

NEWS RELEASE

Cytokinetics Announces Call For Proposals For Annual Corporate Giving Program

2025-06-10

*Program to Provide Donations to Non-Profit Organizations
Aligned with Corporate Values*

Deadline for Applications is August 4th, 2025

SOUTH SAN FRANCISCO, Calif., June 10, 2025 (GLOBE NEWSWIRE) -- Cytokinetics, Incorporated (Nasdaq: CYTK) today announced a call for proposals for its annual Cytokinetics Corporate Giving Program. The program provides charitable donations to eligible non-profit organizations in the United States to support equitable healthcare initiatives for cardiovascular disease, diversity in science education and certain essential services for local and at-risk communities.

"As we enter our second year of formalized corporate giving, we are inspired by the strong foundation we built in 2024 and look forward to expanding our impact this year," said Diane Weiser, Cytokinetics' Senior Vice President, Corporate Affairs. "This program is rooted in the power of partnering with non-profit organizations to advance a shared mission and together make a lasting difference across our corporate giving priorities with an emphasis on health equity in cardiovascular disease."

The Cytokinetics Corporate Giving Program consists of individual charitable donations up to \$20,000 for qualified 501(c)(3) organizations in the United States that are neither engaged, nor directly involved in the practice of healthcare. Specifically, the program will provide funding to organizations with initiatives focused on diversity in science education and certain essential services for local and at-risk communities in the San Francisco Bay Area and Greater Philadelphia Region. Additionally, it will support eligible organizations dedicated to health equity initiatives in cardiovascular disease across the United States. Applications may now be submitted online at https://www.cybergrants.com/Cytokinetics/corporate_giving_eligibility. The deadline to apply for the Cytokinetics Corporate Giving Program is August 4, 2025. For more information on the program, including eligibility details, guidelines and specifics, visit <https://cytokinetics.com/responsibility/grants-and-giving-programs/corporate-giving-program/>.

About Cytokinetics

Cytokinetics is a specialty cardiovascular biopharmaceutical company, building on its over 25 years of

pioneering scientific innovations in muscle biology, and advancing a pipeline of potential new medicines for patients suffering from diseases of cardiac muscle dysfunction. Cytokinetics is readying for potential regulatory approvals and commercialization of *aficamten*, a cardiac myosin inhibitor, following positive results from SEQUOIA-HCM, the pivotal Phase 3 clinical trial in patients with obstructive hypertrophic cardiomyopathy (HCM). *Aficamten* is also being evaluated in additional clinical trials enrolling patients with obstructive and non-obstructive HCM. In addition, Cytokinetics is developing *omecamtiv mecarbil*, a cardiac myosin activator, in patients with heart failure with severely reduced ejection fraction (HFrEF), CK-586, a cardiac myosin inhibitor with a mechanism of action distinct from *aficamten*, for the potential treatment of heart failure with preserved ejection fraction (HFpEF) and CK-089, a fast skeletal muscle troponin activator with potential therapeutic application to a specific type of muscular dystrophy and other conditions of impaired skeletal muscle function.
