

NEWS RELEASE

EnerSys to Participate in Jefferies Renewables, Clean Energy, & Construction Conference

2026-08-31

READING, Pa.--(BUSINESS WIRE)-- **EnerSys** (NYSE: ENS), a global leader in stored energy solutions for industrial, infrastructure, and defense applications, announced today that President and CEO, Shawn O'Connell, and Executive Vice President and CFO, Andrea Funk, will participate in a fireside chat as part of the Jefferies Renewables, Clean Energy, & Construction Conference on Friday, September 11th, at 10:15 am ET. A live webcast and archived replay will be available to the public **via this link**.

The webcast and archived replay for this event will also be available on the Events and Presentations page of the Investor Relations section of the EnerSys website at **<https://investor.enersys.com/events-presentations>**.

About EnerSys

EnerSys is a global leader in stored energy solutions helping industrial, infrastructure and defense customers address critical power and operational needs with batteries, chargers and other power equipment. The company delivers integrated solutions that combine energy storage technologies, power electronics, software-enabled intelligence, technical expertise and comprehensive global customer support. EnerSys supports customers across communications networks, data centers, energy infrastructure, material handling, transportation, aerospace and defense — including applications where power continuity is essential. Serving customers in more than 100 countries, EnerSys helps organizations manage energy more reliably, efficiently and intelligently in complex operating environments where uptime, safety and resilience matter.
