survey containing the peer group analysis and comparative data for companies with revenues between \$9 billion and \$17 billion for the Company. This information is shared with the Compensation Committee and the Compensation Committee reviews such information with Pearl Meyer, an independent compensation consultant.

After consideration of the data collected on external competitive levels of compensation and internal relationships within the executive group, the Compensation Committee makes decisions regarding individual executives' target total compensation goals based on the need to attract, motivate and retain an experienced and effective management team.

Relative to the competitive market data, the Compensation Committee generally intends that the base salary, target annual incentive compensation and equity-based compensation for each executive will be at the median of the competitive market, other than in very limited circumstances where a deviation may be appropriate based on factors such as expertise and experience, leadership, performance and the competitive landscape.

As noted above, notwithstanding the Company's overall pay positioning objectives, pay goals for specific individuals vary based on a number of factors such as scope of duties, potential for advancement, tenure, institutional knowledge and/or difficulty in recruiting a new executive. Actual total compensation in a given year will vary above or below the target compensation levels based primarily on the attainment of operating goals and the creation of stockholder value.

Conclusion

The level and mix of compensation that is finally decided upon by the Compensation Committee is considered within the context of both the objective data from our competitive assessment of compensation and performance, as well as discussion of the subjective factors as outlined above. The Compensation Committee believes that each of the compensation packages is within the competitive range of practices when compared to the objective comparative data even where subjective factors may have influenced the compensation decisions.

Post Termination and Change in Control

The Company believes that a strong, motivated management team is essential to the best interests of the Company and its stockholders. To that end, we have an employment agreement with Mr. Bergman (which includes a change in control provision) and we have had change in control agreements with certain executive officers (including Messrs. Mlotek, Ettinger and Breslawski). Additionally, in May 2022, the Compensation Committee approved the adoption of the Henry Schein, Inc. Executive Change in Control Plan (the "CIC Plan") which applies to those executive officers who are not already a party to a change in control agreement with the

Company (including Mr. South). The terms and conditions set forth in the CIC Plan are substantially similar to the terms and conditions contained in the change in control agreements.

The change in control agreements and the CIC Plan each provide for certain payments to be made upon termination of employment under certain circumstances, including if the executive's employment is terminated by the Company without cause or by the executive for good reason within two years following a change in control of the Company. (See "Employment Agreement and Post Termination and Change in Control Arrangements" under "Executive and Director Compensation" for a discussion of these agreements.) The Company does not provide any tax gross-ups to our Named Executive Officers (other than for relocation expenses).

Stock Ownership Policy

The Board of Directors believes that, to align the interests of the executive officers, other executive management and directors of the Company with the interests of the stockholders of the Company, the executive officers, other executive management and directors should have a financial stake in the Company. The Nominating and Governance Committee adopted a policy requiring (i) the Company's Chief Executive Officer to own equity in the Company equal to a minimum of six times his annual base salary, (ii) each executive officer who reports directly to the Company's Chief Executive Officer to own equity in the Company equal to a minimum of three times such executive officer's annual base salary and (iii) all executive officers who do not report directly to the Company's Chief Executive Officer and all other executive management to own equity in the Company equal to a minimum of two times such person's annual base salary. Newly appointed executive officers and other executive management will have five years from the date of their appointment to comply with the Company's stock ownership policy. Upon request, the Nominating and Governance Committee may consider whether exceptions should be made for any such person on whom this requirement would impose a financial hardship or for other appropriate reasons as determined by the Nominating and Governance Committee. For fiscal 2024, equity includes: shares of any class of capital stock; shares of vested restricted stock; unvested time-based RSUs (after netting an estimated amount for taxes), vested shares of common stock held in such executive officer's 401(k) Plan account; provided that an amount equal to at least 20% of such person's annual base salary must be owned by such person in the form of shares of common stock. The stock ownership policy for non-employee directors of the Company is set forth under "Executive and Director Compensation—Director Compensation for Fiscal 2024—Stock Ownership Policy."

Further, as a guideline, executive officers and other executive management may only sell up to 75% of the equity value above the ownership requirement. Also, an executive officer's or other executive management's equity in the Company may not be sold until such person satisfies the Company's stock ownership policy.

All executive officers and other executive management are in compliance with the Company's stock ownership policy.

Anti-Hedging and Anti-Pledging Policies

The Company prohibits hedging or other derivative transactions and pledging of Company stock by its executive officers and other executive management.

Dodd Frank Policy and Incentive Compensation Recoupment (Clawback) Policy

On March 1, 2016, upon recommendation of the Compensation Committee, the Board of Directors adopted a clawback policy, effective as of February 1, 2016, to allow the Company to recoup cash and equity incentive compensation awarded or granted after the policy's effective date to Named Executive Officers and other executive officers and executive management designated by the Board of Directors (the "Incentive Compensation Recoupment Policy"). In the event a restatement of the Company's financial statements is required due to material noncompliance with any accounting requirements, the Incentive Compensation Recoupment Policy applies to incentive compensation earned during the prior three-year period that is in excess of the amount that would have been paid or awarded had such incentive compensation been calculated based on the restatement results. The Incentive Compensation Recoupment Policy applies regardless of fault in the circumstances leading to the restatement.

In November 2023, upon recommendation of the Compensation Committee, the Board of Directors adopted (i) a new Dodd-Frank Clawback Policy (the "Dodd Frank Policy") designed to satisfy Nasdaq's listing standards implemented pursuant to the final rule from the SEC under the Dodd-Frank rules (*i.e.*, requiring the Company to recover from its executive officers erroneously awarded Incentive-Based Compensation (as defined in the policy) in the event of a material restatement of the Company's financial statements) and (ii) an amended and restated the Incentive Compensation Recoupment Policy (the "A&R Incentive Compensation Recoupment Policy"). The Dodd Frank Policy is intended to work in tandem with the Company's A&R Incentive Compensation Recoupment Policy, which will continue to apply to compensation not covered under the Dodd Frank Policy (including time-based restricted stock units, stock options

and cash or non-cash incentive compensation paid or awarded pursuant to any incentive plan or arrangement maintained, contributed to or sponsored by the Company and/or its affiliates).

The amount of any recoupment under the A&R Incentive Compensation Recoupment Policy shall be determined by the Board of Directors in its sole discretion. Recoupment under the Dodd Frank Policy is generally not discretionary as provided under applicable law and the Nasdaq listing standards.

Our clawback policies related to the HSIP and the LTIP that are separate from and in addition to the Dodd Frank Policy and the A&R Incentive Compensation Recoupment Policy, are discussed on pages 41 to 43 of this proxy statement and apply to all participants who receive those compensation awards.

Equity Award Granting Policy

Equity compensation awards made to our executive officers must be approved by the Compensation Committee. The Compensation Committee approves and grants annual equity awards, which include RSUs and PSUs and in the past have included options, at approximately the same time every year. Outside of the annual grant cycle, the Compensation Committee may, from time to time, grant off-cycle equity awards, such as in connection with a new hire, promotion or retention award. All off-cycle equity awards are issued on a pre-determined date (the second Friday of the last month of the fiscal quarter) following approval by the Compensation Committee (with delegation to the Chair of the Compensation Committee if under a threshold amount). The Compensation Committee does not take material non-public information into account when determining the timing of the grant of equity awards, including options, and the timing of the release of material non-public information is not based on affecting the value of executive compensation.

Impact of Tax and Accounting

As a general matter, the Compensation Committee considers the various tax and accounting implications of compensation vehicles employed by the Company.

When determining amounts of long-term incentive grants to executives and employees, the Compensation Committee examines the accounting cost associated with the grants. Under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 718, grants of stock options, restricted stock units (including PSUs) and other share-based payments result in an accounting charge for the Company. The accounting charge is equal to the fair value of the awards being issued. For restricted stock units, the cost is equal to the fair value of the stock on the date of grant multiplied by the number of shares/units granted, taking into account the likelihood of achievement of performance goals, if any. For non-qualified stock options, the fair value is based on the Black-Scholes value of the stock options. Nearly all equity grants made from March 2009 through the end of the Company's fiscal 2020 year and a percentage of the grants awarded in fiscal 2021 and fiscal 2022 have been awards of restricted stock units, with the remaining being awards of options. All equity grants made in fiscal 2023 and fiscal 2024 were restricted stock units. This expense is amortized over the requisite service period or vesting period of the instruments. The Compensation Committee is mindful of the fact that, with respect to stock options, the accounting charge is not reversible should the stock option expire with a market price less than the exercise price.

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") generally limits the deductibility of compensation in excess of \$1 million in any taxable year paid to Named Executive Officers. The Compensation Committee generally expects that compensation paid to the Named Executive Officers in excess of \$1 million will not be deductible, subject to an exception for compensation provided pursuant to a binding written contract in effect as of November 2, 2017 that has not been materially modified.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management and based on the review and discussions, the Compensation Committee recommended to the Company's Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into the Company's annual report on Form 10-K.

¹ Amounts reflected in the table have not been reduced to reflect a Named Executive Officer's election to defer receipt of cash compensation pursuant to the Company's Deferred Compensation Plan. Messrs. Bergman and Ettinger participated in the Deferred Compensation Plan in fiscal 2024. The amounts they deferred in fiscal 2024 are set forth in the Nonqualified Deferred Compensation for Fiscal 2024 table on page 65 of this proxy statement.

² These amounts include RSUs and PSUs granted to Named Executive Officers on March 4, 2024 and March 9, 2024, as applicable. These amounts represent restricted stock units valued based on the aggregate grant date fair value of the award computed in accordance with FASB ASC Topic 718. These amounts do not necessarily reflect the actual value that may be realized by the Named Executive Officer upon vesting. Information regarding assumptions made in valuing the stock awards can be found in Note 18 of the "Notes to Consolidated Financial Statements" included in Item 8 of our Annual Report on Form 10-K for the year ended December 28, 2024, as filed with the SEC on February 25, 2025.

