Chartwell is a real estate investment trust which indirectly owns and operates a complete range of seniors housing communities from independent supportive living ("ISL") through assisted living ("AL") to long-term care ("LTC"). It is one of the largest participants in the seniors housing business in North America. Chartwell's aim is to capitalize on the strong demographic trends present in its markets to maximize the value of its existing portfolio of seniors housing communities, and prudently avail itself of opportunities to grow internally and through accretive acquisitions.

Chartwell's Distribution Reinvestment Plan (DRIP) allows Unitholders to have their monthly cash distributions used to purchase units without incurring commission or brokerage fees, and receive bonus units equal to 3% of their monthly cash distributions. Forward Looking Information

This press release contains forward-looking information that reflects the current expectations, estimates and projections of management about the future results, performance, achievements, prospects or opportunities for Chartwell and the seniors housing industry. The words "plans", "expects", "does not expect", "is expected", "budget", "scheduled", "estimates", "intends", "anticipates", "does not anticipate", "projects", "believes" or variations of such words and phrases or statements to the effect that certain actions, events or results "may", "will", "could", "would", "might", "occur", "be achieved" or "continue" and similar expressions identify forward-looking statements. Forward-looking statements are based upon a number of assumptions and are subject to a number of known and unknown risks and uncertainties, many of which are beyond our control, and that could cause actual results to differ materially from those that are disclosed in or implied by such forward-looking statements.

This forward-looking information represents our views as of the date of this press release and such information should not be relied upon as representing our views as of any date subsequent to the date of this document. We have attempted to identify important factors that could cause actual results, performance or achievements to vary from those current expectations or estimated expressed or implied by the forward-looking information. Non-CGAAP Measures

Funds from Operation ("FFO"), Adjusted Funds from Operations ("AFFO") and Net Operating Income ("NOI") are not measures recognized under Canadian generally accepted accounting principles ("CGAAP") and do not have a standardized meaning prescribed by CGAAP. They are presented because management believes these non-CGAAP measures are relevant measures of Chartwell's performance. FFO, AFFO and NOI as computed by Chartwell may differ from similar computations as reported by other issuers and, accordingly, may not be comparable to those reported by such issuers. Chartwell's Q3 2010 MD&A contains a reconciliation of Net Income/Loss to FFO and the calculation of AFFO for the three and nine-months period ended September 30, 2010 and 2009. Detailed descriptions of these terms are contained in Chartwell's 2009 MD&A, available at **www.sedar.com**.
