

## NEWS RELEASE

# NETSCOUT Divests Handheld Network Test Business

2018-09-17

StoneCalibre Acquires Handheld Network Test Tools for Wireless and Wireline Enterprise Networks

WESTFORD, Mass.--(BUSINESS WIRE)-- **NETSCOUT SYSTEMS, INC.**, (NASDAQ: NTCT), a leading provider of service assurance, security, and business analytics, announced today that as of September 14, 2018, it has completed the divestiture of its handheld network test (HNT) tools business. StoneCalibre has acquired the portfolio of HNT solutions. Terms of the transaction were not publicly disclosed.

The HNT portfolio acquired by StoneCalibre includes the LinkSprinter™ Network Tester, LinkRunner™ Network Auto-Tester, OneTouch AT Network Assistant, AirCheck™ G2 Wireless Tester, and AirMagnet Mobile solutions. NETSCOUT will work toward a smooth transition for customers, partners, contractors and suppliers by collaborating with StoneCalibre to provide a variety of services across a range of functional areas over the next several months as StoneCalibre completes its carve-out of HNT as a standalone company in its portfolio.

Mooreland Partners LLC acted as exclusive financial advisor to NETSCOUT SYSTEMS, INC. in connection with this transaction.

## About NETSCOUT

NETSCOUT SYSTEMS, INC. (NASDAQ: NTCT) assures digital business services against disruptions in availability, performance, and security. Our market and technology leadership stems from combining our patented smart data technology with smart analytics. We provide real-time, pervasive visibility, and insights customers need to accelerate and secure their digital transformation. Our approach transforms the way organizations plan, deliver, integrate, test, and deploy services and applications. Our nGenius service assurance solutions provide real-time, contextual analysis of service, network, and application performance. Arbor security solutions protect against DDoS

attacks that threaten availability and advanced threats that infiltrate networks to steal critical business assets. To learn more about improving service, network, and application performance in physical or virtual data centers, or in the cloud, and how NETSCOUT's performance and security solutions, powered by service intelligence can help you move forward with confidence, visit [www.netscout.com](http://www.netscout.com) or follow @NETSCOUT and @ArborNetworks on Twitter, Facebook, or LinkedIn.
