Part II Organizational Action Attach additional statements if needed. See back of form for additional questions.

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ► Whitestone REIT is organized and operates as a Real Estate Investment Trust (REIT) as defined under Section 856(a) of the Code. Pursuant to Section 857(a)(1) of the Code, Whitestone REIT is required to distribute 90% of its REIT taxable income during each taxable year for which it has elected to be a REIT. As of December 31, 2020, Whitestone REIT had elected to be taxed as a REIT in accordance with Section 856(c)(1) of the Code. As of December 31, 2020, Whitestone REIT had one class of common stock for which distributions of cash were made that resulted in an adjustment to the basis of that stock in the hands of its respective shareholders. Distributions of cash, a portion of which are treated as a return of capital, were made on the payment dates outlined in the attached schedule. The total distributions made by Whitestone REIT to its shareholders exceeded the amount of its current year and accumulated earnings and profits as determined under Section 312 of the Code. The excess amount of these distributions is treated as a return of capital to the shareholders and, as a result, they are required to reduce their tax basis in their stock as provided in Section 301(c)(2). The dates upon which shareholders of record were measured are also identified on the attached schedule.

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ► See attached table for quantitative effect of the distributions reported as a return of capital on a per share basis. The percentage of the distributions that was a return of capital is reported to the Corporation's shareholders on their 2020 Forms 1099-DIV.

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ► The calculation for the return of capital portion of distributions made to common stock shareholders of Whitestone REIT during 2020 represents the total distributions made to Whitestone REIT common shareholders less the amount attributed to ordinary income and capital gain.
