

NEWS RELEASE

Voyager To Host 2026 Investor Day December 3

2026-10-13

Event to include comprehensive update and Lunar Systems tour

DENVER--(BUSINESS WIRE)-- **Voyager Technologies (NYSE: VOYG)** will host its annual Investor Day December 3, 2026, in Pittsburgh.

"We are building Investor Day around giving investors more than a presentation — a real look at the technology and the team delivering it," said Dylan Taylor, Chairman and CEO, Voyager. "From our core space and defense portfolio to the lunar systems work happening in Pittsburgh, we will show the market the full scope of what we're building."

During the event, Voyager's executive leadership will provide a comprehensive update on the company's business, strategic priorities and long-term growth opportunities, offering deeper insight into its key markets, capabilities and strategy.

In-person attendance is by invitation only and space is limited. Investors and analysts interested in attending may contact Voyager's Investor Relations team at investors@voyagertechnologies.com.

A live webcast of the event will be available through the Investor Relations section of Voyager's website at investors.voyagertechnologies.com. A replay of the webcast, along with presentation materials, will be made available following the event.

Voyager is also participating in the following upcoming conferences:

- Global Space & Defense Tech Summit, Nov. 18 – Management will present and participate in investor

meetings.

- UBS Global Technology and AI Conference, Nov. 30 – Management will participate in investor meetings.

About Voyager Technologies

Voyager Technologies is a defense technology and space solutions company that enables mission-ready systems that secure today and power what's next for the U.S. and partner nations. From propulsion and energetics to advanced electronics, mission management and space exploration, Voyager delivers capabilities that protect national security, reinforce the industrial base and expand human presence beyond Earth. Cautionary Statement Concerning Forward-Looking Statements

This press release contains "forward-looking statements." All statements, other than statements of historical fact, including those with respect to Voyager Technologies, Inc.'s mission statement and growth strategy, are "forward-looking statements." Although the Company's management believes that such forward-looking statements are reasonable, it cannot guarantee that such expectations are, or will be, correct. These forward-looking statements involve many risks and uncertainties, which could cause the Company's future results to differ materially from those anticipated. Potential risks and uncertainties include, among others, general economic conditions and conditions affecting the industries in which the Company operates; the uncertainty of regulatory requirements and approvals; and the ability to obtain necessary financing on acceptable terms or at all. Readers should not place any undue reliance on forward-looking statements since they involve these known and unknown uncertainties and other factors which are, in some cases, beyond the Company's control and which could, and likely will, materially affect actual results, levels of activity, performance or achievements. Any forward-looking statement reflects the Company's current views with respect to future events and is subject to these and other risks, uncertainties and assumptions relating to operations, results of operations, growth strategy and liquidity. The Company assumes no obligation to publicly update or revise these forward-looking statements for any reason, or to update the reasons that actual results could differ materially from those anticipated in these forward-looking statements, even if new information becomes available in the future.