³ Represents Options valued based on the Black-Scholes valuation model in accordance with FASB ASC Topic 718. Information regarding assumptions made in valuing the Option awards can be found in Note 18 of the "Notes to Consolidated Financial Statements" included in Item 8 of our Annual Report on Form 10-K for the year ended December 28, 2024, as filed with the SEC on February 25, 2025.

⁴ Represents annual incentive compensation (*i.e.*, bonus) paid under the HSIP. See "Compensation Structure—Pay Elements—Details—Annual Incentive Compensation" under the Compensation Discussion and Analysis for a description of the HSIP.

⁵ Includes the following: (i) \$23,000 matching contribution under 401(k) Plan account; (ii) \$19,776 in excess life insurance premiums; (iii) \$95,252 in SERP contribution; (iv) \$1,231 in excess business travel insurance; (v) \$73,925 in personal commuting expenses for use of the Company's car service; (vi) \$157,457 for the cost of providing administrative services to Mr. Bergman; and (vii) \$500 for the cost of providing telephone services. The amount totaling \$231,882 (under items (v), (vi) and (vii) above) was included on Mr. Bergman's W-2 as additional compensation for which he is responsible for paying the applicable taxes. Pursuant to his employment agreement, Mr. Bergman may require the Company to provide an automobile for his use, however, during fiscal 2024, Mr. Bergman opted not to use a Company-provided automobile.

⁶ For each of Messrs. South, Mlotek, Ettinger and Breslawski includes the following: (i) \$23,000 in matching contribution under 401(k) Plan account; (ii) \$431 in excess business travel insurance; (iii) \$9,377, \$13,777, \$10,732 and \$19,776, respectively, in excess life insurance premiums and (iv) \$20,892, \$28,463, \$28,132 and \$40,075, respectively, in SERP contribution. For each of Messrs. Mlotek and Ettinger, such amount also includes a \$5,000 services award payment for 30 years of service with the Company.

Change in Pension Value and Non-Qualified Deferred Compensation Earnings

For employees of the Company, including Named Executive Officers, we do not maintain a qualified defined benefit plan.

We maintain a Supplemental Executive Retirement Plan for certain eligible participants who are not able to receive the full Company matching contribution under our 401(k) Plan due to certain Internal Revenue Service limits. The SERP provides for various vesting percentages based on service with the Company. Vesting will also occur upon a participant’s death, disability or attainment of age 65 or upon a change in control, in each case, while employed. Investment return on the contributions is generally equal to the earnings and losses that would occur if 40% of the contributions were invested in the Company stock fund under our 401(k) Plan and 60% were invested equally among the other investment alternatives available under our 401(k) Plan. Effective January 1, 2014, the SERP was amended to allow participants to direct the hypothetical investments of their deferral accounts subject to certain restrictions applicable to investments in the Company stock fund. A participant’s vested SERP benefit is paid following a termination of employment (subject to a six-month delay in certain instances) or a change in control.

We also maintain a Deferred Compensation Plan pursuant to which our Named Executive Officers are eligible to participate. We do not make any contributions to the Deferred Compensation Plan and the amounts under the plan consist entirely of participant contributions and are fully vested. The amounts under the Deferred Compensation Plan may become payable during employment upon designated fixed payment dates or following a termination of employment (subject to a six-month delay in certain instances) or a change in control of the Company.

All Other Compensation

See “Compensation Structure—Pay Elements—Details—Benefits and Perquisites” under the Compensation Discussion and Analysis for a discussion on all other compensation.

Compensation Policies and Practices as they Relate to Risk Management

The Company conducted a risk assessment of its compensation policies and practices for all employees, including executive officers. The Compensation Committee reviewed the Company’s risk assessment process and results and determined that our compensation programs are not reasonably likely to have a material adverse effect on the Company.

Tax Gross-Up Provisions

We do not provide any tax gross-ups to our Named Executive Officers (other than for relocation expenses).

Employment Agreement and Post Termination and Change in Control Arrangements

Employment Agreement with the Chief Executive Officer

The Company and Mr. Bergman entered into an amended and restated employment agreement effective as of November 28, 2022. Mr. Bergman's prior employment agreement had been scheduled to expire on December 31, 2022. The following summary describes Mr. Bergman's employment agreement, as amended and restated effective as of November 28, 2022.

The employment agreement provides for Mr. Bergman's continued employment as our Chairman of the Board of Directors and Chief Executive Officer until December 31, 2025, with successive one-year extensions, provided we give at least six months' notice of extension to Mr. Bergman, subject to his refusal within 90 days after notice of extension. The employment agreement set Mr. Bergman's annual base salary at \$1,582,000, subject to increase from time to time. His base salary for fiscal 2024, effective April 1, 2024, was \$1,707,000. In addition, his employment agreement provides that the Compensation Committee will establish a target annual incentive compensation opportunity for Mr. Bergman which will be a percentage of base salary determined based on the achievement of performance goals. Unlike the prior employment agreement, the employment agreement does not provide for an inducement grant in connection with entering into the new agreement. Instead, the employment agreement provides that, beginning in 2023, the Company will grant Mr. Bergman annual equity or equity-based compensation awards under the Company's 2024 Stock Incentive Plan that would bring the target grant date fair value of such awards to an amount which would result in both (i) Mr. Bergman's target long-term incentive compensation award equaling not less than the median of the Company's peer group (as selected by the Compensation Committee using good faith discretion after consultation with Mr. Bergman) and (ii) Mr. Bergman's target total direct compensation (e.g., Mr. Bergman's base salary, target annual cash incentive compensation and target grant date fair value long-term incentive compensation) equaling not less than the 50th percentile of the Company's peer group. The awards granted to Mr. Bergman will generally be in the same form as equity or equity-based awards granted to other senior executive officers of the Company, but no more than 25% of such awards granted to Mr. Bergman will be in the form of stock options. It also provides that Mr. Bergman will be entitled to participate in all benefit, welfare, perquisite, equity or similar plans, policies and programs generally available to our senior executive officers.

Pursuant to his employment agreement, if Mr. Bergman's employment with us is terminated (i) by us without cause, (ii) by Mr. Bergman for good reason or (iii) as a result of his death or disability, Mr. Bergman will receive (a) all amounts then owed to him as salary, (b) the incentive compensation due to Mr. Bergman, if any, for the last full fiscal year prior to termination (if not previously paid), (c) a pro rata portion of the incentive compensation payable for the year of termination (based on actual achievement of performance goals), (d) accrued and unpaid vacation pay and (e) all amounts or benefits accrued and owed to him or his beneficiaries under the then applicable benefit plans, programs and policies of the Company, with the amounts described under clauses (b) and (c) above payable subject to Mr. Bergman (or, in the event of his death, his heirs or estate) executing and not revoking a general release of claims ("Release Requirement"). In the event of Mr. Bergman's death, these amounts will be paid to Mr. Bergman's heirs or estate. In addition, in the event Mr. Bergman's employment is terminated for the reasons above, other than due to death, Mr. Bergman will receive, as severance pay, subject to the Release Requirement, a lump sum equal to 200% of his then annual base salary plus 200% of his average annual incentive compensation paid or payable with respect to the immediately preceding three fiscal years (provided that, in the event Mr. Bergman's employment is terminated following the end of the most recently completed fiscal year but prior to the payment of the annual incentive compensation for such year, solely for purposes of calculating this severance amount, the annual incentive compensation for the most recent fiscal year shall be the higher of target level of achievement and actual level of achievement), and a payment equal to the account balance or accrued benefit Mr. Bergman would have been credited with under each retirement plan maintained by us if we had continued contributions until the end of the year of the termination, less his vested account balance or accrued benefits under each retirement plan. No cash severance payments will be made in the event of the Company's non-renewal of the term under the employment agreement.

Mr. Bergman's employment agreement provides that, for equity-based awards granted after November 28, 2022, certain terminations of Mr. Bergman's employment with the Company will result in the acceleration of vesting or continuation of vesting of such awards outstanding at the time of Mr. Bergman's termination, as summarized below:

- In the case Mr. Bergman's termination is due to his death or disability, (i) all outstanding option awards not then vested will fully vest, and will remain exercisable for 12 months, but not later than the applicable term of the option, (ii) all other outstanding awards that vest based on continued employment or other service will fully vest based on the date of termination and (iii) all other outstanding awards that vest based on the achievement of the applicable performance goals will vest pursuant to the applicable vesting schedule, subject to actual performance over the performance period without proration.
- In the case Mr. Bergman's termination is by the Company without cause, his resignation for good reason, his retirement or if his employment term is not renewed by the Company, in each case, not in connection with a change in control: (i) all outstanding option awards not then vested would continue to vest pursuant to the applicable vesting schedule, and will remain exercisable for the remainder of the applicable term of the option, (ii) all other outstanding awards that vest based on continued employment

would vest as to a pro-rata portion on the date of such termination and based on the number of days elapsed in the vesting period, with the remainder of such awards continuing to vest pursuant to the applicable vesting schedule and (iii) all other outstanding awards that vest based on the achievement of the applicable performance goals would continue to vest pursuant to the applicable vesting schedule, subject to actual performance over the performance period, without proration.

If Mr. Bergman's employment is terminated for any reason other than for cause or due to his death, subject to the Release Requirement, Mr. Bergman shall also be entitled to an office comparable to that used by him prior to termination and related office support, including the services of one executive assistant until the last day of the second calendar year following his termination and, due to the deferred compensation rules under Section 409A of the Code, Mr. Bergman will receive a cash payment in lieu of office support benefits for the period from the last day of the second calendar year following his termination until the third anniversary of his termination. In addition, if Mr. Bergman's employment is terminated for any reason other than for cause or due to his death, subject to the Release Requirement, Mr. Bergman shall be entitled to use of the Company's car service and, at Mr. Bergman's option, use of an automobile for a period of two years following his termination.

