New Milestone on Eyeglasses Revenue Driven by Strong Traction in New Collections and Returning Customers

VANCOUVER, BC, Nov. 21, 2023 /CNW/ - **Kits Eyecare Ltd.** (TSX: KITS) ("KITS" or the "Company"), a leading vertically integrated eyecare provider, today announced a record week in eyeglasses revenue in the week leading into Black Friday.

One of the key drivers behind the record results was the strong performance in recently launched collections, including the LYKKE Titanium Rimless Collection, the PRIMO Layered Acetate collection, and McNelly Full-Rim Metal Collection. Additionally, there were a record number of returning eyeglasses customers, with many purchasing multiple pairs.

"It's been an incredible start to holiday," said Roger Hardy, co-founder and CEO of KITS. "The strength of our new eyeglasses collections and the record number of returning eyeglasses customers suggests the quality of our product and the quality of our experience is resonating in the market. We expect this momentum to continue as we welcome both new and returning customers to KITS throughout the important holiday season. We look forward to updating stakeholders at the end of the quarter on details of this new milestone."

At the end of Q3, KITS offered 1,950 unique styles of eyeglasses with over 260,000 frames in stock. Eyeglasses are made at the Company's on-shore, automated optical lab on the west coast and shipped out to customers throughout North America, often in one day.
