NEWS RELEASE

Media Alert: NETSCOUT to Demonstrate Service Assurance and Security Solutions for Virtualized and Cloud Environments at VMworld 2017

2017-08-28

WESTFORD, Mass.--(BUSINESS WIRE)--Aug. 28, 2017-- **NETSCOUT SYSTEMS, INC**., (NASDAQ:NTCT), a leading provider of business assurance, a powerful combination of service assurance, cybersecurity, and business intelligence solutions, today announced it will discuss the accelerating forces of change and automation, and how NETSCOUT business assurance solutions ensure uninterrupted, continuous, and secure service delivery in virtualized and cloud environments at VMworld 2017 (booth #512) in Las Vegas, Nevada.

Enterprises will see live demonstrations of our nGenius® and Arbor solutions that assure digital business against any disruption, whether caused by performance, availability, or security threats. This enables network, application and security professionals to accelerate digital transformation (DX) initiatives and become **cloud smarter**.

WHERE:

NETSCOUT, Booth 512
Mandalay Bay Convention Center
Las Vegas, Nevada

WHEN:

August 27 - 31, 2017

WHAT:

NETSCOUT experts will be available to discuss how enterprises can be cloud smarter with nGenius and Arbor solutions. Live demonstrations will include:

- Service assurance solutions - See how smart data and analysis of complex data center, hybrid infrastructures, and cloud can dramatically accelerate digital transformation initiatives and ensure seamless delivery of services
- Security solutions – Learn how security teams can use smart data for threat detections and fast security investigation workflows
- Network Assurance - Find out how multiple IT groups can aggregate, replicate and manage the flows of traffic throughout the network
- Smart data solutions - Get the facts about accurate and actionable data for service assurance and security

Attendees are invited to join NETSCOUT on Tuesday, August 29th from 4:30 pm-6:00 pm for a VMworld Hall Crawl in the Solutions Exchange.

About VMworld

VMworld is August 27 - 31, 2017 in Las Vegas, Nevada. VMworld is VMware's premier thought-leadership and education destination for cloud infrastructure and digital workspace technology professionals. At VMworld, the industry's top thought-leaders, subject matter experts and IT professionals immerse themselves in the latest in cloud infrastructure and business mobility technology.

About NETSCOUT

NETSCOUT SYSTEMS, INC. (NASDAQ: NTCT) is a leading provider of business assurance – a powerful combination of service assurance, cybersecurity, and business intelligence solutions – for today's most demanding service provider, enterprise and government networks. NETSCOUT's Adaptive Service Intelligence (ASI) technology continuously monitors the service delivery environment to identify performance issues and provides insight into network-based security threats, helping teams to quickly resolve issues that can cause business disruptions or impact user experience. NETSCOUT delivers unmatched service visibility and protects the digital infrastructure that supports our connected world. Safe Harbor

Forward-looking statements in this release are made pursuant to the safe harbor provisions of Section 21E of the Securities Exchange Act of 1934 and other federal securities laws. Investors are cautioned that statements in this

press release, which are not strictly historical statements, including without limitation, the statements related to the benefits and capabilities of NETSCOUT's nGenius and Arbor solutions, constitute forward-looking statements which involve risks and uncertainties. Actual results could differ materially from the forward-looking statements due to known and unknown risk, uncertainties, assumptions and other factors. Such factors include slowdowns or downturns in economic conditions generally and in the market for advanced network and service assurance solutions specifically; the volatile foreign exchange environment; the Company's relationships with strategic partners and resellers; dependence upon broad-based acceptance of the Company's network performance management solutions; the presence of competitors with greater financial resources than ours and their strategic response to our products; our ability to retain key executives and employees; and lower than expected demand for the Company's products and services. For a more detailed description of the risk factors associated with the Company, please refer to the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2017 and the company's subsequent Quarterly Report on Form 10-Q, which are on file with the Securities and Exchange Commission. NETSCOUT assumes no obligation to update any forward-looking information contained in this press release or with respect to the announcements described herein.
