

Pfizer's Commitment to Climate Action

September 26, 2022

Today's Discussion

This presentation includes forward-looking statements about, among other things, our performance on Environmental, Social and Governance (ESG) topics, our ESG priorities and goals, including our commitment to climate change, and company strategies and growth potential, that are subject to substantial risks and uncertainties that could cause actual results to differ materially from those expressed or implied by such statements. Please refer to Pfizer's Annual Report on Form 10-K for the year ended December 31, 2021, and Pfizer's subsequent reports on Form 10-Q, including the sections thereof captioned "Risk Factors" and "Forward-Looking Information and Factors That May Affect Future Results," as well as Pfizer's subsequent reports on Form 8-K for a description of the substantial risks and uncertainties related to the forward-looking statements included in this presentation. These reports are available on our website at www.pfizer.com and on the U.S. Securities and Exchange Commission's (SEC) website at www.sec.gov. The forward-looking statements in this presentation speak only as of the original date of this presentation, and we undertake no obligation to update or revise any of these statements, except as required by law or the rules and regulations of the SEC."

Our Climate Action Goals

From our 2019 baseline, we aim to deliver:

2025

10% reduction in Greenhouse Gas (GHG) emissions associated with upstream transportation and distribution

25% reduction in GHG emissions associated with business travel

64% of suppliers (by spend) with science aligned goals

2030

46% reduction in GHG emissions from our internal sites & sales fleet

100% of procured electricity from renewable sources

2040

95% reduction in company (Scope 1 & 2) GHG emissions

90% reduction in value chain (Scope 3) GHG emissions

Global Environment, Health & Safety