In consideration of Mr. Bergman's long tenure with, and contributions to, the Company, in the event of Mr. Bergman's retirement, and subject to the Release Requirement (as defined below), Mr. Bergman would be entitled to receive (i) the incentive compensation due to Mr. Bergman, if any, for the last full fiscal year prior to termination (if not previously paid) and (ii) a pro rata portion of the annual incentive compensation payable for the year of termination (based on actual achievement of performance goals). Retirement means that Mr. Bergman's employment with the Company terminates and either (i) Mr. Bergman and the Board of Directors mutually agree on Mr. Bergman's retirement and the date thereof or (ii) subject to the Board of Directors' approval, Mr. Bergman provides at least six (6) months advance notice of his intention to retire.

If Mr. Bergman resigns within two years following a change in control of the Company for good reason or if Mr. Bergman's employment is terminated without cause within two years following a change in control or during a specified period in advance of a change in control, Mr. Bergman will receive, as severance pay and subject to the Release Requirement, in lieu of the foregoing, a pro rata portion of the annual incentive compensation payable for the year of termination (based on actual achievement of performance goals), 300% of his then annual base salary plus 300% of Mr. Bergman's incentive compensation paid or payable with respect to whichever of the immediately preceding two fiscal years of the Company ending prior to the date of termination was higher, and a payment equal to the account balance or accrued benefit Mr. Bergman would have been credited with under each retirement plan maintained by us if we had continued contributions thereunder until the end of the year of the termination, less Mr. Bergman's vested account balance or accrued benefits under each retirement plan upon a change in control.

If Mr. Bergman's employment is terminated (i) by the Company without cause, by Mr. Bergman for good reason, due to Mr. Bergman's retirement, or due to the Company choosing not to renew his employment term, in each case, within two years following a change in control of the Company or (ii) by the Company without cause during a specified period in advance of a Change in Control, then, subject to the Release Requirement, all unvested outstanding options, restricted stock units and shares of restricted stock shall become fully vested (with any performance-vesting restricted stock units and shares of restricted stock vesting at the target level of performance) on the later of the date of the change in control of the Company and termination of Mr. Bergman's employment, and all outstanding options would remain exercisable for three months (except in the case of retirement, in which case such awards will remain exercisable for the remainder of the option term).

In the event Mr. Bergman's employment is terminated for any reason other than for cause or due to his death following a change in control, subject to the Release Requirement, Mr. Bergman shall also be entitled to an office comparable to that used by him prior to termination and related office support, including the services of one executive assistant until the last day of the second calendar year following his termination, and due to the deferred compensation rules under Section 409A of the Code, Mr. Bergman will receive a cash payment in lieu of office support benefits for the period from the last day of the second calendar year following his termination until the fourth anniversary of his termination. In addition, in the event Mr. Bergman's employment is terminated by us without cause Mr. Bergman resigns for good reason or his employment term is not renewed following a change in control, subject to the Release Requirement, Mr. Bergman shall be entitled to use of the Company's car service and, at Mr. Bergman's option, use of an automobile until the last day of the second calendar year following his termination, and due to the deferred compensation rules under Section 409A of the Code, Mr. Bergman will receive a cash payment in lieu of the transportation benefit for the period from the last day of the second calendar year following his termination until the third anniversary of his termination. If any amounts owed to Mr. Bergman in connection with a change in control of the Company are subject to the excise tax imposed by Section 4999 of the Code, we will cut-back such amounts to a safe harbor limit so that the excise tax is not triggered, unless the net after-tax value of the amounts due to Mr. Bergman after imposition of the excise tax would be greater absent the cut-back (in which case no reduction will occur).

Unless his employment agreement is terminated for cause, subject to the Release Requirement, we will continue the participation of Mr. Bergman and his spouse in the health and medical plans, policies and programs in effect with respect to our senior executive officers and their families after the termination or expiration of his employment agreement, with coverage for Mr. Bergman and his spouse continuing until their respective deaths which may be reduced by any health and medical benefits that Mr. Bergman and his spouse

become eligible to receive under any health and medical benefit plans of any subsequent employer. Such health and medical coverage may be provided pursuant to a fully-insured replacement policy or annual cash payments to obtain a replacement policy.

Mr. Bergman is subject to restrictive covenants, including non-solicitation, non-diversion and non-compete provisions, while he is employed by us and for specified periods of time thereafter. Pursuant to such provisions in his employment agreement, Mr. Bergman shall not, directly or indirectly, engage in any activity competitive with the Company's business or recruit, solicit or induce (or attempt to recruit, solicit or induce) any employee of, or consultant to, the Company or any of its affiliates to terminate their employment with the Company or any of its affiliates, or divert (or attempt to divert) any person or entity from doing business with the Company or any of its Affiliates or induce (or attempt to induce) any person or entity from ceasing to be a customer or other business partner of the Company or any of its affiliates, during Mr. Bergman's employment term and (i) for one year thereafter if his employment is terminated (a) by us without cause, (b) by Mr. Bergman for good reason, (c) due to the Company choosing not to renew his employment term or (d) as a result of his disability or (ii) until the later of (a) the second anniversary of the expiration of his employment term and (b) his termination date if such termination is by us for cause or due to Mr. Bergman terminating his employment by giving 180 days' notice. We may, at our option, extend the initial one-year term of the non-compete described by clause (i) above for an additional year if we provide Mr. Bergman notice of such extension no later than 180 days prior to expiration of the term and we pay Mr. Bergman his annual base salary in effect on his date of termination. Mr. Bergman is also subject to confidentiality provisions.

Named Executive Officers Other than the Chief Executive Officer

We have entered into change in control agreements and/or a CIC Plan (as defined in "Post Termination and Change in Control"), (with substantially the same terms as the change in control agreements) with the Named Executive Officers, other than Mr. Bergman, that provide that if the executive's employment is terminated by us without cause or by the executive for good reason within two years following a change in control of the Company, we will pay and provide the executive with (i) the executive's base salary (defined to include salary plus the executive's annual automobile allowance and the Company's contribution to the 401(k) Plan and SERP for the year prior to the change in control) through the termination date, (ii) severance pay equal to 200% or 300% of the sum of the executive's base salary (as defined in (i)) and target bonus, (iii) a pro rata annual incentive compensation based on actual achievement for the year in which termination occurs, (iv) immediate vesting of all outstanding stock options, restricted or deferred stock/unit awards and non-qualified retirement benefits, (v) elimination of all restrictions on any restricted or deferred stock/unit awards, (vi) settlement of all deferred compensation arrangements in accordance with the applicable plan and (vii) continued participation in all health and welfare plans for 24 months (provided that such coverage will terminate when the executive receives substantially equivalent coverage from a subsequent employer) at the same level of participation for each executive on the termination date, except that the health coverage may be provided pursuant to a fully-insured replacement policy or two annual cash payments to obtain a replacement policy. Notwithstanding the foregoing, if an executive's employment is terminated by us without cause or by the executive for good reason, in either case, (i) within 90 days prior to a change in control or (ii) after the first public announcement of the pendency of the change in control, the executive will be entitled to the benefits described above. In the event any payments to the executive become subject to the excise tax imposed by Section 4999 of the Code, we will cut-back such amounts to a safe harbor limit so that the excise tax is not triggered, unless the net after-tax value of the amounts due to the executive after imposition of the excise tax would be greater (in which case no reduction will occur). If a Named Executive Officer becomes eligible to receive severance benefits under a change in control agreement and/or the CIC Plan, such Named Executive Officer will not be eligible for severance benefits under any other plan or agreement with the Company.

Pursuant to the change in control agreements and/or the CIC Plan, the Named Executive Officers, other than Mr. Bergman (who is subject to restrictive covenants under his employment agreement as opposed to a change in control agreement), are also subject to restrictive covenants, such as confidentiality and non-disparagement provisions. Additionally, during each Named Executive Officer's employment and for a period of 24 months thereafter, each Named Executive Officer agreed that he or she will not, without the Company's prior written consent, solicit our employees for employment.

Post Termination and Change in Control Calculations

The amounts set forth in the table below represent amounts that would have been paid to the Named Executive Officers, pursuant to their employment (if applicable), change in control and equity award agreements, if such Named Executive Officers' employment was terminated on December 27, 2024 (the last business day of fiscal 2024) under the various scenarios set forth below or in connection with a change in control that occurred on such date.

¹ Includes annual incentive compensation for the year of termination based on achievement of performance goals. Mr. Bergman is entitled to a pro rata portion of the annual incentive compensation payable for the year of termination based on achievement of performance goals and the annual incentive compensation payable for the prior year to the extent not paid prior to termination. Amount reflected assumes the fiscal 2024 annual incentive compensation amount was already paid.

² Represents the value of unvested RSUs and PSUs and unvested Options that would accelerate and vest, if any, on termination. In the case of RSUs, the value is calculated by multiplying the number of shares of restricted stock units that accelerate by \$70.42, the per share closing price of common stock on December 27, 2024. In the case of PSUs, the value is calculated by multiplying the number of shares of restricted stock units granted on the grant date (*i.e.*, target award) by \$70.42, the per share closing price of common stock on December 27, 2024. In the case of Options, the value is calculated by multiplying the number of unvested Options that accelerate by the difference between \$70.42 (the per share closing price of common stock on December 27, 2024) and the exercise price of the applicable Options.

³ We do not provide any tax gross-ups to our Named Executive Officers (other than for relocation expenses).

⁴ Does not include the vested SERP amounts for the Named Executive Officers. Such vested amounts are paid following a termination of employment (subject to a six-month delay in certain instances) or within 30 days following a change in control. Also does not include the amounts for the Named Executive Officers under the Company's Deferred Compensation Plan, all of which are fully vested and consist solely of participant contributions. Such vested amounts become payable upon a termination of employment as a result of death or disability in a lump sum cash payment within 60 days after such employment termination. Such vested amounts also become payable in a lump sum cash payment within 60 days following a change in control. (See "Nonqualified Compensation for Fiscal 2024" tables for additional disclosure regarding these vested amounts.)

