MUNICH, Germany (February 10, 2026) – LuxExperience B.V. (NYSE:LUXE) (the “Company”), today announced its financial results for its second quarter of fiscal year 2026 ended December 31, 2025. The leading luxury multi-brand digital platform reported overall growth and return to profitability on adjusted EBITDA level in the second quarter with clear improvement across all three segments. The results in Q2 FY26 confirm that LuxExperience is fully on track with its transformation plan targeting medium-term €4bn Net Sales and a 7-9% Adjusted EBITDA margin. Mytheresa demonstrated continued outstanding GMV growth, outpacing the industry, and significantly increased its Adjusted EBITDA profitability in the second quarter of fiscal year 2026. NET-A-PORTER and MR PORTER showed continued improvement vs. preceding quarters as a direct result of the execution of the group’s new strategic direction with a clear focus on the customer and cost discipline. The Off-Price segment also showed clear signs of improvement based on the back to healthy core strategy followed by the new management.

Michael Kliger, Chief Executive Officer of LuxExperience, said, “We are extremely pleased with the results of the second quarter. The initiated turnaround at ex-YNAP already shows good results with growth and a return to adjusted EBITDA profitability at Group level. Our proven ability to deliver profitable growth at Mytheresa is now being applied to the newly acquired businesses by an extremely dedicated and experienced new management. As a Group we truly possess the secret sauce in digital luxury.”

Kliger continued, “Over the past decade, Mytheresa has consistently built and grown trusted relationships with its brand partners and customers. These relationships are the foundation of our success. Sustainable and profitable growth in luxury comes from providing brands and customers with the very best in service and experience. We know how to engage with true luxury customers through desirability, emotion, exclusivity, and community. As a Group we will seize the tremendous opportunities that present themselves to us going forward.”

SALE OF ASSETS POWERING THE OUTNET

On October 31, 2025, LuxExperience B.V. and The O Group LLC announced that they have entered into a binding agreement for LuxExperience to sell the set of assets powering THE OUTNET platform:

- THE OUTNET Assets to be transferred will include the relevant brand rights, customer data, full inventory and the US distribution center as well as required work-force in the US and the UK employees
- A Cash consideration of USD 30 million will be paid for THE OUTNET Assets, which is subject to adjustment based on inventory levels at closing, and for a certain period after closing LuxExperience will provide certain operational and IT services all priced at cost level
- LuxExperience will continue its commercial relationship with THE OUTNET also after closing of the transaction
- Transaction is expected to enable THE OUTNET to achieve its full potential under a renewed independent, stand-alone business model

LuxExperience

- The divestment of THE OUTNET Assets allows LuxExperience to focus off-price resources on its YOOX business and accelerate the overall transformation plan in regard to an efficient infrastructure platform for NET-A-PORTER and MR PORTER
- Closing of the transaction is expected in Q3 FY26, subject to certain closing conditions, including customary regulatory approvals and payment of the purchase price, which is subject to adjustment based on inventory levels at closing

In our financial reporting, the off-price segment refers to the business of YOOX, while THE OUTNET is classified as “discontinued operations” and is no longer considered part of LuxExperience’s core financial performance.

UPDATED GUIDANCE

With the implementation of our transformation plan executed in line with our targets, we narrow the ranges of our existing guidance for the full FY26.

Therefore, LuxExperience now expects for FY26:

- GMV €2.5 billion to €2.7 billion (previously €2.4 billion to €2.7 billion) and
- an Adjusted EBITDA margin between -1% to +1% (previously -2% to +1%)

FORWARD LOOKING STATEMENTS

This press release contains “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, including statements relating to financing activities; future sales, expenses, and profitability; future development and expected growth of our business and industry; our ability to execute our business model and our business strategy; having available sufficient cash and borrowing capacity to meet working capital, debt service and capital expenditure requirements for the next twelve months; and projected capital spending. In some cases, you can identify forward-looking statements by the following words: “anticipate,” “believe,” “continue,” “could,” “estimate,” “expect,” “intend,” “may,” “ongoing,” “plan,” “potential,” “predict,” “project,” “should,” “will,” “would” or the negative of these terms or other comparable terminology, although not all forward-looking statements contain these words. These statements are only predictions. Actual events or results may differ materially from those stated or implied by these forward-looking statements. In evaluating these statements and our prospects, you should carefully consider the factors set forth below.

