

NETSCOUT Releases 2025 Environmental, Social, and Governance Report

2025-08-14

Showcases ESG progress towards emission reduction targets, sustainability education, and community impacts

WESTFORD, Mass.--(BUSINESS WIRE)-- **NETSCOUT® SYSTEMS, INC.** (NASDAQ: NTCT), a leading provider of observability, AIOps, cybersecurity, and DDoS attack protection solutions, today announced the publication of its **FY2025 Environmental, Social, and Governance (ESG) Report**. The report highlights NETSCOUT's progress against its four ESG pillars, including sustainability, lean but not mean company philosophy, community impact, and strengthening cybersecurity and compliance. NETSCOUT's strong governance is the foundation of the ESG program and reflects the company ethos of transparency, responsibility and a relentless drive towards making meaningful impacts.

"Our commitment to our employees, customers, shareholders, communities and the progress of our industry has been guided by a clear vision: to align our efforts with our corporate strategy in the service of long-term value creation," said Jeff Levinson, Senior Vice President, General Counsel and Chief ESG Officer at NETSCOUT. "Our sustainability accomplishments were significant and benefit our customers through sustainability by design innovations to reduce their energy consumption and operational costs."

The 2025 ESG Report includes voluntary disclosures of measurements aligned with relevant sector standards from the Sustainability Accounting Standards Board (SASB) and the Task Force on Climate-related Financial Disclosures (TCFD) framework.

NETSCOUT's Environmental, Social, and Governance Report:

- Shares the near-term science-based emissions reduction targets for Scope 1, 2, and 3 Greenhouse Gas (GHG)

emissions validated by the Science Based Targets initiative (SBTi), as well as metrics and trends.

- Demonstrates progress across each of NETSCOUT's four ESG focus areas and continued improvement against its ESG Maturity Model.
- Provides additional transparency into governance, including ESG oversight, corporate governance, and risk management.
- Celebrates 5,340 volunteer hours logged in support of over 300 non-profit organizations across the globe to make a positive difference in our local communities.
- Confirms reductions in greenhouse gas emissions and continued development of our measurement and assessment processes and tools.
