Mannatech Inc., a global health and wellness company committed to transforming lives to make a better world, recently launched the TruPLENISH Shake as part of its new TruHealth™ Fat-Loss System, which is comprised of three groundbreaking wellness products to help target body fat. The TruPLENISH Shake is different from competitor shakes in that it is plant-based, gluten and dairy-free and is filled with vitamins, minerals, probiotics, Glyconutrients and over 20 grams of protein formulated to help improve body composition through the maintenance of lean muscle.* Unlike other meal replacement products, TruPLENISH doesn't focus on simply lowering the scale but instead supports healthy weight management and digestion by nourishing the body with real food and nutrients while reducing caloric intake.