⁵ The Company will have no further obligation to Mr. Bergman, except payment of his vested SERP and Deferred Compensation Plan account balances.

⁶ Includes (i) health and welfare coverage for Mr. Bergman and his wife until death and (ii) use of the Company's car service, office space and administrative assistance provided to Mr. Bergman for two years (as well as a cash payment in lieu of office support services from the last day of the second calendar year following termination until the third anniversary of termination). Under his employment agreement, Mr. Bergman may resign without good reason and still be entitled to these benefits so long as he resigns upon providing 180 days prior written notice to the Company.

⁷ Includes (i) a make-up pension payment, calculated as the value of the excess of (a) the fully vested value of benefits to Mr. Bergman under existing retirement plans (including the Company's 401(k) and SERP plans), assuming additional credit for the period from the termination date through December 31, 2025 over (b) his vested accrued benefits as of the termination date (such excess, if any, the "Make-Up Pension Payment"), (ii) 200% current base annual salary, (iii) 200% average annual incentive compensation paid in the previous three years, (iv) health and welfare coverage for Mr. Bergman and his wife until death, (v) use of the Company's car service, office space and administrative assistance provided to Mr. Bergman for two years (as well as a cash payment in lieu of office support services from the last day of the second calendar year following termination until the third anniversary of termination), (vi) continued vesting of all unvested Options held by Mr. Bergman granted following January 1, 2023, if any, (vii) continued vesting (as of the termination date) of all PSUs granted following January 1, 2023 (at actual level of performance for the applicable performance period) and (viii) pro rata vesting (as of the termination dates) of the RSUs granted following January 1, 2023.

⁸ Includes (i) a pro rata portion of the annual incentive compensation payable for the year of termination based on achievement of performance goals, (ii) health and welfare coverage for Mr. Bergman and his wife until death, (iii) use of the Company's car service, office space and administrative assistance provided to Mr. Bergman for two years (as well as a cash payment in lieu of office support services from the last day of the second calendar year following termination until the third anniversary of termination), (iv) pro rata vesting (as of the termination date) of all PSUs granted in 2022 (at actual level of performance assuming target performance is actual performance for this purpose), (v) pro rata vesting of the RSUs granted in 2021 and subsequent years, (vi) full vesting of all unvested Options held by Mr. Bergman granted in 2022 and continued vesting of all unvested Options held by

Mr. Bergman granted following January 1, 2023, if any and (vii) continued vesting (as of the termination date) of all PSUs granted following January 1, 2023 (at actual level of performance for the applicable performance period).

⁹ Includes (i) the Make-Up Pension Payment, (ii) 200% current base annual salary, (iii) 200% average annual incentive compensation paid in the previous three years, (iv) health and welfare coverage for Mr. Bergman and his wife until death, (v) use of the Company's car service, office space and administrative assistance provided to Mr. Bergman for two years (as well as a cash payment in lieu of office support services from the last day of the second calendar year following termination until the third anniversary of termination), (vi) pro rata vesting (as of the termination date) of all PSUs granted in 2022, 2023 and 2024 (at target level of performance), (vii) full vesting of the RSUs granted in 2021, 2022, 2023 and 2024 and (viii) full vesting of all unvested Options.

¹⁰ Includes (i) 300% current base annual salary, (ii) 300% of highest annual incentive compensation paid in the previous two years, (iii) health and welfare coverage for Mr. Bergman and his wife until death, (iv) use of the Company's car service for two years (as well as a cash payment in lieu of such services from the last day of the second calendar year following termination until the third anniversary of termination), (v) the Make-Up Pension Payment, (vi) office space and administrative assistance for two years (as well as a cash payment in lieu of such services from the last day of the second calendar year following termination until the fourth anniversary of termination) and (vii) full vesting of any unvested equity awards (with any PSUs vesting at target level of performance). With respect to the acceleration and continuation of equity awards, this includes amounts payable on a resignation or a Company termination (other than for cause) within two years after a change in control. If any amounts owed to Mr. Bergman in connection with a change in control of the Company are subject to the excise tax imposed by Section 4999 of the Code, we will cut back such amounts to a safe harbor limit so that the excise tax is not triggered, unless the net after-tax value of the amounts due after imposition of the excise tax would be greater (in which case no reduction will occur).

¹¹ Includes the payments and benefits described in footnote 8 above, except that all of Mr. Bergman's outstanding equity awards will fully vest (with any PSUs vesting at target level of performance). If any amounts owed to Mr. Bergman in connection with a change in control of the Company are subject to the excise tax imposed by Section 4999 of the Code, we will cut back such amounts to a safe harbor limit so that the excise tax is not triggered, unless the net after-tax value of the amounts due after imposition of the excise tax would be greater (in which case no reduction will occur).

¹² Includes (i) health and welfare coverage for Mr. Bergman's wife until death, (ii) pro rata vesting (as of the termination date) of all PSUs granted in 2022, 2023 and 2024 (at target level of performance), (iii) full vesting of the RSUs granted in 2021, 2022, 2023 and 2024 and (iv) full vesting of all unvested Options.

¹³ Includes (i) annual incentive compensation payable for the year in which termination occurs based on achievement of performance goals, (ii) 200% current annual salary (defined to include salary and the Company's contribution to the 401(k) Plan and SERP plan for the full year preceding the change in control), (iii) 200% annual incentive compensation at target level in the year of termination, (iv) full vesting of any unvested equity awards (with any PSUs vesting at target level of performance) and (v) health and welfare continuation of plans for 24 months following termination or until coverage with subsequent employer begins; except that Messrs. Mlotek and Breslawski's calculations set forth in (ii) and (iii) above are based on 300%. If any amounts owed to Messrs. South, Mlotek, Ettinger and/or Breslawski in connection with a change in control of the Company are subject to the excise tax imposed by Section 4999 of the Code, we will cut back such amounts to a safe harbor limit so that the excise tax is not triggered, unless the net after-tax value of the amounts due after imposition of the excise tax would be greater (in which case no reduction will occur).

¹⁴ In the event of any termination of employment due to death or disability, the Named Executive Officers (other than Mr. Bergman, whose termination arrangement is discussed above) are entitled to full vesting of their respective RSUs granted in 2021, 2022, 2023 and 2024, full vesting of their respective Options granted in 2022 and pro rata vesting (as of the termination date) of their respective PSUs granted in 2022, 2023 and 2024 (at target level of performance).

¹ “HSIP” means annual incentive compensation (*i.e.*, bonus) paid under the 2024 Henry Schein Incentive Plan. “PSU/RSU” means restricted stock unit awards (PSUs and RSUs) made pursuant to the Company’s 2024 Stock Incentive Plan. See “Compensation Structure—Pay Elements—Details—Annual Incentive Compensation” under the Compensation Discussion and Analysis for a discussion on the HSIP.

² The maximum payout percentage under the HSIP for the Named Executive Officers is 200% for the Company Financial/EPS Goal, ranges from 115% to 200% for the Business Financial/Individual Goals (depending on the specific category of the goal applicable to such Named Executive Officer) and is 115% for the Strategic Scorecard Goals.

³ The maximum payout percentage for the 2024 LTIP awards of performance-based restricted stock is 200%.

⁴ These amounts include awards of RSUs granted to Messrs. Bergman and Breslawski on March 4, 2024 and to the other Named Executive Officers on March 9, 2024, each with four-year cliff vesting.

Estimated Potential Payouts Under Non-Equity Incentive Plan Awards

The HSIP awards paid to the Named Executive Officers appear in the Summary Compensation Table in the column captioned “Non-Equity Incentive Plan Compensation.” The threshold, target and maximum amount of these HSIP awards appear in the Grants of Plan-Based Awards Table in the column captioned “Estimated Future Payouts Under Non-Equity Incentive Plan Awards.”

Estimated Future Payouts Under Equity Incentive Plan Awards, All Other Stock Awards and All Other Option Awards

Awards of PSUs and RSUs granted to the Named Executive Officers appear in the Summary Compensation Table in the column captioned “Stock Awards.” Options granted to the Named Executive Officers appear in the Summary Compensation Table in the column captioned “Option Awards” for the years in which they were awarded. We did not grant Named Executive Officers options in fiscal 2024.

The threshold, target and maximum amount of the PSUs appear in the Grants of Plan-Based Awards Table in the column captioned “Estimated Future Payouts Under Equity Incentive Plan Awards.”

¹ The Company does not issue performance-based options.

² All stock options granted under the Henry Schein, Inc. 2020 Stock Incentive Plan (now known as the 2024 Stock Incentive Plan) have a ten-year term unless otherwise terminated earlier in accordance with the plan.

³ Represents RSUs awarded to the Named Executive Officers as part of their equity grants.

⁴ Based on the closing market price of \$70.42 of the Company's common stock on December 27, 2024, the last trading day in fiscal 2024.

⁵ Represents the number of performance-based restricted stock units granted in 2022, 2023 and 2024 under the Henry Schein, Inc. 2020 Stock Incentive Plan (now known as the 2024 Stock Incentive Plan). As the threshold payout amount is zero, such number represents the number of shares based on the target payout at the end of fiscal 2024 but excludes performance-based restricted stock units that were forfeited under the 2022 LTIP when such PSUs vested in March 2025 and we estimate will be forfeited under the 2023 LTIP and 2024 LTIP.

¹ For each Named Executive Officer (other than Mr. Bergman who did not have any equity awards vest in fiscal 2024) such amount includes RSUs (four-year cliff vesting) granted on March 3, 2020.

² The value realized from vesting of restricted stock units is deemed to be the market value of the common stock on the date of vesting, multiplied by the number of shares of common stock underlying the restricted stock units that vested. The closing market price on March 1, 2024 (the actual vesting date of March 3, 2024 was a non-business day so the vesting occurred on the prior business day) was \$76.88.

