This Quarterly Supplemental Information contains certain forward-looking statements which involve known and unknown risks, uncertainties or other factors not under the control of LXP Industrial Trust ("LXP"), which may cause actual results, performance or achievements of LXP and its subsidiaries to be materially different from the results, performance, or other expectations implied by these forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to, those discussed under the headings "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Risk Factors" in LXP's periodic reports filed with the Securities and Exchange Commission, including, but not limited to, risks related to: (1) the potential adverse impact on LXP or its tenants from the novel coronavirus (COVID-19), (2) the authorization of LXP's Board of Trustees of future dividend declarations, (3) the successful consummation of any lease, acquisition, build-to-suit, development project, disposition, financing or other transaction on the terms described herein or at all, (4) the failure to continue to qualify as a real estate investment trust, (5) changes in general business and economic conditions, including the impact of any new legislation, (6) competition, (7) increases in real estate construction costs and construction schedule delays, (8) changes in interest rates, (9) changes in accessibility of debt and equity capital markets, and (10) future impairment charges. Copies of the periodic reports LXP files with the Securities and Exchange Commission are available on LXP's web site at www.lxp.com. Forward-looking statements, which are based on certain assumptions and describe LXP's future plans, strategies and expectations, are generally identifiable by use of the words "believes," "expects," "intends," "anticipates," "estimates," "projects," "may," "plans," "predicts," "will," "will likely result," "is optimistic," "goal," "objective" or similar expressions. Except as required by law, LXP undertakes no obligation to revise those forward-looking statements to reflect events or circumstances after the occurrence of unanticipated events. Accordingly, there is no assurance that LXP's expectations will be realized.

See definitions of non-GAAP measures and reconciliations to applicable GAAP measures in this document. All information is on a consolidated basis unless noted.

SUMMARY / HIGHLIGHTS

June 30, 2022

LXP is a real estate investment trust ("REIT") focused on single-tenant industrial real estate investments. LXP has been a publicly traded REIT since 1993 (NYSE: LXP). LXP's investment strategy is focused on the acquisition and development of high quality and well-located industrial warehouse and distribution facilities.

Quarterly Highlights	Portfolio Statistics																				
- Net Income - \$0.14 per diluted common share - Adjusted Company FFO - \$0.17 per diluted common share - Completed 0.9 million square feet of new leases and lease extensions, raising industrial Base and Cash Base Rents by 21.3% and 18.7% - Acquired a warehouse/distribution facility for a cost of \$59.1 million - Acquired an aggregate of 60 acres of developable land in the Atlanta, GA and Indianapolis, IN markets for an aggregate investment of \$2.6 million - Commenced development of two warehouse/distribution facilities in the Central Florida market - Invested an aggregate of \$52.6 million in six ongoing development projects - Disposed of three properties for an aggregate gross distribution price of \$55.1 million - Net Debt to Adjusted EBITDA ratio was 6.8x at quarter end (6.1x including forward common share sales contracts)	<table><tr><td># of Properties:</td><td>121</td></tr><tr><td># of States:</td><td>22</td></tr><tr><td>Square Footage:</td><td>55.0 million</td></tr><tr><td>Ongoing Development Projects:</td><td>6</td></tr><tr><td>Stabilized Portfolio % Leased:</td><td>98.9%</td></tr><tr><td># of Leases:</td><td>146</td></tr><tr><td>% Industrial:</td><td>98.9%</td></tr><tr><td>Weighted-Average Lease Term (ABR):</td><td>6.3 years</td></tr><tr><td>Weighted-Average Age:</td><td>9.6 years</td></tr><tr><td>Developable Land:⁽¹⁾</td><td>637 acres</td></tr></table>	# of Properties:	121	# of States:	22	Square Footage:	55.0 million	Ongoing Development Projects:	6	Stabilized Portfolio % Leased:	98.9%	# of Leases:	146	% Industrial:	98.9%	Weighted-Average Lease Term (ABR):	6.3 years	Weighted-Average Age:	9.6 years	Developable Land: ⁽¹⁾	637 acres

Footnotes

- 1 Based on CoStar.com inventory data.
- 2 Square footage leased or available.
- 3 Property includes four warehouses (252,351 square feet each) and one other property (25,066 square feet).
- 4 Lease reclassified as a sales-type lease as tenant exercised purchase option and the tenant purchased the property subsequent to quarter end.
- 5 Represents percent leased as of 6/30/2022.
- 6 Multi-tenant properties are properties less than 50% leased to a single tenant.
- 7 The multi-tenanted / vacant Stabilized Portfolio properties incurred approximately \$1.4 million in operating expenses, net for the six months ended 6/30/2022.
- 8 LXP has a 71.1% interest in this property.
- 9 Percent leased is for Stabilized Portfolio at 6/30/2022.
- 10 Interest rates range from 0.25% to 5.4% at 6/30/2022.
- 11 All debt is cross-collateralized and cross-defaulted.
- 12 All debt is cross-collateralized and cross-defaulted.
- 13 Property held for sale at 6/30/2022.
- 14 Property sold subsequent to 6/30/2022.
- 15 Subsequent to 6/30/2022, lease extended to 2/28/2026.
- 16 Subsequent to 6/30/2022, remaining space leased for a 62 month term.

