Media Alert: NETSCOUT Application Visibility at HIMSS18

2018-03-02

NETSCOUT to Showcase Service Assurance and Security Solutions that Enable Healthcare Providers to Improve the Overall Patient Experience

WESTFORD, Mass.--(BUSINESS WIRE)--Mar. 2, 2018-- **NETSCOUT SYSTEMS, INC.,** (NASDAQ: NTCT), a leading provider of business assurance, a powerful combination of service assurance, cybersecurity, and business intelligence solutions, today announced we will showcase our service assurance and security solutions at HIMSS18 in Las Vegas, Nevada the week of March 5, 2018.

Healthcare providers will learn how NETSCOUT solutions support efforts to preserve and optimize the patient experience and assure application service performance in private, public and hybrid cloud environments. NETSCOUT leverages **Adaptive Service Intelligence™ (ASI) technology** that generates smart data from continuously monitoring the service delivery environment to provide smart analytics to identify performance issues and security threats impacting healthcare services like EMR patient records, DICOM imaging and diagnostic systems, HL7 communications, pharmacy and accounting services.

WHERE:

Level 2, Booth 270
Venetian – Palazzo – Sands Expo Center
Las Vegas, Nevada

WHEN:

March 5 – 9, 2018

WHAT:

NETSCOUT experts will be available in our booth to discuss the keys to delivering quality healthcare services:

- Enhance the patient experience with NETSCOUT as a strategic partner
- Holistically and intelligently monitor and optimize healthcare systems
- Ensure safe and swift patient-care services while protecting against security and performance disruptions
- Improve the many facets of your environment that matter, including:
    - EHR/EMR – meeting HIPAA regulations
    - Radiology and Imaging – PACS/DICOM
    - HL7 Interoperability
    - Protecting against cybersecurity threats
    - Internet of Things (IoT) – supporting transformative initiatives
    - Troubleshooting your wired, wireless, private and cloud environments

Post HIMSS18

Mark your calendar**: HL7 FHIR and the Road to Interoperability webinar** on Thursday, April 12th at 11:30am PT with moderator Perry Horner, CIO, Adelante Healthcare and presenters Wayne Kubick, CTO, HL7 International, Russell Leftwich MD, InterSystems, and Robert Wright, senior sales engineer, NETSCOUT. The webinar will review how and where HL7 FHIR is being used, how the FHIR community engages clinicians, payers, researchers and other stakeholders, and why it's important for all members of the healthcare industry to be aware and engage. The webinar will also explore the dynamics of service assurance to improve visibility to ensure a consistent, safe patient experience while considering HL7 and HL7 FHIR.

About HIMSS18

HIMSS18 brings you the world-class education, cutting-edge products and solutions, and unique networking opportunities you need to solve your biggest health information and technology challenges – all at one time, all in one place.

About NETSCOUT

NETSCOUT SYSTEMS, INC. (NASDAQ: NTCT) assures businesses against all disruptions in their digital services whether in availability, performance, or security. Our market and technology leadership stems from combining our patented smart data technology with smart analytics. We provide real-time, pervasive visibility, insights and Wi-Fi

tools customers need to accelerate, and secure their digital transformation. Our approach transforms the way organizations plan, deliver, integrate, test, and deploy services and applications. Our nGenius service assurance solutions provide real-time, contextual analysis of service, network, and application performance. Arbor security solutions protect against DDoS attacks that threaten availability, and advanced threats that infiltrate networks to steal critical business assets. To learn more about improving service, network, and application performance in physical or virtual data centers, or in the cloud, and how NETSCOUT's performance and security solutions, powered by service intelligence can help you move forward with confidence, visit **www.netscout.com** or follow @NETSCOUT and @ArborNetworks on Twitter, Facebook, or LinkedIn.