CEO Pay Ratio

As a result of the rules adopted by the SEC under the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are required to disclose the ratio of the annual total compensation of our CEO to the annual total compensation of our median employee, using certain permitted methodologies. There have been no changes in employee population or employee compensation arrangements in fiscal 2024 that we reasonably believe would result in a significant change in the pay ratio disclosure. Accordingly, as permitted by the rules, for fiscal 2024, we used the same median employee and methodology that we used for fiscal 2023, except that we used compensation from the fiscal 2024 summary compensation table in determining the compensation for our CEO and median employee for calculating the 2024 pay ratio, as described below.

To determine our median employee, we utilized data as of October 1, 2022 (the “Determination Date”). We excluded 994 employees from the following eight countries/territories, which represents approximately 4.8% of the Company’s total employee population: Chile, China, Italy, Mexico, Portugal, South Africa, Spain and Thailand. For purposes of determining this exclusion, the Company had approximately 11,000 U.S. employees and approximately 9,600 non-U.S. employees as of the Determination Date.

Country/Territory	Approximate Number of Employees	Approximate Percentage of Total Population
Chile	22	0.11%
China	499	2.42%
Italy	77	0.37%
Mexico	13	0.06%
Portugal	10	0.05%
South Africa	90	0.44%
Spain	136	0.66%
Thailand	147	0.71%

We then examined the 2022 total annual cash compensation, including base salary, overtime, bonus and commission for all individuals, excluding our CEO, who were employed by us on the Determination Date. We included all employees, whether employed on a full-time, part-time, seasonal or temporary basis. We calculated annual base salary based on a reasonable estimate of hours worked

during 2022 for hourly employees, and upon salary levels for the remaining employees. Other than the foregoing, we did not make any material assumptions, adjustments, or estimates with respect to total cash compensation. We annualized the total cash compensation for full-time employees who commenced work after January 1, 2022. We used a valid statistical sampling approach to estimate the total cash compensation for our median employee by selecting an employee whose total cash compensation was at or near the value of the median employee's compensation.

After identifying the median employee based on total cash compensation, we calculated total annual compensation for that employee and the CEO using the same methodology we use for our Named Executive Officers as set forth in the Summary Compensation Table. We also added the value of employer provided health and welfare benefits and employer retirement contributions (if not already included) to both the CEO and the median employee compensation, as such benefits represent a significant component of our employees' total compensation.

The median employee's total annual compensation (including health and welfare benefits and employer retirement contributions) in fiscal 2024 was \$76,751. The CEO's total annual compensation (including health and welfare benefits and employer retirement contributions) in fiscal 2024 was \$11,656,252. Therefore, for fiscal 2024, the ratio of CEO pay to median employee pay was 152:1.

Pay Versus Performance

As a result of the rules adopted by the SEC under the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(v) of Regulation S-K ("PvP Rules"), we are providing the following information about the relationship between "compensation actually paid" to our CEO (referred to below as our Principal Executive Officer or PEO) and average "compensation actually paid" to our other NEOs and certain metrics of our financial performance for the last three years, in each case, calculated in accordance with the PvP Rules.

For purposes of this disclosure, "compensation actually paid" or "CAP" to our PEO and other NEOs represents an amount calculated based on the SEC's prescribed formula. CAP is not compensation actually earned by or paid to our named executive officers in each respective year. Neither the Compensation Committee nor the executives of our Company directly used the information in this table or the related disclosures when making compensation decisions for 2024. For details about the Company's pay-for-performance philosophy and how the Compensation Committee makes its decisions about executive pay, see the Compensation Discussion and Analysis beginning on page 34 of this proxy statement.

¹ The Company revised its calculation of non-GAAP diluted EPS in fiscal 2023. As such, the Company adjusted the calculation of non-GAAP diluted EPS for fiscal 2020, fiscal 2021 and fiscal 2022 to be consistent with the calculation of non-GAAP diluted EPS used in fiscal 2023 and fiscal 2024.

Reconciliation Tables

The following table sets forth a reconciliation from the Summary Compensation Table (“SCT”) to CAP to our PEO. Mr. Bergman served as our only PEO for each year.

¹ Represents the grant date fair value of equity-based awards made during the fiscal year based on the amounts reported in the “Stock Awards” and “Option Awards” columns in the SCT for the applicable year.

² Represents the year-end fair value of equity awards that were made during the fiscal year (no grants made during a fiscal year vested during the same fiscal year).

³ Represents the change in fair value during the fiscal year of equity-based awards granted in prior fiscal years that were still unvested as of year-end.

⁴ Represents the change in fair value during the fiscal year of equity-based awards granted in prior fiscal years that vested during the current fiscal year.

⁵ SCT total, less SCT equity grant date fair value, plus year-end fair value of equity awards made during the year, plus the change in fair value during the year of equity awards that remained unvested as of year-end, plus the change in fair value of equity awards that vested during the year.

The following table sets forth a reconciliation from the SCT to CAP to our average Non-PEO NEO. Our non-PEO NEOs by year are as follows: 2024 and 2023 – Messrs. South, Mlotek, Ettinger and Breslawski; 2022 – Messrs. South, Paladino, Connett, Mlotek and Breslawski; 2021 and 2020 – Messrs. Paladino, Benjamin, Mlotek and Breslawski.

⁵ SCT total, less SCT equity grant date fair value, plus year-end fair value of equity awards made during the year, plus the change in fair value during the year of equity awards that remained unvested as of year-end, plus the change in fair value of equity awards that vested during the year.

The Company grants PSUs to executive officers annually, although no such grant was made during 2021. The Company grants RSUs to executive officers annually. Such grants cliff-vest on the fourth anniversary of the grant. During 2021, certain equity awards were granted as RSUs that vested 50% on the first anniversary of the grant in 2022 and 50% on the second anniversary of the grant in 2023.

The Company granted stock options to executive officers in 2021 and 2022 as part of the annual equity grant. Grants vest and become exercisable in one-third increments on the first three anniversaries of the grant and expire on the 10th anniversary of the grant (subject to earlier expiration based on certain employment terminations). Fair values at time of the grant, at year-end 2023 and 2024, and on vesting dates for awards that vested during 2024 were all determined using the Black-Scholes model. The table below summarizes the option fair values and related assumptions used to calculate CAP for fiscal years 2023 and 2024. None of the options granted to NEOs have been exercised as of year-end 2024.

Valuation Purpose for PVP	HSIC Stock Price	HSIC Option Exercise Price	Expected Term (years)	Stock Price Volatility	Risk-free Interest Rate	Dividend Yield	Option Fair Value

Most Important Financial Measures

The following table sets forth financial performance measures that we considered to be the most important in how CAP was linked to Company performance during 2024. As discussed in the Compensation Discussion and Analysis beginning on page 34 of this proxy statement, the annual HSIP uses adjusted EPS as a financial metric for all NEOs and cumulative EPS is a financial metric used for PSU grants for the 2020-2022, 2022-2024, 2023-2025 and 2024-2026 cycles (no PSU grants were made for 2021-2023). The annual HSIP also uses revenue and operating income as a financial metric for our NEOs. The PSU grants for the 2023-2025 and 2024-2026 cycle also include Return on Invested Capital as a financial metric.

Key Financial Measures
Adjusted EPS ¹
Revenues ²
Operating Income ³
Return on Invested Capital ⁴

¹ Adjusted EPS is a measure for purposes of the annual incentive program with respect to the Company Selected Measure under the HSIP, as disclosed in the Compensation Discussion and Analysis for each year's proxy statement.

² Revenues is a measure for purposes of the annual incentive program with respect to Business Financial/Individual Goals under the HSIP, as disclosed in the Compensation Discussion and Analysis for each year's proxy statement.

³ Operating Income is a measure for purposes of the annual incentive program with respect to Business Financial/Individual Goals under the HSIP, as disclosed in the Compensation Discussion and Analysis for each year's proxy statement.

⁴ Return on Invested Capital is a measure used along with cumulative adjusted EPS in the 2023-2025 and 2024-2026 PSU grants, as disclosed in the Compensation Discussion and Analysis for this year's proxy statement.

¹ These cash fee amounts have not been reduced to reflect a director's election (if any) to defer receipt of cash fees pursuant to the Non-Employee Director Deferred Compensation Plan; any such deferrals are disclosed in footnote 5 below.

² Includes restricted stock unit awards valued based on the aggregate grant date fair value of the award computed in accordance with FASB ASC Topic 718. The amounts shown in the table above do not necessarily reflect the actual value that may be realized by the non-employee director upon vesting. Information regarding assumptions made in valuing the stock awards can be found in Note 18 of the "Notes to Financial Statements" included in Item 8 of our Annual Report on Form 10-K for the year ended December 28, 2024, as filed with the SEC on February 25, 2025. The amounts in this column have not been reduced to reflect a director's election to defer receipt of shares of common stock underlying the restricted stock units. With respect to the aggregate number of unvested stock awards (*i.e.*, unvested restricted stock units) outstanding at fiscal 2024 year end, each non-employee director (serving as of such date) had 2,604 restricted stock units. Mr. Paladino had 20,521 restricted stock units, 41,037 vested and exercisable Options and 1,344 unvested Options outstanding at fiscal 2024 year end because he received prior awards under the Company's 2020 Stock Incentive Plan prior to his retirement as our Executive Vice President and Chief Financial Officer on April 29, 2022 and such restricted stock unit awards and Options continue to vest and once vested such Options remain exercisable pursuant to his consulting agreement with the Company dated May 21, 2024. With respect to the aggregate number of restricted stock units that vested but, per the director's election, the payment date has been deferred, Ms. Derby had 7,068 restricted stock units, Mr. Kuehn had 11,843 restricted stock units, Mr. Laskawy had 21,961 restricted stock units, Ms. Margulies had 10,679 restricted stock units, Dr. Sheares had 36,833 restricted stock units and Dr. Tuckson had 2,217 restricted stock units, at fiscal 2024 year end. As of December 28, 2024, Ms. Faig and Raphael and Messrs. Ali, Herring and Serota did not elect to defer the payment date of any restricted stock units.