Assets less than 70% leased / Other		188
NOI for NAV	\$	<u>117,208</u>

Footnotes

(1) NOI for the existing property portfolio at June 30, 2022, includes two quarters of annualized NOI for non-commenced leases and leases with free rent periods (excludes NOI related to assets undervalued by a capitalized NOI method, assets held for sale and investment in sales-type lease). Assets undervalued by a capitalized NOI method are identified generally by under 70% leased during the period, assets placed into service and assets acquired in 2022. For assets in this category an NOI capitalization approach is not appropriate, and accordingly, LXP's net book value has been used.

(2) At cost incurred.

NON-GAAP MEASURES

DEFINITIONS

LXP has used non-GAAP financial measures as defined by the Securities and Exchange Commission Regulation G in this Quarterly Supplemental Information and in other public disclosures.

LXP believes that the measures defined below are helpful to investors in measuring our performance or that of an individual investment. Since these measures exclude certain items which are included in their respective most comparable Generally Accepted Accounting Principles ("GAAP") measures, reliance on the measures has limitations; management compensates for these limitations by using the measures simply as supplemental measures that are weighed in balance with other GAAP measures. These measures are not necessarily indications of our cash flow available to fund operations. Additionally, they should not be used as an alternative to the respective most comparable GAAP measures when evaluating LXP's financial performance or cash flow from operating, investing, or financing activities or liquidity.

Definitions:

Adjusted EBITDA: Adjusted EBITDA represents EBITDA (earnings before interest, taxes, depreciation and amortization) modified to include other adjustments to GAAP net income for gains on sales of properties, impairment charges, debt satisfaction gains (losses), net, non-cash charges, net, straight-line adjustments, non-recurring charges and adjustments for pro-rata share of non-wholly owned entities. LXP's calculation of Adjusted EBITDA may not be comparable to similarly titled measures used by other companies. LXP believes that net income is the most directly comparable GAAP measure to Adjusted EBITDA.

Annualized Cash Base Rent ("ABR"): Annualized Cash Base Rent is calculated by multiplying the current monthly Cash Base Rent by 12. For leases in free rent periods or that were signed prior to the end of the quarter but have not commenced, the first Cash Base Rent payment is multiplied by 12. LXP believes ABR provides a meaningful indication of an investment's ability to fund cash needs.

Annualized Base Rent: Annualized Base rent is calculated by multiplying the current monthly Base Rent by 12. For leases signed prior to the end of the quarter but have not commenced, the first Base Rent is multiplied by 12. LXP believes Annualized Base Rent provides a meaningful measure to the net lease structure of the portfolio.

Base Rent: Base Rent is calculated by making adjustments to GAAP rental revenue to exclude billed tenant reimbursements and lease termination income and to include ancillary income. Base Rent excludes reserves/write-offs of deferred rent receivable, as applicable. LXP believes Base Rent provides a meaningful measure due to the net lease structure of leases in the portfolio.

Cash Base Rent: Cash Base Rent is calculated by making adjustments to GAAP rental revenue to remove the impact of GAAP required adjustments to rental income such as adjustments for straight-line rents related to free rent periods and contractual rent increases. Cash Base Rent excludes billed tenant reimbursements and lease termination income and includes ancillary income. LXP believes Cash Base Rent provides a meaningful indication of an investment's ability to fund cash needs.

NON-GAAP MEASURES

DEFINITIONS

Company Funds Available for Distribution ("FAD"): FAD is calculated by making adjustments to Adjusted Company FFO (see below) for (1) straight-line adjustments, (2) lease incentive amortization, (3) amortization of above/below market leases, (4) lease termination payments, net, (5) non-cash interest, (6) non-cash charges, net, (7) capitalized interest and internal costs, (8) cash paid for second generation tenant improvements, and (9) cash paid for second generation lease costs. Although FAD may not be comparable to that of other real estate investment trusts ("REITs"), LXP believes it provides a meaningful indication of its ability to fund cash needs. FAD is a non-GAAP financial measure and should not be viewed as an alternative measurement of operating performance to net income, as an alternative to net cash flows from operating activities or as a measure of liquidity.

First Generation Costs: Represents cash spend for tenant improvements and leasing costs for in-service development projects and expenditures contemplated at acquisition for recently acquired properties. Because all companies do not calculate First Generation Costs the same way, LXP's presentation may not be comparable to similarly titled measures of other companies.

