### Oaktree Specialty Lending Corporation Announces First Fiscal Quarter 2025 Financial Results

February 4, 2025

LOS ANGELES, Feb. 04, 2025 (GLOBE NEWSWIRE) -- Oaktree Specialty Lending Corporation (NASDAQ: OCSL) ("Oaktree Specialty Lending" or the "Company"), a specialty finance company, today announced its financial results for the fiscal quarter ended December 31, 2024.

#### Financial Highlights for the Quarter Ended December 31, 2024

- **Oaktree Capital I, L.P. purchased \$100.0 million of shares** of OCSL common stock on February 3, 2025 at the Company's net asset value as of January 31, 2025, which was \$17.63 per share and represented a 10% premium to the closing stock price and resulted in a nearly 7% increase to NAV. The equity raise will help grow OCSL's asset base and further diversify the portfolio.
- **Implemented total return hurdle** resulting in waived Part I incentive fees of \$6.4 million for the quarter ended December 31, 2024. In connection with the institution of this incentive fee cap, the calculation of the Part I incentive fee will consider capital gains and losses when determining Part I incentive fees payable. This new arrangement includes a lookback provision that commences effective October 1, 2024, and will build over time to a rolling 12 quarter lookback by the Company's 2027 fiscal year-end.
- **Total investment income** was \$86.6 million (\$1.05 per share) for the first fiscal quarter of 2025, as compared with \$94.7 million (\$1.15 per share) for the fourth fiscal quarter of 2024. Adjusted total investment income was \$87.1 million (\$1.06 per share) for the first fiscal quarter, as compared with \$95.0 million (\$1.16 per share) for the fourth fiscal quarter of 2024. The decrease was driven by (i) lower interest income, which was attributable to decreases in reference rates, the impact of certain investments that were placed on non-accrual status, a smaller investment portfolio and lower original issue discount ("OID") acceleration from investment repayments, (ii) lower fee income from a decrease in prepayment fees and (iii) lower dividend income from the Company's investment in Senior Loan Fund JV I, LLC ("SLF JV I").
- **GAAP net investment income** was \$44.3 million (\$0.54 per share) for the first fiscal quarter of 2025, as compared with \$44.9 million (\$0.55 per share) for the fourth fiscal quarter of 2024. The decrease for the quarter was primarily driven by lower total investment income and higher operating expenses, partially offset by lower interest expense and lower management and income-based ("Part I") incentive fees (net of fees waived).
- **Adjusted net investment income** was \$44.7 million (\$0.54 per share) for the first fiscal quarter of 2025, as compared with \$45.2 million (\$0.55 per share) for the fourth fiscal quarter of 2024. The decrease for the quarter was primarily driven by lower adjusted total investment income and higher operating expenses, partially offset by lower interest expense and lower management and Part I incentive fees (net of fees waived).
- **Net asset value ("NAV") per share** was \$17.63 as of December 31, 2024, down as compared with \$18.09 as of September 30, 2024. The decline from September 30, 2024 primarily reflected losses on certain debt and equity investments.
- **Originated** \$198.1 million of new investment commitments and received \$352.4 million of proceeds from prepayments, exits, other paydowns and sales during the quarter ended December 31, 2024. The weighted average yield on new debt investments was 9.6%.
- **Total debt outstanding** was \$1,610.0 million as of December 31, 2024. The total debt to equity ratio was 1.11x, and the net debt to equity ratio was 1.03x, after adjusting for cash and cash equivalents.
- **Liquidity** as of December 31, 2024 was composed of \$112.9 million of unrestricted cash and cash equivalents and \$957.5 million of undrawn capacity under the Company's credit facilities (subject to borrowing base and other limitations). Unfunded investment commitments were \$302.3 million, or \$275.2 million excluding unfunded commitments to the Company's joint ventures. Of the \$275.2 million, approximately \$243.7 million can be drawn immediately with the remaining amount subject to certain milestones that must be met by portfolio companies or other restrictions.
- **A quarterly and supplemental cash distribution was declared** of \$0.40 per share and \$0.07 per share, respectively, payable in cash on March 31, 2025 to stockholders of record on March 17, 2025. The modification to the dividend policy introduces a stable base dividend, which is anticipated to be sustainable across market cycles, amid fluctuations in rates

and spreads.

Armen Panossian, Chief Executive Officer and Co-Chief Investment Officer said, "We had several positive outcomes within the portfolio, but continued to face challenges with several names. We remain focused on our underperforming borrowers, working through each situation to identify the appropriate course of action."

"We remain committed to our shareholders and growing our business. As part of that process, Oaktree has purchased \$100 million of shares at NAV. And, in addition to the permanent fee reduction announced last year and additional support provided via voluntary fee waivers, starting with the quarter ending December 31, 2024, we have instituted a cap in the calculation of our Part I Incentive Fee to consider capital gains and losses, which will build up over time and look back to 12 quarters by our 2027 fiscal year-end. We believe these actions further demonstrate our ongoing commitment to our shareholders while providing the capital to execute on our long-term initiatives."

