Collaborative Efforts and Pink Product Purchases Transform the Season into a Powerful Opportunity to Advance Cancer-Related Initiatives Around the World

MELVILLE, N.Y., October 6, 2025 — Henry Schein, Inc. (Nasdaq: HSIC) kicked off its 2025 Practice Pink® program, an annual global initiative aimed at raising awareness and supporting efforts to prevent, detect, and treat cancer. Over the past 19 years, the program has contributed more than US \$2.1 million to cancer-related causes, helping to advance vital research, expand access to care, and promote health care worldwide.

Through the program, Henry Schein assists dental and medical health care professionals in raising awareness and providing support to help find a cure for cancer. By offering its customers a variety of pink products, including health care consumables, practice supplies, and apparel, the Practice Pink program advances important cancer research and prevention efforts.

“At Henry Schein, we believe collective action can make a difference in the lives of individuals and families impacted by cancer,” said Mark Hillebrandt, Vice President and Chief Digital Officer, Henry Schein. “Practice Pink is a simple yet powerful way for our global health care community to come together through small actions, like customers choosing a pink product, that can advance important work and reflect our shared commitment to health, hope, and healing.”

The Practice Pink program supports the American Cancer Society and the Joe Andruzzi Foundation in the U.S., as well as various organizations in Europe, including ALADINA (Spain), KiKa (The Netherlands), LILT (Italy), Odyssea (France), and others.

Practice Pink is part of [Henry Schein Cares](#), the Company’s global corporate citizenship program.
