

NEWS RELEASE

Ambiq Honored as Bronze Stevie Award Winner in 2023 American Business Awards

2023-05-26

Ambiq®, a leading developer of ultra-low-power semiconductor solutions that deliver a multifold increase in energy efficiency, was named winner of a Bronze Stevie® Award in the 21st annual American Business Awards®. The company captured the bronze statuette for Most Innovative Tech Company of the Year – Up to 2,500 Employees.

Ambiq was recognized for its innovative Sub-threshold Power Optimized Technology (SPOT®) platform, enabling a diverse portfolio of ultra-low power semiconductor solutions to drive a healthier, cleaner, and more productive world. Our solutions are used in over 200 million devices across wearables, industrial, smart homes, smart buildings, and automotive end markets as energy efficiency has become both a business and environmental imperative.

More than 3,700 nominations from organizations of all sizes and in virtually every industry were submitted this year for consideration in a wide range of categories, including Startup of the Year, Executive of the Year, Best New Product or Service of the Year, Marketing Campaign of the Year, Thought Leader of the Year, and App of the Year, among others. Ambiq was nominated as Most Innovative Tech Company of the Year category for companies with up to 2,500 employees.

“It is a great honor to be recognized once again by the American Business Awards,” said Charlene Wan, VP of Branding, Marketing, and Investor Relations at Ambiq. “Our team members are very passionate about innovation as we continue our mission of enabling the intelligence in all edge devices.”

The American Business Awards are the U.S.A.’s premier business awards program. All organizations operating in

the U.S.A. are eligible to submit nominations – public and private, for-profit and non-profit, large and small.

More than 230 professionals worldwide participated in the judging process to select this year's Stevie Award winners.

"It is very gratifying for us to be able to recognize the achievements of such a wide variety of organizations, teams, and individuals in the 21st ABAs, and we look forward to bringing them together in New York on June 13 to celebrate with them," said Maggie Miller, president of the Stevie Awards.

Details about The American Business Awards and the list of 2023 Stevie winners are available at www.StevieAwards.com/ABA.

About Ambiq

Ambiq's mission is to develop the lowest-power semiconductor solutions to enable intelligent devices everywhere by developing the lowest-power semiconductor solutions to drive a more energy-efficient, sustainable, and data-driven world. Ambiq has helped leading manufacturers worldwide develop products that last weeks on a single charge (rather than days), while delivering a maximum feature set in compact industrial designs. Ambiq's goal is to take Artificial Intelligence (AI) where it has never gone before in mobile and portable devices, using Ambiq's advanced ultra-low power system on chip (SoC) solutions. Ambiq has shipped more than 200 million units as of March 2023. For more information, visit www.ambiq.com.

About the Stevie Awards

Stevie Awards are conferred in eight programs: the Asia-Pacific Stevie Awards, the German Stevie Awards, the Middle East & North Africa Stevie Awards, The American Business Awards, The International Business Awards®, the Stevie Awards for Women in Business, the Stevie Awards for Great Employers, and the Stevie Awards for Sales & Customer Service. Stevie Awards competitions receive more than 12,000 entries each year from organizations in more than 70 nations. Honoring organizations of all types and sizes and the people behind them, the Stevies recognize outstanding performances in the workplace worldwide. Learn more about the Stevie Awards at www.StevieAwards.com.