### Distribution Declaration

The Board of Directors declared a quarterly distribution of \$0.40 per share, payable in cash on March 31, 2025 to stockholders of record on March 17, 2025. The Board of Directors also declared a supplemental distribution of \$0.07 per share, payable in cash on March 31, 2025 to stockholders of record on March 17, 2025. For the quarter ended December 31, 2024 and going forward, in addition to a quarterly base dividend of \$0.40 per share, the Company's Board of Directors expects to declare, when applicable, a quarterly supplemental dividend in an amount to be determined each quarter.

Distributions are paid primarily from distributable (taxable) income. To the extent taxable earnings for a fiscal taxable year fall below the total amount of distributions for that fiscal year, a portion of those distributions may be deemed a return of capital to the Company's stockholders.

("OSI2") with and into the Company in January 2023 (the "OSI2 Merger") and, in the case of adjusted net investment income, without giving effect to capital gains incentive fees. Adjusted total investment income for the quarter ended December 31, 2024 was \$87.1 million and included \$78.9 million of interest income from portfolio investments, \$5.7 million of payment-in-kind ("PIK") interest income, \$1.7 million of fee income and \$0.8 million of dividend income. The \$7.9 million quarterly decline in adjusted total investment income was primarily due to a \$5.4 million decrease in interest income, which resulted from a decreases in reference rates, the impact of certain investments that were placed on non-accrual status, a smaller investment portfolio and lower OID acceleration from investment repayments. Additionally, there was a \$2.2 million decrease in fee income driven by lower prepayment fees and a \$0.3 million reduction in dividend income from the Company's investment in SLF JV I.

Net expenses for the quarter ended December 31, 2024 totaled \$42.1 million, down \$7.7 million from the quarter ended September 30, 2024. The decrease for the quarter was primarily driven by \$6.2 million of lower Part I incentive fees (net of fees waived) and \$1.5 million of lower interest expense due to lower reference rates on the Company's floating rate liabilities.

Adjusted net investment income was \$44.7 million (\$0.54 per share) for the quarter ended December 31, 2024, which was down from \$45.2 million (\$0.55 per share) for the quarter ended September 30, 2024. The decline of \$0.5 million primarily reflected \$7.9 million of lower adjusted total investment income and an increase in income tax expense of \$0.3 million, partially offset by \$7.7 million of lower net expenses.

Adjusted net realized and unrealized losses, net of taxes, were \$37.1 million for the quarter ended December 31, 2024, primarily reflecting realized and unrealized losses on certain debt and equity investments.

#### *Glick JV*

The Company's investments in Glick JV totaled \$49.6 million at fair value as of December 31, 2024, up 1.4% from \$48.9 million as of September 30, 2024. The increase was primarily driven by Glick JV's use of leverage and unrealized appreciation in the underlying investment portfolio.

As of December 31, 2024, Glick JV had \$127.9 million in assets, including senior secured loans to 39 portfolio companies. This compared to \$145.0 million in assets, including senior secured loans to 44 portfolio companies, as of September 30, 2024. The Company has analyzed cash and cash equivalents, availability under its credit facilities, the ability to rotate out of certain assets and amounts of unfunded commitments that could be drawn and believes its liquidity and capital resources are sufficient to invest in market opportunities as they arise.

As of December 31, 2024, the weighted average interest rate on debt outstanding, including the effect of the interest rate swap agreements was 6.2%, down from 6.7% as of September 30, 2024, primarily driven by the impact of lower interest rates on the Company's floating rate liabilities.

### **Incentive Fee Lookback**

Effective as of October 1, 2024, Oaktree has agreed to waive incentive fees on income to institute an incentive fee cap (also known as a “total return hurdle”) in the calculation of the Part I Incentive Fee, which will consider capital gains and losses. This new arrangement includes a lookback provision that commences effective October 1, 2024, and will build over time to a rolling 12-quarter lookback by the Company’s 2027 fiscal year-end. Additional details regarding this new arrangement can be found in the Company’s Form 10-Q filed on February 4, 2025.

### Purchase Agreement

On January 31, 2025, the Company and Oaktree Capital I, L.P., an affiliate of the Adviser, entered into a purchase agreement pursuant to which Oaktree Capital I, L.P. purchased 5,672,149 shares of the Company’s common stock on February 3, 2025 for an aggregate purchase price of \$100.0 million. These shares were sold at the Company’s net asset value per share as of January 31, 2025, which was \$17.63 per share and calculated in accordance with Section 23 of the Investment Company Act of 1940, as amended. Oaktree Capital I, L.P. has agreed not to sell the shares acquired in this transaction through February 3, 2026. This transaction represented a 10% premium to the closing stock price on January 31, 2025, and resulted in a nearly 7% increase in net assets, which (coupled with additional leverage) will increase dry powder for deployment, enabling growth and further diversification of the portfolio.