Funds from Operations ("FFO") and Adjusted Company FFO: LXP believes that Funds from Operations, or FFO, which is a non-GAAP measure, is a widely recognized and appropriate measure of the performance of an equity real estate investment trust ("REIT"). LXP believes FFO is frequently used by securities analysts, investors and other interested parties in the evaluation of REITs, many of which present FFO when reporting their results. FFO is intended to exclude GAAP historical cost depreciation and amortization of real estate and related assets, which assumes that the value of real estate diminishes ratably over time. Historically, however, real estate values have risen or fallen with market conditions. As a result, FFO provides a performance measure that, when compared year over year, reflects the impact to operations from trends in occupancy rates, rental rates, operating costs, development activities, interest costs and other matters without the inclusion of depreciation and amortization, providing perspective that may not necessarily be apparent from net income.

The National Association of Real Estate Investment Trusts, or NAREIT, defines FFO as "net income (calculated in accordance with GAAP), excluding depreciation and amortization related to real estate, gains and losses from the sales of certain real estate assets, gains and losses from change in control and impairment write-downs of certain real estate assets and investments in entities when the impairment is directly attributable to decreases in value of depreciable real estate held by the entity. The reconciling items include amounts to adjust earnings from consolidated partially-owned entities and equity in earnings of unconsolidated affiliates to FFO." FFO does not represent cash generated from operating activities in accordance with GAAP and is not indicative of cash available to fund cash needs.

LXP presents FFO available to common shareholders and unitholders - basic and also presents FFO available to all equityholders and unitholders - diluted on a company-wide basis as if all securities that are convertible, at the holder's option, into LXP's common shares, are converted at the beginning of the period. LXP also presents Adjusted Company FFO available to all equityholders and unitholders - diluted which adjusts FFO available to all equityholders and unitholders - diluted for certain items which we believe are not indicative of the operating results of LXP's real estate portfolio. LXP believes this is an appropriate presentation as it is frequently requested by security analysts, investors and other interested parties. Since others do not calculate these measures in a similar fashion, these measures may not be comparable to similarly titled measures as reported by others. These measures should not be considered as an alternative to net income as an indicator of LXP's operating performance or as an alternative to cash flow as a measure of liquidity.

NON-GAAP MEASURES

DEFINITIONS

Net Operating Income (NOI): NOI is a measure of operating performance used to evaluate the individual performance of an investment. This measure is not presented or intended to be viewed as a liquidity or performance measure that presents a numerical measure of LXP's historical or future financial performance, financial position or cash flows. LXP defines NOI as operating revenues (rental income (less GAAP rent adjustments and lease termination income, net) and other property income) less property operating expenses. Other REITs may use different methodologies for calculating NOI, and accordingly, LXP's NOI may not be comparable to that of other companies. Because NOI excludes general and administrative expenses, interest expense, depreciation and amortization, acquisition-related expenses, other nonproperty income and losses, and gains and losses from property dispositions, it provides a performance measure that, when compared year over year, reflects the revenues and expenses directly associated with owning and operating commercial real estate and the impact to operations from trends in occupancy rates, rental rates, and operating costs, providing a perspective on operations not immediately apparent from net income. LXP believes that net income is the most directly comparable GAAP measure to NOI.

Same-Store NOI: Same-Store NOI represents the NOI for consolidated properties that were owned, stabilized and included in our portfolio for two comparable reporting periods. As Same-Store NOI excludes the change in NOI from acquired and disposed of properties, it highlights operating trends such as occupancy levels, rental rates and operating costs on properties. Other REITs may use different methodologies for calculating Same-Store NOI, and accordingly, LXP's Same-Store NOI may not be comparable to other REITs. Management believes that Same-Store NOI is a useful supplemental measure of LXP's operating performance. However, Same-Store NOI should not be viewed as an alternative measure of LXP's financial performance since it does not reflect the operations of LXP's entire portfolio, nor does it reflect the impact of general and administrative expenses, acquisition-related expenses, interest expense, depreciation and amortization costs, other nonproperty income and losses, the level of capital expenditures and leasing costs necessary to maintain the operating performance of LXP's properties, or trends in development and construction activities which are significant economic costs and activities that could materially impact LXP's results from operations. LXP believes that net income is the most directly comparable GAAP measure to Same-Store NOI.

Second Generation Costs: Represents cash spend for tenant improvements and leasing costs to maintain revenues at existing properties and are a component of the FAD calculation. LXP believes that second generation building improvements represent an investment in existing stabilized properties.

Stabilized Portfolio: All real estate properties other than acquired or developed properties that have not achieved 90% occupancy within one-year of acquisition or substantial completion.
