

## **Ambiq to Participate in the UBS Global Technology and AI Conference 2025**

**AUSTIN, Texas**, November 20, 2025 — Ambiq Micro, Inc. (“Ambiq”) (NYSE: AMBQ), a technology leader in ultra-low-power semiconductor solutions for edge AI, today announced that company management is scheduled to participate and host investor meetings at the UBS Global Technology and AI Conference 2025.

Details of the presentation can be found below.

**Presenter:** Scott Hanson, Chief Technology Officer and Founder

**Date:** 12/03/2025

**Time:** 4:15 p.m. MST

A live audio webcast of the presentation will be available in the investor relations section of the Company's website at <https://ir.ambiq.com>. Replays of the audio webcasts will be available for 180 days following the conference.

### **About Ambiq Micro**

Headquartered in Austin, Texas, Ambiq's mission is to enable intelligence (artificial intelligence (AI) and beyond) everywhere by delivering the lowest power semiconductor solutions. Ambiq enables its customers to deliver AI compute at the edge where power consumption challenges are the most severe. Ambiq's technology innovations, built on the patented and proprietary subthreshold power optimized technology (SPOT®), fundamentally deliver a multi-fold improvement in power consumption over traditional semiconductor designs. Ambiq has powered over 280 million devices to date. For more information, visit [www.ambiq.com](http://www.ambiq.com).