### Non-GAAP Financial Measures

On a supplemental basis, the Company is disclosing certain adjusted financial measures, each of which is calculated and presented on a basis of methodology other than in accordance with GAAP (“non-GAAP”). The Company’s management uses these non-GAAP financial measures internally to analyze and evaluate financial results and performance and believes that these non-GAAP financial measures are useful to investors as an additional tool to evaluate ongoing results and trends for the Company and to review the Company’s performance without giving effect to non-cash income/gain/loss resulting from the OCSI Merger and the OSI2 Merger and in the case of adjusted net investment income, without giving effect to capital gains incentive fees. The presentation of the below non-GAAP measures is not intended to be a substitute for financial results prepared in accordance with GAAP and should not be considered in isolation.

- **"Adjusted Total Investment Income" and "Adjusted Total Investment Income Per Share"** – represents total investment income excluding any amortization or accretion of interest income resulting solely from the cost basis established by ASC 805 (see below) for the assets acquired in connection with the OCSI Merger and the OSI2 Merger.
- **"Adjusted Net Investment Income" and "Adjusted Net Investment Income Per Share"** – represents net investment income, excluding (i) any amortization or accretion of interest income resulting solely from the cost basis established by ASC 805 (see below) for the assets acquired in connection with the OCSI Merger and the OSI2 Merger and (ii) capital gains incentive fees (“Part II incentive fees”).
- **"Adjusted Net Realized and Unrealized Gains (Losses), Net of Taxes" and "Adjusted Net Realized and Unrealized Gains (Losses), Net of Taxes Per Share"** – represents net realized and unrealized gains (losses) net of taxes excluding any net realized and unrealized gains (losses) resulting solely from the cost basis established by ASC 805 (see below) for the assets acquired in connection with the OCSI Merger and the OSI2 Merger.
- **"Adjusted Earnings (Loss)" and "Adjusted Earnings (Loss) Per Share"** – represents the sum of (i) Adjusted Net Investment Income and (ii) Adjusted Net Realized and Unrealized Gains (Losses), Net of Taxes and includes the impact of Part II incentive fees<sup>1</sup>, if any.

The OCSI Merger and the OSI2 Merger (the “Mergers”) were accounted for as asset acquisitions in accordance with the asset acquisition method of accounting as detailed in ASC 805-50, *Business Combinations—Related Issues* (“ASC 805”). The consideration paid to each of the stockholders of OCSI and OSI2 were allocated to the individual assets acquired and liabilities assumed based on the relative fair values of the net identifiable assets acquired other than “non-qualifying” assets, which established a new cost basis for the acquired investments under ASC 805 that, in aggregate, was different than the historical cost basis of the acquired investments prior to the OCSI Merger or the OSI2 Merger, as applicable. Additionally, immediately following the completion of the Mergers, the acquired investments were marked to their respective fair values under ASC 820, *Fair Value Measurements*, which resulted in unrealized appreciation/depreciation. The new cost basis established by ASC 805 on debt investments acquired will accrete/amortize over the life of each respective debt investment through interest income, with a corresponding adjustment recorded to unrealized appreciation/depreciation on such investment acquired through its ultimate disposition. The new cost basis established by ASC 805 on equity investments acquired will not accrete/amortize over the life of such investments through interest income and, assuming no subsequent change to the fair value of the equity investments acquired and disposition of such equity investments at fair value, the Company will recognize a realized gain/loss with a corresponding reversal of the unrealized appreciation/depreciation on disposition of such equity investments acquired.

The Company’s management uses the non-GAAP financial measures described above internally to analyze and evaluate financial results and performance and to compare its financial results with those of other business development companies that have not adjusted the cost basis of certain investments pursuant to ASC 805. The Company’s management believes “Adjusted Total Investment Income”, “Adjusted Total Investment Income Per Share”, “Adjusted Net Investment Income” and “Adjusted Net Investment Income Per Share” are useful to investors as an additional tool to evaluate ongoing results and trends for the Company without giving effect to the income resulting from the new cost basis of the investments acquired in the Mergers because these amounts do not impact the fees payable to Oaktree Fund Advisors, LLC (the “Adviser”) under its investment advisory agreement (as amended and restated from time to time, the “A&R Advisory Agreement”), and specifically as it relates to “Adjusted Net Investment Income” and “Adjusted Net Investment Income Per Share”, without giving effect to Part II incentive fees. In addition, the Company’s management believes that “Adjusted Net Realized and Unrealized Gains (Losses), Net of Taxes”, “Adjusted Net Realized and Unrealized Gains (Losses), Net of Taxes Per Share”, “Adjusted Earnings (Loss)” and “Adjusted Earnings (Loss) Per Share” are useful to investors as they exclude the non-cash income and gain/loss resulting from the Mergers and are used by management to evaluate the economic earnings of its investment portfolio. Moreover, these metrics more closely align the Company’s key financial measures with the calculation of incentive fees payable to the Adviser under with the A&R Advisory Agreement (i.e., excluding amounts resulting solely from the lower cost basis of the acquired investments established by ASC 805 that would have been to the benefit of the Adviser absent such exclusion).
