Ambiq Welcomes Michele Connors as General Counsel to Support Continued Growth

2026-01-13

AUSTIN, TX, January 13, 2026 – Ambiq Micro, Inc. (“Ambiq®”), a technology leader in ultra-low-power semiconductor solutions for edge AI, today announced the appointment of Michele Connors as General Counsel, effective immediately.

A graduate of Stanford Law School, Connors brings more than 20 years of legal experience advising both startup and established technology companies. Prior to joining Ambiq, she held senior in-house roles at Cirrus Logic and Dell Technologies as well as serving as litigation counsel at respected law firms.

“Michele brings an exceptional combination of deep legal expertise, technology industry experience, and strategic leadership to Ambiq,” says Fumihide Esaka, CEO of Ambiq. “As we scale our ultra-low-power edge AI solutions worldwide, Michele’s proven track record will help ensure we innovate responsibly while supporting our long-term growth and mission.”

“I’m excited to join Ambiq at such a pivotal time in the company’s growth,” said Michele Connors, General Counsel of Ambiq. “Ambiq’s leadership in ultra-low-power edge AI presents a unique opportunity to advance innovation responsibly. I look forward to partnering with the executive team and Board to support the company’s global expansion while strengthening its intellectual property, governance, and compliance foundations.”

About Ambiq

Headquartered in Austin, Texas, Ambiq’s mission is to enable intelligence (artificial intelligence (AI) and beyond)

everywhere by delivering the lowest power semiconductor solutions. Ambiq enables its customers to deliver AI compute at the edge where power consumption challenges are the most severe. Ambiq's technology innovations, built on the patented and proprietary subthreshold power-optimized technology (SPOT®), fundamentally deliver a multi-fold improvement in power consumption over traditional semiconductor designs. Ambiq has powered over 280 million devices to date. For more information, visit www.ambiq.com.
