Claritev Joins athenahealth's Marketplace Program to Empower Providers with Price Intelligence for Stronger Financial Outcomes

2025-07-17

MCLEAN, Va.--(BUSINESS WIRE)-- Claritev Corporation ("Claritev" or the "Company") (NYSE: CTEV), a healthcare technology, data and insights company focused on making healthcare more affordable, transparent and fair for all, today announced an agreement with **athenahealth**, Inc. through the company's award-winning **athenahealth® Marketplace** program. Now available to athenahealth's growing network of healthcare providers, the newly integrated CompleteVue™ enables financial impact through the power of publicly available price transparency data, actionable insights and powerful analytics. The athenahealth Marketplace empowers athenahealth customers to easily discover and implement solutions that meet their unique needs, fostering a more efficient and patient-centered approach to care.

CompleteVue™ transforms complex price transparency data into negotiating power by:

- Delivering comprehensive market and rate analyses
- Providing real-time pricing simulations to predict revenue impact through a Revenue Impact Simulator
- Offering clinical normalization and proprietary Data Usability Ratings for confident data-driven insights
- Strengthening financial performance through the combination of market analytics and insights as well as collaboration with dedicated provider experts

"CompleteVue combines publicly available data, technology and deep expertise to deliver insights and powerful data analytics," said Travis Dalton, Chairman, CEO and President of Claritev. "This unique offering will bring much needed transparency to an opaque market and empowers healthcare organizations to optimize revenue while reducing costs. CompleteVue will deliver real and meaningful data analytics to help ensure optimal contract

performance.”

CompleteVue addresses critical challenges that healthcare providers face in contract negotiations by combining expansive, clean, and publicly available data with unparalleled analytics and data science expertise. This unique approach enables providers to identify impactful opportunities, insights, and clarity into their market position to strengthen their negotiation strategies with data-backed confidence. The availability of this powerful platform on the athenahealth Marketplace will make the transformative potential of public price transparency data and insights far more accessible to a whole new group of healthcare providers.

As a new Marketplace partner, Claritev joins an expansive, open ecosystem that enables integration with third-party applications, services, and systems to make innovative solutions available to more than 160,000 providers on the athenaOne network. The Marketplace allows athenaOne customers the ability to access and efficiently integrate with solutions that augment the functionality of the athenaOne platform, helping providers and administrators eliminate friction for patients while working to improve practice outcomes and financial performance.
