NEWS RELEASE

NETSCOUT to Participate in Right Stuff Innovation Awards at ONUG Fall 2017

2017-10-17

Showcasing vScout, nGeniusOne, and nGeniusPULSE to Address Enterprise IT Leader Demands

NEW YORK--(BUSINESS WIRE)--Oct. 17, 2017-- ONUG Fall 2017 – **NETSCOUT SYSTEMS, INC**., (NASDAQ: NTCT), a leading provider of business assurance, a powerful combination of service assurance, cybersecurity, and business intelligence solutions, today announced it is demonstrating hybrid IT multi-cloud and container services monitoring at the ONUG Fall Conference, October 17-18, 2017. This solution will also be submitted for an ONUG Right Stuff Innovation Award.

As a part of the ONUG Working Group Initiatives, enterprise IT leaders, vendors, and cloud/service providers collaborated over the past year to compile requirements for the development of solutions that address the Monitoring & Analytics and Software-Defined Security Services uses cases. At ONUG Fall, NETSCOUT will demonstrate a vScout®, nGeniusOne® and nGeniusPULSE proof of concept based on the **Monitoring & Analytics** Guidelines and this solution will be considered for the new Right Stuff Innovation Awards, which recognize companies that best address the goals outlined by the working groups.

“NETSCOUT’s participation in the Right Stuff Innovation Awards underscores their commitment to the development of markets and solutions required by the ONUG IT Community to support digital transformation strategies for the hybrid multi-cloud era,” said Nick Lippis, ONUG co-founder and co-chairman. “We’re confident that collaboration, such as this with NETSCOUT, will contribute to an increase in the available choices and options available to IT buyers in the large enterprise and fill the solution gaps in the hybrid cloud market.”

“Ensuring IT organizations can maintain full visibility of their applications and services as they migrate to the cloud and adopt microservices architectures is a central part of NETSCOUT’s mission,” stated Paul Barrett, chief

technology officer for Enterprise, NETSCOUT. “ONUG brings together senior executives from IT organizations and vendors alike, and provides a forum where we can discuss the opportunities and challenges presented by digital transformation and how we – as an industry – can best meet them.”