³ The Company does not grant option awards to non-employee directors.

⁴ The Company does not grant performance-based annual incentive compensation (*i.e.*, bonus) to non-employee directors.

⁵ None of the non-employee directors participated in the Non-Employee Director Deferred Compensation Plan in 2024. Messrs. Ali and Laskawy and Ms. Margulies have participated in such plan in prior years but did not elect to defer any amounts into such plan in fiscal 2024.

⁶ Mr. Paladino's directorship ended on May 21, 2024.

⁷ Represents fees paid to Mr. Paladino for post-directorship consulting services pursuant to a consulting agreement dated May 21, 2024.

Annual Limit on Director Compensation

Pursuant to the Henry Schein, Inc. 2023 Non-Employee Director Stock Incentive Plan, as amended and restated effective as of May 23, 2023 (the “2023 Non-Employee Director Stock Incentive Plan”), any equity-based awards granted to any non-employee director in respect of any fiscal year plus any cash-based compensation granted to any non-employee director in respect of any such fiscal year, in each case solely with respect to his or her service to the Board of Directors, may not exceed \$900,000 based on the aggregate fair market value (determined as of the date of the grant) of any equity-awards plus the aggregate value (determined as of the date of the grant) of any cash-based compensation.

Fees Earned or Paid in Cash

Directors who are employees of the Company receive no compensation for service as directors. Directors who are not officers or employees of the Company receive such compensation for their services as the Board of Directors may determine from time to time. In February 2024, following a benchmarking analysis, the Compensation Committee reviewed compensation paid to non-employee directors and increased the annual retainer from \$90,000 to \$100,000 for fiscal 2024. Prior to such increase, the value of the annual retainer for the non-employee directors was unchanged compared to the value received each year since fiscal 2019. Each non-employee director also received \$2,200 for each committee meeting attended. The retainers for service as a Committee Chairperson for fiscal 2024 were as follows: (i) \$15,000 for the Chairperson of the Nominating and Governance Committee; the Regulatory, Compliance and Cybersecurity Committee and the Strategic Advisory Committee; (ii) \$20,000 for the Chairperson of the Compensation Committee and (iii) \$25,000 for the Chairperson of the Audit Committee. The Lead Director’s retainer for fiscal 2024 was \$40,000. In December 2023, following recommendation from the Compensation Committee, the Board of Directors approved the payment of \$2,200 per meeting for each meeting attended by the members of the Audit Committee and Regulatory, Compliance and Cybersecurity Committee conducting the review of the October 2023 cybersecurity incident. Such review was completed in fiscal 2024.

Stock Awards

On March 4, 2024, each of the Company’s non-employee directors as of such date was granted 2,604 RSUs under the 2023 Non-Employee Director Stock Incentive Plan, with each award having a grant date fair value of \$200,000 (increased from \$175,000 in fiscal 2023). Prior to such increase, the value of the equity awards for the non-employee directors was unchanged compared to the value of their awards each year since fiscal 2019. The RSUs granted to the non-employee directors in 2024 are subject to time-based vesting and cliff vest at the end of 12 months from the grant date, based on continued service through the applicable vesting date. In May 2024, the Compensation Committee approved the accelerated vesting of the outstanding equity award (2,604 restricted stock units) granted to Mr. Paladino under the 2023 Non-Employee Director Stock Incentive Plan, effective on May 21, 2024 (the date he did not stand for re-election at the 2024 Annual Meeting).

All such grants under the 2023 Non-Employee Director Stock Incentive Plan (i) were issued on the date they were approved by the Compensation Committee and (ii) provide for full accelerated vesting upon a change in control (as defined in the 2023 Non-Employee Director Stock Incentive Plan or as defined under Section 409A of the Code), provided that no termination of services has occurred prior to the change in control.

Non-employee directors are eligible to defer the date upon which all or a portion of their restricted stock units will be paid out to either (i) a specified payment date occurring on the third, fifth, seventh or tenth anniversary of the scheduled vesting date or (ii) the date of the termination of their services that occurs after the scheduled vesting date. If the deferral election is chosen, to the extent vested, payment will be made within the 30 day period following the earliest of the following to occur: (i) the elected deferred payment date; (ii) the participant’s death; (iii) the participant’s disability; (iv) the participant’s termination of services (other than as a result of death or disability) or (v) a change in control of the Company. Participants are also permitted to further defer the payment date of their restricted stock units in accordance with Section 409A of the Code for one or more additional periods of at least five years (but not more than ten years) beyond the previously elected deferred payment date.

The Compensation Committee assesses “competitive market” compensation when determining the amount of equity awards to grant non-employee directors. The Compensation Committee reviews non-employee director compensation, including equity awards, against the same peer companies that it uses when evaluating executive officer compensation. The Compensation Committee also reviews, for purposes of determining non-employee director equity awards, the companies with revenues between \$9 billion and \$17 billion that it reviews for evaluation of executive officer compensation. See “Compensation Structure—Pay Elements—Details—Pay Levels and Benchmarking” under Compensation Discussion and Analysis.

Non-Equity Incentive Plan Compensation

We do not issue non-equity incentive plan compensation to non-employee directors.

Change in Pension Value and Non-Qualified Deferred Compensation Earnings

For directors, we do not maintain a qualified defined benefit plan.

Since 2004, non-employee directors have been eligible to defer all or a portion of certain “eligible director fees” under our Non-Employee Director Deferred Compensation Plan into a cash account or a phantom share account. An investment in the cash account is deemed to be invested in cash equivalents based on the Company’s long-term borrowing rate under the Company’s principal credit facility. An investment in the phantom share account is deemed to be invested in a unit measurement called a “phantom share.” A phantom share is the equivalent to one share of our common stock. The cash accounts are distributed in a lump sum cash payment and the phantom share accounts are distributed in our common stock. Shares of our common stock available for issuance under the Non-Employee Director Deferred Compensation Plan are funded from shares of our common stock that are available under our 2023 Non-Employee Director Stock Incentive Plan, and such an award under the Non-Employee Director Deferred Compensation Plan constitutes an “Other Stock-Based Award” under the 2015 Non-Employee Director Stock Incentive Plan and the 2023 Non-Employee Director Stock Incentive Plan, as applicable. Messrs. Ali and Laskawy and Ms. Margulies have participated in the Non-Employee Director Deferred Compensation Plan in prior years, though none of the non-employee directors participated in such plan in fiscal 2024. Each such non-employee director has elected to defer his or her eligible director fees to the phantom share account. The amounts set forth in the Director Compensation Table above under “Change in Pension Value and Nonqualified Deferred Compensation Earnings” represent the above-market or preferential earnings of the phantom shares allocated to each such director’s account (if any).

Stock Ownership Policy

The Company believes that, to align the interests of the directors of the Company with the interests of the stockholders of the Company, the non-employee directors of the Company should have a financial stake in the Company. In 2018, the Company updated its stock ownership policy for non-employee directors to provide that each non-employee director should own equity in the Company equal to the greater of (i) a minimum of 10,000 shares of Henry Schein, Inc. common stock or (ii) five times the non-employee director annual retainer fee (which annual retainer fee was \$100,000 in fiscal 2024). Newly appointed non-employee directors will have five years from the date of their initial appointment to comply with the stock ownership policy.

Further, as a guideline, non-employee directors may only sell up to one-half of all vested value above the ownership requirement. “Vested value” is defined as the value of shares of any class of common stock, shares of vested restricted stock units, shares of unvested time-based restricted stock units (after netting an estimated amount for taxes, if applicable), warrants or rights to acquire shares of common stock and securities that are convertible into shares of common stock. Also, a non-employee director’s equity in the Company may not be sold until the non-employee director satisfies the Company’s stock ownership policy.

Upon request, the Nominating and Governance Committee may consider whether exceptions should be made for any non-employee director on whom this requirement would impose a financial hardship or for other appropriate reasons as determined by the Board of Directors.

All non-employee directors are in compliance with the Company’s stock ownership policy.

Anti-Hedging and Anti-Pledging Policies

The Company prohibits hedging or other derivative transactions and pledging of Company stock by its non-employee directors.

Director Retirement Policy

In 2015, upon recommendation of the Nominating and Governance Committee, the Board of Directors adopted a director retirement policy. The Company believes that it benefits greatly from contributions by directors who have had significant prior careers and experiences, and that the value of a director’s continuing contributions (including how such contributions complement the overall backgrounds and areas of expertise of the full Board of Directors) is a more important factor than a specific age in determining when a highly productive director should retire from the Board of Directors. The Company also recognizes that it is in its interest for directors to retire when that becomes appropriate, as well as the benefit to the Company from adding new directors with new perspectives. The policy provides that the Chairperson of the Nominating and Governance Committee should commence retirement discussions with a

director within a few years of approaching his or her 80th birthday. In any event, a director is expected to retire at the end of his or her term during which he or she reaches the age of 80, although this is a general guideline that we expect will be observed in most cases but not a strict requirement. In recognition of Mr. Laskawy's strong and effective contributions to the Board of Directors and the committees on which he serves, including as Lead Director, the Board of Directors renominated Mr. Laskawy for election at the Annual Meeting to serve as a director.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company maintains a formal, written conflict of interest policy that applies to all employees. Additionally, on an ongoing basis, the Audit Committee is required by its charter to review all "related party transactions" (those transactions that are required to be disclosed in this proxy statement by SEC Regulation S-K, Item 404 and under Nasdaq's rules), if any, for potential conflicts of interest and all such transactions must be approved or ratified by the Audit Committee.

