

NEWS RELEASE

EnerSys to Present at the 38th Annual ROTH Conference

2026-03-11

READING, Pa.--(BUSINESS WIRE)-- **EnerSys** (NYSE: ENS), a global leader in stored energy solutions for industrial applications, announced today that President and CEO, Shawn O’Connell, and Executive Vice President and CFO, Andrea Funk, are scheduled to present on Tuesday, March 24th, at the 38th Annual ROTH Conference being held in Dana Point, California. The fireside chat will begin at 8:00 am PT. A live audio webcast and archived replay will be available to the public via this [link](#).

The webcast and archived replay for this event will also be available on the Events and Presentations page of the Investor Relations section of the EnerSys website at <https://investor.enersys.com/events-presentations>.

About EnerSys

EnerSys is a global leader in stored energy solutions for industrial applications and designs, manufactures, and distributes energy systems solutions and motive power batteries, specialty batteries, battery chargers, power equipment, battery accessories and outdoor equipment enclosure solutions to customers worldwide. The company goes to market through four lines of business: Energy Systems, Motive Power, Specialty and New Ventures. Energy Systems, which combine power conversion, power distribution, energy storage, and enclosures, are used in the telecommunication, broadband and utility industries, uninterruptible power supplies, and numerous applications requiring stored energy solutions. Motive power batteries and chargers are utilized in electric forklift trucks and other industrial electric powered vehicles. Specialty batteries are used in aerospace and defense applications, portable power solutions for soldiers in the field, large over-the-road trucks, premium automotive, medical and security systems applications. New Ventures provides energy storage and management systems for various applications including demand charge reduction, utility back-up

power, and dynamic fast charging for electric vehicles. EnerSys also provides aftermarket and customer support services to its customers in over 100 countries through its sales and manufacturing locations around the world. To learn more about EnerSys please visit <https://www.enersys.com/en/>.
