8/29/2022

94 percent of MultiPlan employees say that people of all cultures, abilities, and backgrounds are respected and valued at MultiPlan

NEW YORK--(BUSINESS WIRE)-- **MultiPlan Corporation** (NYSE:MPLN) ("MultiPlan" or the "Company"), a market-leading, technology-enabled provider of end-to-end healthcare cost management solutions, announced today its designation as a **Great Place to Work-Certified™** company for 2022-2023.

This distinction is based entirely on what current employees say about their experiences working at MultiPlan and the Company's philosophy for operating with trust, transparency, and integrity at every level of the organization. The Great Place to Work Certification™ is the global benchmark for identifying workplace satisfaction, and is sought after worldwide with more than 10,000 companies across 60 countries applying each year.

"We are so proud to be Great Place to Work-Certified™ in our first year of working with the program. And to achieve such positive scores reflects the amazing work and character of our teams, from our interns to our executives, everyone is critical to creating the professional and caring work environment we have at MultiPlan," stated Dale White, President & CEO of MultiPlan. "It is so important to nurture a culture and environment that builds trust, fosters collaboration and places a high value on employee wellbeing, and we believe gathering feedback from our employees gives us critical insight to do this."

Findings from this year's employee survey show that 86 percent of workers said MultiPlan is a great place to work, which is 29 points higher than the average U.S.-based company. Additionally, 94 percent of staff reported that MultiPlan is committed to diversity and inclusion.

“A Great Place to Work Certification™ isn’t something that comes easily,” says Sarah Lewis-Kulin, Vice President of Global Recognition at Great Place to Work. “It’s the only official recognition determined by employees’ real-time reports of their company culture. Earning this designation means that MultiPlan is one of the best companies to work for in the country.”

MultiPlan employs over 2,500 people and more than 60 percent of employees participated in the survey, which resulted in the Great Place to Work Certification.