Familial Relationships

Mr. Connett has one family member and Mr. Breslawski has two family members who are non-executive employees of the Company or its subsidiaries and where such employee's aggregate compensation for fiscal 2024 was in excess of \$120,000 (the relevant disclosure threshold under Item 404(a) of the Regulation S-K). The compensation paid to each such family member is comparable to other Company employees at a similar level. The Audit Committee reviewed, approved and ratified those related-party transactions for fiscal 2024, including the total compensation paid to such individuals in fiscal 2024.

KKR Strategic Partnership Agreement

On January 29, 2025, the Company entered into the Strategic Partnership Agreement with KKR, which became a greater than 5% shareholder in March 2025. The Audit Committee reviewed, approved and ratified the related-party transactions contemplated by the Strategic Partnership Agreement.

Board Designees

Pursuant to the Strategic Partnership Agreement, the Company agreed, among other things, to appoint Mr. Lin and Mr. Daniel (each, a "KKR Designee") to the Company's Board of Directors subject to and contingent upon receipt of required regulatory approvals. See "Proposal 2 – Election of Max Lin to the Board of Directors" and "Proposal 3 – Election of William K. "Dan" Daniel to the Board of Directors" for additional information.

The Strategic Partnership Agreement provides KKR with customary rights to designate replacement directors that are reasonably acceptable to the Company's Board of Directors in the event either of the Messrs. Lin and Daniel cease to serve as directors under certain circumstances. If KKR ceases to beneficially own and have the right to vote at least 7.5% of the Company's then-outstanding shares of common stock, one KKR Designee (or replacement thereof) shall immediately resign and KKR's designation and replacement rights with respect to such KKR Designee shall fall away. If KKR ceases to beneficially own and have the right to vote at least 5% of the Company's then-outstanding shares of common stock, each KKR Designee (or replacement thereof) shall immediately resign and KKR's designation and replacement rights shall fall away.

KKR is entitled to make an election to extend, among other things, its director nomination rights under the Strategic Partnership Agreement for an additional year (an "Extension Election"). If KKR makes an Extension Election, the KKR Designees will be nominated by the Company's Board of Directors to stand for election at the 2026 Annual Meeting for a term expiring at the Company's 2027 annual meeting of stockholders (the "2027 Annual Meeting").

Pursuant to the Strategic Partnership Agreement, KKR has agreed to vote in favor of the Board-recommended slate of directors at the Annual Meeting and in accordance with the Board's recommendation on any proposal made by another stockholder. However, the Company has agreed that in the event that both Institutional Shareholder Services and Glass Lewis & Co. issue a voting recommendation with respect to any proposal made by another stockholder (other than with respect to the election or removal of directors) that differs from the voting recommendation of the Board, KKR shall be permitted to vote in its sole discretion with respect to such proposal.

Private Placement of Common Stock

In addition, pursuant to the Strategic Partnership Agreement, the Company agreed to issue and sell in a private placement to KKR 3,285,152 shares (the "Shares") of its common stock, for an aggregate purchase price of \$250 million at a purchase price per Share of

approximately \$76.10 (the “Investment”). The Investment is subject to the satisfaction of customary conditions set forth in the Strategic Partnership Agreement, including, among other things, obtaining HSR Approval, Sweden Approval, Italy Approval and Spain Approval.

The customary standstill restrictions and voting commitments contained in the Strategic Partnership Agreement, shall continue through the later of (i) the earlier of (x) 30 days prior to the opening of the director nomination window for the 2026 Annual Meeting or (y) February 20, 2026, or (ii) if the KKR makes an Extension Election, the earlier of (x) 30 days prior to the opening of the director nomination window for the 2027 Annual Meeting or (y) February 20, 2027, except that the standstill commitments will continue for so long as any KKR Designee remains on the Company’s Board of Directors.

Registration Rights Agreement

On the closing date of the Investment, the Company and the Investor will enter into a Registration Rights Agreement providing for certain customary registration rights with respect to the Shares. In addition, the Company will agree to certain customary indemnification provisions relating to indemnification for any material misstatements or omissions by the Company in connection with the registration of the Shares.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the Compensation Committee during fiscal 2024 were Ms. Derby, Mr. Herring and Dr. Sheares.

During fiscal 2024:

- none of the members of the Compensation Committee was an officer (or former officer) or employee of the Company or any of its subsidiaries;
- none of the members of the Compensation Committee had a direct or indirect material interest in any transaction in which the Company was a participant and the amount involved exceeded \$120,000;
- none of our executive officers served on the compensation committee (or another board committee performing equivalent functions or, if none, the entire board of directors) of another entity where one of that entity’s executive officers served on our Compensation Committee;
- none of our executive officers was a director of another entity where one of that entity’s executive officers served on our Compensation Committee; and
- none of our executive officers served on the compensation committee (or another board committee performing equivalent functions or, if none, the entire board of directors) of another entity where one of that entity’s executive officers served as a director on our Board of Directors.

PROPOSAL 4

ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with the requirements of Section 14A of the Securities Exchange Act of 1934 (which was added by the Dodd-Frank Wall Street Reform and Consumer Protection Act and the related rules of the SEC), the Company is providing its stockholders the opportunity to cast an advisory vote on the compensation of its named executive officers. This Proposal 4, commonly known as a “say-on-pay” proposal, gives the Company’s stockholders the opportunity to express their views on named executive officers’ compensation.

As described in detail in the Compensation Discussion and Analysis beginning on page 34 of this proxy statement, the Company’s executive officer compensation program is designed to attract and retain the caliber of officers needed to ensure the Company’s continued growth and profitability and to reward them for their performance, the Company’s performance and for creating long-term value for stockholders. The primary objectives of the program are to:

- align rewards with the achievement of performance goals that enhance stockholder value;
- align rewards with the achievement of the Company’s strategic plan;
- support the Company’s strong team orientation;
- encourage high potential team players to build a career at the Company; and
- provide rewards that are cost-efficient, competitive with other organizations and fair to employees and stockholders.

The Company seeks to accomplish these goals in a manner that is aligned with the long-term interests of the Company’s stockholders. The Company believes that its executive officer compensation program achieves these goals with its emphasis on long-term equity awards and performance-based compensation, which has enabled the Company to successfully motivate and reward its named executive officers. The Company believes that its compensation program is appropriate and has played an essential role in its continuing financial success by aligning the long-term interests of its named executive officers with the long-term interests of its stockholders.

For these reasons, the Board of Directors recommends a vote in favor of the following resolution:

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.”

As an advisory vote, this Proposal 4 is not binding upon the Company. Notwithstanding the advisory nature of this vote, the Compensation Committee, which is responsible for designing and administering the Company’s executive officer compensation program, values the opinions expressed by stockholders in their vote on this Proposal 4, and will consider the outcome of the vote when making future compensation decisions for named executive officers.

The affirmative vote of the holders of a majority of the outstanding shares of common stock present in person or represented by proxy and entitled to vote on this matter is required to approve this Proposal 4.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF THE COMPANY’S NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL 5

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We are asking stockholders to ratify the selection of BDO USA, P.C. (“BDO USA”) as our independent registered public accounting firm for the fiscal year ending December 27, 2025. The Audit Committee and the Board of Directors believe that the retention of BDO USA to serve as the Company’s independent registered public accounting firm is in the best interests of the Company and its stockholders. Although ratification is not legally required, the Company is submitting the selection of BDO USA to its stockholders for ratification as a matter of good corporate governance. In the event that this selection of BDO USA is not ratified, the Audit Committee will reconsider the selection. Even if the selection of BDO USA is ratified, the Audit Committee, in its discretion, may change the selection at any time during the fiscal year if it determines that such a change would be in the best interest of the Company and its stockholders. Representatives of BDO USA will be present at the Annual Meeting, will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from stockholders in attendance.

Independent Registered Public Accounting Firm Fees and Pre-Approval Policies and Procedures

The following table summarizes fees billed or expected to be billed to us for fiscal 2024 and for fiscal 2023:

	Fiscal 2024	Fiscal 2023
Audit Fees — <i>Annual Audit and Quarterly Reviews</i>	\$8,912,000	\$8,482,000
Audit Related Fees	\$417,000	\$703,000
Tax Fees: —		
<i>Tax Advisory Services</i>	\$169,000	\$102,000
<i>Tax Compliance, Planning and Preparation</i>	\$466,000	\$581,000
All Other Fees	<u>\$59,000</u>	<u>\$130,000</u>
Total Fees	<u>\$10,023,000</u>	<u>\$9,998,000</u>

In the above table, in accordance with the SEC’s definitions and rules, “audit fees” are fees that the Company paid or expects to pay to BDO USA for the audit of our annual financial statements included in the Form 10-K and review of financial statements included in the Form 10-Qs, for the audit of our internal control over financial reporting and for services that are normally provided by the independent accountant in connection with statutory and regulatory filings or engagements. “Audit related fees” are fees for assurance and related services, primarily for services in connection with employee benefit plan audits, and consultation on acquisitions. “Tax fees” are fees for tax advisory services, including tax planning and strategy, tax compliance, tax planning and tax preparation. “All other fees” in fiscal 2024 and 2023 are for real estate advisory services.

The Audit Committee has determined that the provision of all non-audit services by BDO USA is compatible with maintaining such accountant’s independence.

All fees paid or to be paid by us to BDO USA were approved by the Audit Committee in advance of the services being performed by such independent accountants.

Pursuant to the rules and regulations of the SEC, before our independent registered accounting firm is engaged to render audit or non-audit services, the engagement must be approved by the Audit Committee or entered into pursuant to the Audit Committee’s pre-approval policies and procedures. The policy granting pre-approval to certain specific audit and audit related services and specifying the procedures for pre-approving other services is set forth in the Amended and Restated Charter of the Audit Committee, available on our Internet website at www.henryschein.com, under the “Our Company—Corporate Governance Highlights” caption.