The risk that the completed YNAP acquisition and the post-acquisition integration could have an adverse effect on the ability of YNAP to retain customers and retain and hire key personnel and maintain relationships with their brand partners and customers and on their operating results and businesses generally; the risk that problems may arise in successfully integrating the businesses of YNAP and Mytheresa, which may result in the combined company not operating as effectively and efficiently as expected; the risk that the combined company may be unable to achieve cost-cutting synergies or that it may take longer than expected to achieve those synergies; LuxExperience’s ability to effectively compete in a highly competitive industry; LuxExperience’s ability to respond to consumer demands, spending and tastes; foreign currency exchange rate fluctuations; general economic conditions, including economic conditions resulting from deteriorating geopolitical and macroeconomic conditions, such as the recent global trade war, that may adversely impact consumer demand; LuxExperience’s ability to acquire new customers and retain existing customers; consumers of luxury products may not choose to shop online in sufficient numbers; the volatility and difficulty in predicting the luxury fashion industry; LuxExperience’s reliance on consumer discretionary spending; and LuxExperience’s ability to maintain average order levels and other factors.

We undertake no obligation to update any forward-looking statements made in this press release to reflect events or circumstances after the date of this press release or to reflect new information or the occurrence of unanticipated events, except as required by law.

The achievement or success of the matters covered by such forward-looking statements involves known and unknown risks, uncertainties and assumptions. If any such risks or uncertainties materialize or if any of the assumptions prove incorrect, our results could differ materially from the results expressed or implied by the forward-looking statements we make.

You should not rely upon forward-looking statements as predictions of future events. Forward-looking statements represent our management’s beliefs and assumptions only as of the date such statements are made.

Further information on these and other factors that could affect our financial results is included in filings we make with the U.S. Securities and Exchange Commission (“SEC”) from time to time, including the section titled “Risk Factors” included in the Form 20-F filed on October 30, 2025. These documents are available on the SEC’s website at www.sec.gov and on the SEC Filings section of the Investor Relations section of our website at: <https://investors.luxexperience.com>.

The acquisition of YOOX Net-A-Porter Group S.p.A. (“YNAP”) (together with its subsidiaries, “YNAP Sub-Group”) by LuxExperience was completed on April 23, 2025 (“YNAP Acquisition”). The results of YNAP are included within the consolidated financial statements of LuxExperience for the period beginning on the date of the acquisition through the end of the respective period presented and the results of Mytheresa are included for the entirety of all periods presented.

ABOUT NON-IFRS FINANCIAL MEASURES AND OPERATING METRICS

Our non-IFRS financial measures include:

- **Adjusted EBITDA** is a non-IFRS financial measure that we calculate as net income before finance expense (net), taxes, and depreciation and amortization, adjusted to exclude the recognition/release of extraordinary inventory write down, other transaction-related, certain legal and other expenses share-based compensation expense and one-off Intercompany recharges. Adjusted EBITDA Margin is a non-IFRS financial measure which is calculated in relation to net sales.
- **Gross Merchandise Value (GMV)** is an operative measure and means the total Euro value of orders processed. GMV is inclusive of merchandise value, shipping and duty. It is net of returns, value added taxes and cancellations. GMV does not represent revenue earned by us. We use GMV as an indicator for the usage of our platform that is not influenced by the mix of direct sales and commission sales. The indicators we use to monitor usage of our platform include, among others, active customers, total orders shipped and GMV.
- **Gross Merchandise Value (GMV) and Net Sales Growth on a constant currency basis (ex-FX)** are non-IFRS financial measures that are calculated by translating current period financial data at the prior year average exchange rates applicable to the local currency in which the transactions are denominated, including effects from hedge accounting. We use constant currency information to provide us with a picture of underlying business dynamics, excluding currency effect. These calculations do not include any other macroeconomic effect such as local currency inflation effects or any price adjustment to compensate local currency inflation or devaluations. While we believe that constant currency information may be useful to investors in understanding and evaluating our results of operations in the same manner as our management, our use of constant currency metrics has limitations as an analytical tool, and you should not consider it in isolation, or as an alternative to, or a substitute for analysis of our financial results as reported under IFRS. Further, other companies, including companies in our industry, may report the impact of fluctuations in foreign currency exchange rates differently, which may reduce the value of our constant currency information as a comparative measure.
- **Illustrative key operating and financial metrics by segment** are non-IFRS financial measures that we present by segment for each period and were prepared by combining the historical standalone statements of operations for each of legacy YNAP and Mytheresa. These measures are provided for illustrative purposes only and do not purport to represent what the actual consolidated results of operations or consolidated financial condition would have been had the acquisition actually occurred on the date indicated, nor do they purport to project the future consolidated results of operations or consolidated financial condition for any future period or as of any future date. In addition, these measures have not been prepared in accordance with Article 11 of Regulation S-X.