The affirmative vote of the holders of a majority of the outstanding shares of common stock present in person or represented by proxy and entitled to vote on this matter at the Annual Meeting is required to ratify the selection of BDO USA as our independent registered public accounting firm for the fiscal year ending December 27, 2025.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE PROPOSED RATIFICATION OF THE SELECTION OF BDO USA AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 27, 2025.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Role of the Audit Committee

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors, including the Company's internal control over financial reporting, the quality of its financial reporting and the independence and performance of the Company's independent registered public accounting firm. The Audit Committee is responsible for establishing procedures for the receipt, retention and treatment of complaints received by the Company about accounting, internal control over financial reporting or auditing matters and confidential and anonymous submission by employees of the Company of concerns about questionable accounting or auditing matters. On an ongoing basis, the Audit Committee reviews all related party transactions (as defined by applicable regulations), if any, for potential conflicts of interest and all such transactions must be approved by the Audit Committee.

The Audit Committee is composed of four "independent directors" as that term is defined by the listing standards of The Nasdaq Stock Market, Inc. ("Nasdaq"). Three of the members of the Audit Committee are "audit committee financial experts," as defined under the rules of SEC and each of the members of the Audit Committee is able to read and understand fundamental financial statements, and, as such, satisfy the requirements of Nasdaq's Rule 5605(c)(2)(A). The Audit Committee operates under a written charter adopted by the Board of Directors, which is in accordance with the Sarbanes-Oxley Act of 2002 and the rules of the SEC and Nasdaq listing standards relating to corporate governance and audit committees. The Audit Committee reviews and reassesses its charter on a periodic and as required basis.

Management has primary responsibility for the Company's financial statements and the overall reporting process, including the Company's disclosure controls and procedures as well as its system of internal control over financial reporting. The Company is responsible for evaluating the effectiveness of its disclosure controls and procedures on a quarterly basis and for performing an annual assessment of its internal control over financial reporting, the results of which are reported in the Company's annual 10-K filing with the SEC.

BDO USA, P.C. ("BDO USA"), the Company's independent registered public accounting firm, audits the annual financial statements prepared by management, expresses an opinion as to whether those financial statements fairly present the consolidated financial position, results of operations and cash flows of the Company and its subsidiaries in conformity with accounting principles generally accepted in the United States and discusses with management any issues that they believe should be raised with management. BDO USA also audits and expresses an opinion on the design and operating effectiveness of the Company's internal control over financial reporting.

The Audit Committee pre-approves audit, audit related and permissible non-audit related services provided by BDO USA. During fiscal 2024, audit and audit related fees consisted of annual financial statement and internal control audit services, accounting consultations, employee benefit plan audits and other quarterly review services. Non-audit related services approved by the Audit Committee consisted of tax compliance, tax advice, tax planning and real estate advisory services.

The Audit Committee meets with management regularly to consider, among other things, the adequacy of the Company's internal control over financial reporting and the objectivity of its financial reporting. The Audit Committee discusses these matters with the appropriate Company financial personnel and internal auditors. In addition, the Audit Committee has discussions with management concerning the process used to support certifications by the Company's Chief Executive Officer and Chief Financial Officer that are required by the SEC and the Sarbanes-Oxley Act to accompany the Company's periodic filings with the SEC.

On an as needed basis and following each quarterly Audit Committee meeting, the Audit Committee meets privately with both BDO USA and the Company's internal auditors, each of whom has unrestricted access to the Audit Committee. BDO USA's ultimate accountability is to the Board of Directors of the Company and the Audit Committee, as representatives of the Company's stockholders. The Audit Committee is also responsible for the selection of BDO USA, and approves in advance its engagements to perform audit and any non-audit services and the fee for such services.

The Audit Committee annually reviews its independent registered public accounting firm's performance and independence from management. In addition, when appropriate, the Audit Committee discusses with the independent registered public accounting firm plans for audit partner rotation as required by the Sarbanes-Oxley Act.

Review of the Company's Audited Financial Statements for Fiscal 2024

The Audit Committee reviewed the Company's audited financial statements for fiscal 2024, as well as the process and results of the Company's assessment of internal control over financial reporting. The Audit Committee has also met with management, the internal

auditors and BDO USA to discuss the financial statements and internal control over financial reporting. Management has represented to the Audit Committee that the financial statements were prepared in accordance with accounting principles generally accepted in the United States and that internal control over financial reporting was effective and that no material weakness in those controls existed as of the fiscal year-end reporting date, December 28, 2024.

The Audit Committee has received from BDO USA the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence and has discussed with BDO USA their independence from the Company and its management. The Audit Committee also received reports from BDO USA regarding all critical accounting policies and practices used by the Company, generally accepted accounting principles that have been discussed with management, and other material written communications between BDO USA and management. There were no differences of opinion reported between BDO USA and the Company regarding critical accounting policies and practices used by the Company. In addition, the Audit Committee has also received from, and discussed with, BDO USA the matters required to be discussed by the Public Company Accounting Oversight Board Auditing Standard No. 1301 (Communications with Audit Committees). Finally, the Audit Committee has received from, and reviewed with, BDO USA all communications and information concerning its audit of the Company's internal control over financial reporting as required by the Public Company Accounting Oversight Board Auditing Standard No. 2201.

Based on these reviews, activities and discussions, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for fiscal 2024.

THE AUDIT COMMITTEE

Notwithstanding anything to the contrary set forth in any of our previous or future filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, that might incorporate by reference this proxy statement or future filings made by the Company under those statutes, the Compensation Committee Report, the information in the Report of the Audit Committee of the Board of Directors contained under the heading “Review of the Company’s Audited Financial Statements for Fiscal 2024,” references to the Audit Committee Charter and reference to the independence of the Audit Committee members are not deemed filed with the SEC, are not deemed soliciting material and shall not be deemed incorporated by reference into any of those prior filings or into any future filings made by the Company under those statutes, except to the extent that the Company specifically incorporates such information by reference into a previous or future filing, or specifically requests that such information be treated as soliciting material, in each case under those statutes.

VOTING OF PROXIES AND OTHER MATTERS

The Board of Directors recommends an affirmative vote be cast “FOR” all nominees for election to the Board of Directors listed in Proposals 1, 2 and 3 on the proxy card and a vote “FOR” Proposals 4 and 5.

The Board of Directors knows of no other matter that may be brought before the meeting that requires submission to a vote of the stockholders. If any other matters are properly brought before the meeting, however, the persons named in the enclosed proxy or their substitutes will vote in accordance with their best judgment on such matters.

A complete list of stockholders entitled to vote at the Annual Meeting will be available for inspection beginning May 12, 2025 at the Company’s principal place of business. If a state of emergency exists at that time preventing access to the Company’s office during regular business hours, the Company will endeavor to make the list available for inspection upon request via email to investor@henryschein.com. The list of stockholders will be available electronically during the virtual Annual Meeting at www.virtualshareholdermeeting.com/HSIC2025.

ANNUAL REPORT ON FORM 10-K

Our Annual Report on Form 10-K for the fiscal year ended December 28, 2024 has been filed with the SEC and is available free of charge through our Internet website, www.henryschein.com. Stockholders may also obtain a copy of the Form 10-K upon request via email to investor@henryschein.com. In response to such request, the Company will furnish without charge the Form 10-K including financial statements, financial schedules and a list of exhibits.

STOCKHOLDER PROPOSALS

Eligible stockholders wishing to have a proposal for action by the stockholders at the 2026 Annual Meeting included in our proxy statement pursuant to the SEC’s proxy rules (*i.e.*, Rule 14a-8) must submit such proposal at the principal executive offices of the Company no later than December 10, 2025. It is suggested that any such proposals be submitted by email and certified mail, return receipt requested.

Any stockholder intending to include a director nominee in the Company’s proxy materials for the 2026 Annual Meeting pursuant to Article II, Section 12 of our Fourth Amended and Restated By-laws (*i.e.*, proxy access) should carefully review the requirements for using proxy access, as described in such Section. The Company must receive a stockholder’s nomination, with all required information, between the close of business on November 10, 2025 and the close of business on December 10, 2025.

Under our Fourth Amended and Restated By-laws, a stockholder who intends to bring a proposal before the 2026 Annual Meeting outside of Rule 14a-8 cannot do so unless notice and a full description of such proposal (including all information that would be required in connection with such proposal under the SEC’s proxy rules if such proposal were the subject of a proxy solicitation and the written consent of each nominee for election to the Board of Directors named therein (if any) to serve if elected), the name, address and number of shares of common stock held of record or beneficially as of the record date for such meeting and as of the date of such notice by the person proposing to bring such proposal before the 2026 Annual Meeting and all other required information is delivered in person or mailed to, and received by, the Company at our principal executive offices between the close of business on January 22, 2026 and the close of business on February 21, 2026.

In addition to satisfying the requirements noted above, if a stockholder intends to comply with the SEC's universal proxy rules and to solicit proxies in support of director nominees other than the Company's nominees at the 2026 Annual Meeting, the stockholder must provide notice that includes the information required by Rule 14a-19 under the Exchange Act and required by the Company's Fourth Amended and Restated By-laws, which notice must be delivered in person or mailed to, and received by, the Company at our principal executive offices between the close of business on January 22, 2026 and the close of business on February 21, 2026.

If the date of the 2026 Annual Meeting is changed by more than 30 calendar days from such anniversary date, however, then the stockholder must provide notice by the later of 60 calendar days prior to the date of the 2026 Annual Meeting and the 10th calendar day following the date on which public announcement of the date of the 2026 Annual Meeting is first made.

Under the SEC's proxy rules, proxies solicited by the Board of Directors for the 2026 Annual Meeting may be voted at the discretion of the persons named in such proxies (or their substitutes) with respect to any stockholder proposal not included in our proxy statement if we do not receive notice of such proposal on or before the deadline set forth in the preceding paragraph.