We are not able to forecast net income (loss) on a forward-looking basis without unreasonable efforts due to the high variability and difficulty in predicting certain items that affect net income (loss), including, but not limited to, Income taxes and Interest expense and, as a result, are unable to provide a reconciliation to forecasted Adjusted EBITDA.

Illustrative key operating and financial metrics by segment for the three months and six months ended December 31, 2024 and 2025

The following illustrative segment information for **Luxury | Mytheresa**, **Luxury | NAP & MRP** and **Off-Price | YOOX** is presented as if these segments had been included in LuxExperience Group's management reporting for the three months and six months ended December 31, 2024. These segments were not presented in the Company's unaudited quarterly report for the three and six months ended December 31, 2024 as the YNAP Group was subsequently acquired on April 23, 2025, and therefore was not owned by the Company during the prior year comparative period presented. The following segment information should not be viewed as a substitute for LuxExperience Group's segment reporting. Further, the segment information presented here is not necessarily indicative of LuxExperience Group's results to be expected for any future periods.

THE OUTNET, which was previously managed and monitored as a separate major line of business within the Off-Price segment, has been classified as a discontinued operation in accordance with IFRS 5 for the three and six months ended December 31, 2025. Accordingly, financial performance for this period has been excluded from the Off-Price segment and is reported separately within discontinued operations. Further information on THE OUTNET and the related discontinued operations presentation can be found in Note 9 within the notes to the financial statements.

The following table shows our operating and financial metrics for **Luxury | Mytheresa** segment for the three months and six months ended December 31, 2024 and 2025. For the periods presented, these figures represent actual results and are not illustrative in nature.

- (1) Other transaction-related, certain legal and other expenses include professional fees (including advisory and accounting fees) related to potential transactions, as well as certain legal and other expenses incurred outside the ordinary course of business. For the three and six months ended December 31, 2025, expenses of €11,765 thousand and €53,739 thousand, respectively, were incurred and are reflected in the reconciliation column. These amounts have been excluded from Segment EBITDA and primarily impact Shipping and payment costs, Selling, general and administrative expenses, and Other income (expense), net.
- (2) Certain members of management and supervisory board members have been granted share-based compensation for which the related expense is recognized over the applicable vesting periods. Management adjusts Segment EBITDA to exclude share-based compensation expense, as it is not considered indicative of the Group's underlying operating performance. For the three and six months ended December 31, 2025, share-based compensation expense amounted to €3,531 thousand and €7,004 thousand, respectively, and is reflected in the reconciliation column, primarily within Selling, general and administrative expenses.
- (3) Represents Online Flagship Stores ("OFS") and Feng-Mao ("FM") businesses being wound down.
- (4) During the three and six months ended December 31, 2025, intercompany sales of €0 and €2,858 thousand, respectively, were included in Net sales, with corresponding amounts included in Cost of sales, exclusive of depreciation and amortization. As these intercompany transactions are eliminated on consolidation, the related amounts are reflected in the reconciliation column.
- (5) Includes foreign exchange gains and losses arising on intercompany cash pooling positions, recorded in Other income (expense), net. These amounts are excluded from Segment EBITDA, as they reflect increased foreign exchange volatility on intra-group cash balances. The adjustment represents a foreign exchange gain of €3,795 thousand for the three months ended December 31, 2025 and a foreign exchange loss of €3,914 thousand for the six months ended December 31, 2025.

- (1) Foreign Exchange Impact means translating current period financial data using the average foreign exchange rates during the corresponding period in the prior fiscal year applicable to the local currency in which the transactions are denominated so as to calculate what our results would have been had exchange rates remained stable from one fiscal year to the next. These calculations do not include any other macroeconomic effect such as local currency inflation effects or any price adjustment to compensate local currency inflation or devaluations.
